Their challenge is to deliver the kind of instruction and support best suited to the teachers they work with and most likely to help those teachers improve the literacy of their students. In *Differentiated Literacy Coaching* Mary Catherine Moran presents a solution for meeting the diverse needs of literacy coaches and their charges. The heart of the book is an exploration of the Literacy Coaching Continuum, a series of professional learning formats that coaches can use singularly or in combination to design and deliver the most effective, most appropriate support. Collaborative Resource Management, Literacy Content Presentations, Focused Classroom Visits, Coplanning, Study Groups, Demonstration Lessons, Peer Coaching, Coteaching. Moran reviews the key considerations school leaders and literacy coaches must keep in mind when determining program focus and scope, describes the roles, responsibilities, and procedures involved in each coaching format, and offers guidelines based on research findings, exemplary coaching programs, and insights from her nearly 30 years as an educator. Readers will also find more than a dozen modules for coaches' professional development, including recommended materials and step-by-step procedures to help both new and experienced coaches expand their expertise. An extensive collection of print and online resources further enhances the book's usefulness for anyone interested in learning more about establishing or improving a literacy coaching program.

This invaluable book, the first stand-alone guide on the topic, presents reliable, research-supported guidelines and procedures for K-6 teachers to use in the classroom. Through practical tips and realistic examples, the book demonstrates time-saving ways to implement and adapt a wide range of existing assessments rather than creating new ones. Also covered are strategies for conducting multiliteracy assessments, using classroom assessment to complement standardized testing, accommodating response to intervention mandates, and linking assessment to content-area instruction.
