Using Japanese A Guide To Contemporary Usage:

Using Japanese William McClure, 2000-11-09 This book first published in 2000 is a guide to Japanese usage for students who have already acquired the basics of the language and wish to extend their knowledge Unlike conventional grammars it gives special attention to those areas of vocabulary and grammar which cause most difficulty to English speakers Careful consideration is given throughout to questions of style register and politeness which are essential to achieving an appropriate level of formality or informality in writing and speech There are also sections dealing with a selection of common social rituals such as greetings introductions and apologies Clear readable and easy to consult via its two indexes this is an essential reference for learners seeking access to the finer nuances of the Japanese language Using German Vocabulary

Sarah M. B. Fagan, 2004-05-27 This textbook provides a comprehensive and thematically structured vocabulary for students of German Designed for all but the very beginning levels of undergraduate study it offers a broad range of vocabulary and is divided into 20 manageable units dealing with the physical social cultural economic and political world The word lists are graded into three levels that reflect difficulty and likely usefulness and are accompanied by extensive exercises and activities designed to reinforce work done with the lists and to increase students competence in using the vocabulary Suitable for both classroom teaching and private study the exercises also make use of authentic German texts enabling students to work with the vocabulary in context Clearly organized and accessible Using German Vocabulary is designed to meet the needs of a variety of courses at multiple stages of any undergraduate programme *Essential Japanese Grammar* Masahiro

Tanimori, Eriko Sato, 2013-02-08 *Essential Japanese Grammar* is an indispensable study guide for students of the Japanese language at all levels Long the standard in Japanese language education it provides clear jargon free explanations of how Japanese grammar works and offers hundreds of example sentences An essential handbook for self study or the classroom students will find that a strong foundation in grammar is vital to those wishing to learn Japanese *Essential Japanese Grammar* presents many unique features First grammatical terminology has been kept to a minimum so that extensive prior knowledge of grammar is not required Second abundant example sentences are written in Japanese characters kana and kanji followed by romanji and English translations Third the authors have tried to reveal aspects of grammar that may not be found in comparable grammar books such as rare Japanese verbs adjectival nouns clauses adverbs etc This Japanese grammar book contains Parts of speech Sentence constructions Conjugations forms Speech styles and tones Accentuation rules Essential words and functional elements An appendix for referencing and cross referencing Japanese words **Using**

Arabic Mahdi Alish, 2005-06-30 *Using Arabic* is a guide to Arabic usage for students who have already acquired the basics of the language and wish to extend their knowledge Focusing mainly on Modern Standard Arabic it is divided into three clear sections on varieties of Arabic grammar and vocabulary *Varieties of Arabic* describes the linguistic situation in the Arab world showing students variations in register through the use of authentic texts The vocabulary section is designed not only

to expand students knowledge of Arabic words but also to show them which words are most current and which are appropriate to different registers The final chapter provides an overview of Arabic grammar giving many modern day examples and highlighting common errors Clear readable and easy to consult Using Arabic will prove an invaluable reference for students seeking to improve their fluency and confidence in Arabic Using Chinese Synonyms Grace Qiao Zhang,2010-04-08 Using Chinese Synonyms is an essential reference book specifically designed for non native speakers of Chinese and for teachers and other language professionals who want a user friendly guide to the finer nuances of Chinese synonyms It contains approximately 1700 synonyms in 316 groups With the particular needs of non native speakers of Chinese in mind this invaluable book selects and explains words and phrases in everyday use allowing students to enhance their knowledge of one of the most important and widely spoken languages in the world This book assists in the development of fluent spontaneous and skilful use of Chinese synonyms Using Russian Synonyms Terence Wade,Nijole White,2004-01-28 This book designed for students who have already developed a basic competence in Russian aims to broaden and improve their vocabulary by providing detailed information on groups of Russian words with related meanings It is invaluable as a guide to finding the right word for the context In order to enhance understanding of the structure of the Russian vocabulary groups of synonyms are organised under Russian rather than English headwords All entries are accompanied by examples of usage and English glosses and there are two indexes allowing users quickly to locate words in Russian or English The book takes full account of register variation indicating the degree of formal or informal use It is an essential reference for college students and undergraduates as well as teachers and other professional linguists seeking access to the finer nuances of the Russian language Japanese Linguistics in Use Toshiko Yamaguchi,2025-10-02 Introducing readers to all key areas of Japanese linguistics this book brings the theory to life through a range of real world examples of texts and materials that students might encounter in contemporary Japan Throughout the author introduces readers to linguistic notions supporting them to further their understanding of the forms and functions of the language as well as increasing familiarity with social and cultural aspects via examples from manga newspapers food packaging light novels and more Combining and building on the very best of Japanese Linguistics and Japanese Language in Use this book covers Writing systems Vocabulary strata Word and sentence structures and meanings Figurative language Language and culture Speech and thought It also contains a wealth of new examples not explored in the previous volumes texts translated from English to Japanese and additional resources including a companion website hosting translations quizzes and commentaries to the book s activities Japanese Language in Use Toshiko Yamaguchi,2007-10-13 Introduces pragmatics discourse language and culture in the Japanese context It covers Language in context Japanese in conversation Honorifics and politeness Language and gender and Young people s language Using Arabic Synonyms Dilworth Parkinson,2006 An essential guide to Arabic synonyms designed to help students broaden and improve their vocabulary Learning Japanese

for Real Senko K. Maynard,2011-03-02 Concise descriptions of grammar use and genres make Learning Japanese for Real indispensable for adult learners of the language The volume presents a holistic view of the knowledge required for proficiency in Japanese Following introductory chapters on the language s background sound system and scripts word types and grammatical categories it introduces readers to simple then complex sentences A chapter on emotive expressions contains highly useful entries on attitudinal adverbs exclamatory phrases interjections and rhetorical questions all of which carry emotive meanings Learning Japanese for Real then goes beyond grammar to discuss how the language is used in interaction The author discusses communication strategies such as requesting apologizing and inviting as well how to interact when participating in a conversation with behaviors such as hand signals bowing and nodding She considers metaphor tautology puns and the lingering effect of yojoo before addressing the organization of Japanese discourse including the four part organizational principle of ki shoo ten ketsu and the structure of staging The final sections feature authentic examples of popular culture discourse from manga television advertising magazines and cell phone novels and a host of practical suggestions methods tools resources for learning Japanese Learning Japanese for Real will become an key source for Japanese language students during their elementary intermediate and advanced training As an essential anthology of grammar use and genres of the Nihongo world teachers of Japanese will also find it invaluable
