Utopia As Method The Imaginary Reconstitution Of Society

Glenn Negley, John Max Patrick

Utopia As Method The Imaginary Reconstitution Of Society:

Utopia as Method R. Levitas, 2013-07-25 Utopia should be understood as a method rather than a goal This book rehabilitates utopia as a repressed dimension of the sociological and in the process produces the Imaginary Reconstitution of Society a provisional reflexive and dialogic method for exploring alternative possible futures *Utopia Method Vision* Tom Moylan, Raffaella Baccolini, 2007 This collection addresses the ways in which the contributors approach their study of the objects and practices of utopianism understood as social anticipations and visions produced through texts and social experiments and of how in turn those objects and practices have shaped their intellectual work and research perspectives

Democratic Theory and Mass Incarceration Albert Dzur, Ian Loader, Richard Sparks, 2016-09-26 The United States leads the world in incarceration and the United Kingdom is persistently one of the European countries with the highest per capita rates of imprisonment Yet despite its increasing visibility as a social issue mass incarceration and its inconsistency with core democratic ideals rarely surfaces in contemporary Anglo American political theory *Democratic Theory and Mass Incarceration* seeks to overcome this puzzling disconnect by deepening the dialogue between democratic theory and punishment policy This collection of original essays initiates a multi disciplinary discussion among philosophers political theorists and criminologists regarding ways in which contemporary democratic theory might begin to think beyond mass incarceration Rather than viewing punishment as a natural reaction to crime and imprisonment as a sensible outgrowth of this reaction the volume argues that crime and punishment are institutions that reveal unmet demands for public oversight and democratic influence Chapters explore theoretical paths towards de carceration and alternatives to prison suggest ways in which democratic theory can strengthen recent reform movements and offer creative alternatives to mass incarceration *Democratic Theory and Mass Incarceration* offers guideposts for critical thinking about incarceration examining ways to rebuild crime control institutions and create a healthier more just society [Race and Utopian Desire in American](#)

[Literature and Society](#) Patricia Ventura, Edward K. Chan, 2019-10-12 Bringing together a variety of scholarly voices this book argues for the necessity of understanding the important role literature plays in crystallizing the ideologies of the oppressed while exploring the necessarily racialized character of utopian thought in American culture and society Utopia in everyday usage designates an idealized fantasy place but within the interdisciplinary field of utopian studies the term often describes the worldviews of non dominant groups when they challenge the ruling order In a time when white supremacy is reasserting itself in the US and around the world there is a growing need to understand the vital relationship between race and utopia as a resource for resistance Utopian literature opens up that relationship by envisioning and negotiating the prospect of a better future while acknowledging the brutal past The collection fills a critical gap in both literary studies which has largely ignored the issue of race and utopia and utopian studies which has said too little about race [MLA International Bibliography of Books and Articles on the Modern Languages and Literatures](#) , 2007 **Desacatos** , 2007 **The Concept of Utopia** Ruth

Levitas,1990 Probes the contested concept of utopia examining the different ways in which it has been used by commentators and theorists in both liberal and Marxist radiations The works of Karl Mannheim Georges Sorel Ernst Bloch William Morris and Herbert Marcuse are studied Annotation copyrighted by Book News Inc Portland OR **Utopianism** Krishan Kumar,1991 A text which examines the definition of utopia The author argues that it should be seen within its cultural and historical context as a Western tradition of social and political thought rather than as a vague universal paradise **The Revival of Political Imagination** Teppo Eskelinen,2020-07-23 The Revival of Political Imagination offers a unique examination of the methodological aspects of utopia Discussing utopia as a tool for social criticism method and imaginative spaces rather than in terms of its content this volume analyses the function of utopias to develop utopias as methodology and to show how instrumental utopian modes of thought can be in such diverse fields such as education labour and housing Including discussions of traditional and contemporary utopias as well as various forms of expression of utopian hope from literature to social science and cultural practices The Revival of Political Imagination is both analytical and practical in its elucidation of how political theory can function to foster our imaginative skills *The Politics of Utopia* Barbara Goodwin,Keith Taylor,2009 Ralahine Utopian Studies is the publishing project of the Ralahine Centre for Utopian Studies University of Limerick and the University of Bologna at Forl The series editors publish scholarship that addresses the theory and practice of utopianism including Anglophone continental European and indigenous and post colonial traditions and contemporary and historical periods Especially welcome are comparative studies in any disciplinary or trans disciplinary framework **Utopia and the Ideal Society** J. C. Davis,1983-07-28 This text provides a major study for all those working in the fields of 16th and 17th century political and social thought **Utopia** Roland Schaer,New York Public Library,2000 On April 4 the Bibliotheque Nationale de France and The New York Public Library will present a major exhibition displaying more than 400 books manuscripts drawings prints maps photographs and other original material from both libraries This work is the catalog for the American exhibition Through stirring essays by Roland Schaer and other leading scholars on utopian thought the book will wxplore the long tradition of thought and art that has envisioned the perfect place moving from classical antiquity to the present It is conveniently divided into four parts I The Classical and Judeo Christian models for the Western Idea of Utopia II The Flowering of Utopian Imagination from Thomas Moore to the Enlightenment III Utopia in History and IV The Utopias and Dystopias of the 20th Century Along with a dazzling selection of paintings illuminations and other items from the Bibliotheque Nationale s noted collection of medieval and Renaissance manuscripts The New York Public Library contributions include first or important editions of seminal works of utopian thought political science history and fiction since the invention of printing As well The New York Public Library contributes beautiful illustrations from its collection of 16th century drawings of Theodore de Bry posters from the Soviet Union and the 1939 World s Fair in New York engravings from colonial times and illuminationed manuscripts Lavishly illustrated with many full color representations this

book will appeal to scholars and students of philosophy history and art in addition to general readers curious about utopian thought

Utopianism Lyman Tower Sargent, 2010-09-23 There are many debates about utopia What constitutes a utopia Are utopias benign or dangerous Is the idea of utopianism essential to Christianity or heretical What is the relationship between utopia and ideology This Very Short Introduction explores these issues and examines utopianism and its history Lyman Sargent discusses the role of utopianism in literature and in the development of colonies and in immigration The idea of utopia has become commonplace in social and political thought both negatively and positively Some thinkers see a trajectory from utopia to totalitarianism with violence an inevitable part of the mix Others see utopia directly connected to freedom and as a necessary element in the fight against totalitarianism In Christianity utopia is labelled as both heretical and as a fundamental part of Christian belief and such debates are also central to such fields as architecture town and city planning and sociology among many others Sargent introduces and summarizes the debates over the utopia in literature communal studies social and political theory and theology

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Philosophy of Utopia Barbara Goodwin, 2001 This study covers the theory history and future of utopianism the belief in an ideal society

Utopia Michael Hviid Jacobsen, Keith Tester, 2012 In addition to considering the role of social theory in the imagination of alternative futures this volume reflects on how social theory may assist us in understanding and appreciating utopia or utopianism as a special topic of interest a special subject matter a special analytical focus or a special normative dimension of sociological thinking Bringing together the latest work from a leading team of social theorists this volume will be of interest to sociologists social and political theorists anthropologists and philosophers

The Quest for Utopia Glenn Negley, John Max Patrick, 1952

Utopia Mark Stephen Jendrysik, 2020-04-09 Human beings universally dream of a better world For centuries they have expressed their yearning for ways of life that are free from oppression want and fear through philosophy art film and literature In this concise and engaging book Mark Jendrysik examines the multifarious ways utopians have posed the question of how human beings might establish justice and realize truly human values Drawing upon a range of sources from Plato's Republic and Thomas More's Utopia to Ursula Le Guin's The Dispossessed he argues that though for many utopia means demanding the impossible the goals that seemed out of reach for one generation are often realized in the next Nonetheless he shows that while utopian thought points toward our most noble aspirations it also illustrates the dangers of totalitarianism of the surveillance state and of global climate change This engaging book will be an invaluable guide for anyone seeking to understand how for good or ill utopian aspirations shape our lives even in times that seem designed to close off dreams of a better world

Utopia George Kateb, 2017-09-29 Amid the twentieth century's seemingly overwhelming problems some

thinkers dared to envisage a world order governed by utopian proposals that would eliminate or at least alleviate the evils of society and secure positive advantages for all human beings Others found this utopian optimism a hopeless fantasy and predicted a utopian order only repressiveness boredom and the impoverishment of human experience The unique gathering of articles in Utopia vividly demonstrates the tension existing between utopian ideas and their proponents and the severe criticism of their adversaries Among utopia s enthusiastic supporters B F Skinner outlines the educational practices needed to sustain his concept of utopia while Margaret Mead sets forth a bold defense of utopian vision in her article Towards More Vivid Utopias In active opposition to modern utopian idealism Ralf Dahrendorf the prominent German sociologist and politician compares utopia with a cemetery and criticizes its fixed and uneventful life and J L Talmon predicts that since utopianism postulates absolute social cohesion there is no escape from dictatorship in the utopian design Still another alternative is offered by Zbigniew Brzezinski who bases his futurist ideology on the trends of technology in the advanced countries of the world especially the United States He sees in the conscious application of technical scientific rationality by an intellectual elite the method by which the promises of modern knowledge can be made good Underscoring the fact that the utopian tradition can make us look at the real world with new eyes George Kateb the editor of Utopia clarifies the terms of this long standing debate and offers a thorough analysis of the strong utopian impetus to save the world from as much of its confusion and disorder as possible The work is an argument neither for utopian or anti utopian visions Rather it shows the possibilities of political norms in advancing the human condition in open societies

Utopia Gregory Claeys, 2020-01-09

Aspirations for a better even a perfect society have existed throughout history often imagined in intricate detail by philosophers poets social reformers architects and artists This book explores a perennially powerful idea the quest for the ideal society Gregory Claeys surveys the influence of the idea of Utopia on history Central to his exploration of ideal worlds are creation myths archetypes of heaven and the afterlife new worlds and voyages of discovery ages of revolution and technological progress model communities and kibbutzim political and ecological dystopias space travel and science fiction The most significant utopias throughout history whether envisaged or attempted are covered including visions of the ideal society in the West as well as American Asian African and the Arab worlds From classical times to the present day this compelling book traces the enduring human need to imagine and construct ideal worlds
