DuBois, Black Radical Democrat** Manning Marable,1986 Twayne s twentieth century American biography series A biography tracing the development of Du Bois as an American black intellectual who engendered a new understanding of racial issues on the part of the American public

Radicals in their Own Time Michael Anthony Lawrence,2010-11-22 *Radicals in Their Own Time* explores the lives of five Americans with lifetimes spanning four hundred years who agitated for greater freedom in America Every generation has them individuals who speak truth to power and crave freedom from arbitrary authority This book makes two important observations in discussing Roger Williams Thomas Paine Elizabeth Cady Stanton W E B Du Bois and Vine Deloria Jr First each believed that government must broadly tolerate individual autonomy Second each argued that religious orthodoxy has been a major source of society s ills and all endured serious negative repercussions for doing so The book challenges Christian orthodoxy and argues that part of what makes these five figures compelling is their willingness to pay the price for their convictions much to the lasting benefit of liberty and equal justice in America Democratic Failure Melissa Schwartzberg,Daniel Viehoff,2020-11-17 Explores the challenges facing democracies in the twenty first century In *Democratic Failure* Melissa Schwartzberg and Daniel Viehoff bring together a distinguished group of interdisciplinary scholars in political science law and philosophy to explore the key questions and challenges facing democracies both in the past and present around the world In ten timely essays contributors examine the fascinating centuries old question of whether or not democracy can ever fulfill the promise of its ideals Together they explore lessons from the history of democracy various failures of democratic representation and more Ultimately this latest installment of the NOMOS series provides thought provoking insights into how we conceptualize measure and address democratic erosion in our present day world *The Power of Love and Democracy in the Philosophies of Martin Luther King, Jr. and Cornel West* Timothy L. Lake,2025-09-18 This book locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and

Cornel West While much has been written about King's moral vision, social activism, and theology, there has been no book-length treatment of the implications of his thinking to democratic theory. Additionally, Cornel West is the leading African American public intellectual of our time, but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects. This project synthesizes West's vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois, King, Maulana Karenga, the creator of Kwanzaa, and others. Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted, as well as the Western mainstream political philosophical traditions in which they were educated, this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy. It also reflects on the nature and values of democracy, exploring how love is inseparable from justice in a democratic society.

African Intellectual Heritage Abu Shaddad Abarry, 1996 Organized by major themes such as creation stories and resistance to oppression, this collection gathers works of imagination, politics, and history, religion, and culture from many societies and across recorded time. Asante and Abarry marshal together ancient anonymous writers whose texts were originally written on stone and papyrus, and the well-known public figures of more recent times whose spoken and written words have shaped the intellectual history of the diaspora. Within this remarkably wide-ranging volume are such sources as prayers and praise songs from ancient Kemet and Ethiopia, along with African American spirituals, political commentary from C. L. R. James, Malcolm X, Mary McLeod Bethune, and Joseph Nyerere, stirring calls for social justice from David Walker, Abdias Nacimento, Frantz Fanon, and Martin Luther King Jr. Featuring newly translated texts and documents published for the first time, the volume also includes an African chronology, a glossary, and an extensive bibliography. With this landmark book, Asante and Abarry offer a major contribution to the ongoing debates on defining the African canon.

Author note: Molefi Kete Asante is Professor and Chair of African American Studies at Temple University and author of several books, including *The Afrocentric Idea*. Temple and *The Historical and Cultural Atlas of African Americans*. Abu S. Abarry is Assistant Chair of African American Studies at Temple University.
