Waarden Normen En De Last Van Het Gedrag:

Waarden, normen en de last van het gedrag, 2003 Verval van waarden en normen wordt dikwijls aangewezen als oorzaak van allerlei soorten ongewenst gedrag van algemeen gebrek aan beleefdheid tot geweld in de trein Maar wat zijn waarden en normen eigenlijk Is er in onze samenleving nog wel sprake van gemeenschappelijke waarden En geldt onze onvrede niet veeleer het gedrag van mensen eerder dan de door hen aanvaarde waarden en normen In dit rapport gaat de Wetenschappelijke Raad voor het Regeringsbeleid in op het vraagstuk van de gemeenschappelijkheid van waarden en het omgaan met uiteenlopende stelsels van waarden en normen die samenhangen met cultuurverschillen Ook wordt aandacht besteed aan de problematiek van normoverschrijdend gedrag De raad doet aanbevelingen over hoe de overheid met de lastige kwestie van waarden en normen zou moeten omgaan Bijdragen aan waarden en normen Paul de Beer, C. J. M. Schuyt, 2004 Op tal van maatschappelijke terreinen wordt gediscussieerd over waarden en normen Dient het onderwijs onze westerse waarden en normen over te dragen Hangt de criminaliteit onder allochtonen samen met een afwijkend waarden en normenpatroon Welke verantwoordelijkheid hebben de media bij de verspreiding van waarden en normen Geven ouders wel het goede voorbeeld aan hun kinderen In deze bundel geeft een reeks gerenommeerde auteurs op verzoek van de Wetenschappelijke Raad voor het Regeringsbeleid hun visie op de waarden en normen op een specifiek terrein *The Oxford Handbook of European Islam* Jocelyne Cesari, 2015 For centuries Muslim countries and Europe have engaged one another through theological dialogues diplomatic missions political rivalries and power struggles In the last thirty years due in large part to globalization and migration from Islamic countries to the West what was previously an engagement across national and cultural boundaries has increasingly become an internalized encounter within Europe itself Questions of the Hijab in schools freedom of expression in the wake of the Danish Cartoon crisis and the role of Shari'a have come to the forefront of contemporary European discourse The Oxford Handbook of European Islam is the first collection to present a comprehensive approach to the multiple and changing ways Islam has been studied across European countries Parts one to three address the state of knowledge of Islam and Muslims within a selection of European countries while presenting a critical view of the most up to date data specific to each country These chapters analyze the immigration cycles and policies related to the presence of Muslims tackling issues such as discrimination post colonial identity adaptation and assimilation The thematic chapters in parts four and five examine secularism radicalization Shari'a Hijab and Islamophobia with the goal of synthesizing different national discussion into a more comparative theoretical framework The Handbook attempts to balance cutting edge assessment with the knowledge that the content itself will eventually be superseded by events Featuring eighteen newly commissioned essays by noted scholars in the field this volume will provide an excellent resource for students and scholars interested in European Studies immigration Islamic studies and the sociology of religion Is there a God of Human Rights? Emotions, Crime and Justice Susanne Karstedt, Ian Loader, Heather Strang, 2011-04-01 The return of emotions to debates about crime and criminal justice has been a striking development of recent decades across many jurisdictions This has been registered in the return of shame to justice procedures a heightened focus on victims and their emotional needs fear of crime as a major preoccupation of citizens and politicians and highly emotionalised public discourses on crime and justice But how can we best make sense of these developments Do we need to create emotionally intelligent justice systems or are we messing recklessly with the rational foundations of liberal criminal justice This volume brings together leading criminologists and sociologists from across the world in a much needed conversation about how to recalibrate reason and emotion in crime and justice today The contributions range from the micro analysis of emotions in violent encounters to the paradoxes and tensions that arise from the emotionalisation of criminal justice in the public sphere They explore the emotional labour of workers in police and penal institutions the justice experiences of victims and offenders and the role of vengeance forgiveness and regret in the aftermath of violence and conflict resolution The result is a set of original essays which offer a fresh and timely perspective on problems of crime and justice in contemporary liberal democracies
