Wages Of Violence Naming And Identity In Postcolonial Bombay:

Wages of Violence Thomas Blom Hansen, 2018-06-05 When Bombay changed its name to Mumbai in 1995 it was the culmination of a long process that transformed India's primary symbol of modernity and cultural diversity into a site of intense ethnic conflict and violent nationalism *Wages of Violence* is a startling account of how the city's atmosphere dominant public languages and power structures have changed since the 1960s The book centers on how Shiv Sena a militant Hindu movement has advanced a new plebeian political culture and has undermined democratic rule in India's premier city Drawing on a large body of archival material and conversations with people from all walks of life Thomas Blom Hansen paints a vivid picture of this dynamic and violent movement Challenging conventional views of recent trends in Indian politics Hansen shows that the xenophobic public culture of today's Mumbai has deep roots in the region's history and its contested identities We are also given revealing insights into the city's Muslim communities and the authorities understanding and control of the ethno religious subcultures in the city Hansen argues cogently that Shiv Sena's success represents the violent possibilities of the vernacularization of democracy in India Unfolding at a juncture where the globalization of India's economy is having a deepening impact on the lives of ordinary people this is a story that resonates with the directions urban growth is taking both elsewhere in India and beyond **The Archive of Loss** Maura

Finkelstein, 2019-03-21 Mumbai's textile industry is commonly but incorrectly understood to be an extinct relic of the past In *The Archive of Loss* Maura Finkelstein examines what it means for textile mill workers who are assumed not to exist to live and work during a period of deindustrialization Finkelstein shows how mills are ethnographic archives of the city where documents artifacts and stories exist in the buildings and in the bodies of workers Workers pain illnesses injuries and exhaustion narrate industrial decline the ways in which they live in tenements exist outside and resist the values expounded by modernity and the rumors and untruths they share about textile worker strikes and a mill fire help them make sense of the industry's survival In outlining this archive's contents Finkelstein shows how mills which she conceptualizes as lively ruins become a lens through which to challenge reimagine and alter ways of thinking about the past present and future in Mumbai and beyond

Language, Identity, and Power in Modern India Riho Isaka, 2021-10-28 This book is a historical study of modern Gujarat India addressing crucial questions of language identity and power It examines the debates over language among the elite of this region during a period of significant social and political change in the late nineteenth and early twentieth centuries Language debates closely reflect power relations among different sections of society such as those delineated by nation ethnicity region religion caste class and gender They are intimately linked with the process in which individuals and groups of people try to define and project themselves in response to changing political economic and social environments Based on rich historical sources including official records periodicals literary texts memoirs and private papers this book vividly shows the impact that colonialism nationalism and the process of nation building had on the ideas of

language among different groups as well as how various ideas of language competed and negotiated with each other

Identity, Inequity and Inequality in India and China Ayo Wahlberg, 2017-07-05 This volume explores how difference is constructed manifested mobilised and obscured in socially uneven societies particularly those fuelled by neoliberal economic growth in the recent years The book approaches difference as a double edged concept that allows one to make sense of the tensions that are played out between cosmopolitan convergence and multicultural diversity between expanding middle classes and increasingly disenfranchised poor groups between the global and the local The chapters in this volume present a series of empirical explorations of how difference is articulated desired levelled governed and even subverted in the socio economically uneven landscapes of India and China They examine how difference emerges out of daily practice categorisation processes dividing practices nation building efforts and identity projects Through these empirical studies we see how difference is articulated along a number of axes differentiations of groups or persons according to hierarchies of superiority inferiority the demarcation of difference as something that is potentially disruptive and therefore in need of containment the celebration of difference as diversity and finally the ways in which difference comes to be internalised in the shaping of individual identities Another common theme that binds a number of contributions is the exploration of the role of the state in constructing and controlling these differences and the ways in which these interventions rearrange the social political landscapes This book was published as a special issue of Third World Quarterly

Feeding the City Sara Roncaglia, 2013-07-15 Every day in Mumbai 5 000 dabbawalas literally translated as those who carry boxes distribute a staggering 200 000 home cooked lunchboxes to the city's workers and students Giving employment and status to thousands of largely illiterate villagers from Mumbai's hinterland this co operative has been in operation since the late nineteenth century It provides one of the most

efficient delivery networks in the world only one lunch in six million goes astray Feeding the City is an ethnographic study of the fascinating inner workings of Mumbai's dabbawalas Cultural anthropologist Sara Roncaglia explains how they cater to the various dietary requirements of a diverse and increasingly global city where the preparation and consumption of food is pervaded with religious and cultural significance Developing the idea of gastrosemantics a language with which to discuss the broader implications of cooking and eating Roncaglia's study helps us to rethink our relationship to food at a local and global level

The Oxford Encyclopedia of the Modern World, 2008 The Encyclopedia of the Modern World delves into the period from 1750 to the present providing special attention to social economic cultural and political topics applicable to the time The breadth of knowledge offered within this multivolume

set is astounding with features spanning articles on countries regions and ethnic groups themes involving social history demography family life politics economics religion thought education science and technology and culture events such as major wars and extensive coverage of the United States Detailed articles cover not only the major facts but the interpretations as well and are written for readers who are not specialists in the particular area Enriched with over 800 halftones and 50 maps this reference work is essential for any scholar general reader collector or curator interested in this rich and varied time in history Through its fluent global coverage The Encyclopedia of Modern World provides information about and interpretation of major developments across particular regions both salient events and regional perspectives on common themes such as politics demography social class and gender Readers can explore topics that have global implications such as migration childhood and foods topics that can be viewed through a combination of global patterns and key comparisons Entries also shed light on standard geographic and ethnic units such as Scandinavia Korea or the Gypsies in the modern period The Encyclopedia presents unprecedented coverage of global processes and institutions themselves including the International Red Cross and the League of Nations Publisher **Annual Review of Anthropology** Print&online,2002-10 Thirty two collected articles reflect last year's progress in the field of anthropology Contributions from archeology biological anthropology linguistics and communication studies regional studies and socio cultural anthropology are all represented Particular attention is given to two topics childhood and the anthropology of daily life An abstract is provided for each paper and some are supported with visual displays of information including graphs charts diagrams and photographs a few in color Annotation copyrighted by Book News Inc Portland OR *Archives of Democracy* Maya Dodd,2006 **The Everyday Life of Hindu Nationalism** Shubh Mathur,2008 This is an ethnographic account of the rise of Hindu nationalism in the north Indian state of Rajasthan during the period 1990-94 It looks at the transformation of cultural meanings in everyday life that make possible the political success and the anti minority violence of the Hindu right Media and academic accounts of the Hindu right that present images of religious frenzy and fanaticism are misleading because they draw attention away from the world of the everyday and the ordinary from the homes workplaces schools and communities where the realities of Hindu nationalism are created and maintained This book takes seriously the claims of RSS activists that theirs is a cultural organization and that its main task is character building in order to answer the central question How does one comprehend the selves that are capable of the extraordinary violence witnessed in India at the turn of the millennium The patterns of anti minority violence that accompanies the rise of Hindu nationalism show that it follows not a political or economic logic but a cultural one The geographic and demographic distribution of violence maps and confirms cultural beliefs about the nation and its enemies Finally this book argues that media and academic discourses on Hindu nationalism function to produce what has been called cultural anesthesia diffusing and deflecting questions about agency and accountability while silencing the experience of the victims and excluding the cultural idioms which provide them means of

comprehension and healing
