

Wagner And The Romantic Hero

J. K. Holman

Wagner And The Romantic Hero:

Wagner and the Romantic Hero Simon Williams, 2004-06-24 Few major artists have aroused the ire and adulation of successive generations as persistently as Richard Wagner. He was the centre of controversy during his lifetime and yet when he died he was the most idolized man in Germany. The situation has not changed much since then. Simon Williams explores the reasons for this adulation and antipathy by examining an aspect that may be a fundamental cause for this radical division in the reception of Wagner's work: the phenomenon of heroism. Williams analyses this heroism as a function of Wagner's theatre and music, beginning with a definition and examination of the concept of the heroic. The book also discusses all thirteen stage works by Wagner and the phenomenon of heroism and Wagner's adaptation of the figure of the Romantic hero. Williams offers a theatrical, musical and cultural re-evaluation of one of the most enduring figures in the arts. *The Consolations of History: Themes of Progress and Potential in Richard Wagner's Gotterdammerung* Alexander Shapiro, 2019-10-16 In this book on Richard Wagner's compelling but enigmatic masterpiece *Gotterdammerung*, the final opera of his monumental Ring tetralogy, Alexander H. Shapiro advances an ambitious new interpretation which uncovers intriguing new facets to the work's profound insights into the human condition. By taking a fresh look at the philosophical and historical influences on Wagner and critically re-evaluating the composer's intellectual worldview as revealed in his own prose works, letters and diary entries, the book challenges a number of conventional views that continue to impede a clear understanding of this work's meaning. The book argues that *Gotterdammerung* and hence the Ring as a whole achieves coherence when interpreted in terms of contemporary nineteenth-century theories of progress and in particular G. W. F. Hegel's philosophies of mind and history. A central target of the book is the article of faith that has come to dominate Wagner scholarship over the years: that Wagner's encounter in 1854 with Arthur Schopenhauer's philosophy conclusively altered the final message of the Ring from one of historical optimism to existential pessimism. The author contends that Schopenhauer's uncompromising denigration of the will and denial of the possibility for human progress find no place in the written text of the Ring or in a plausible reading of the final musical setting. In its place, the author discovers in the famous Immolation Scene a celebration of mankind's inexhaustible capacity for self-improvement and progress. The author makes the further compelling case that this message of progress is communicated not through Siegfried, the traditional male hero of the drama, but through Brunnhilde, the warrior goddess who becomes a mortal woman. In her role as a battle-tested world historical prophet, she is the true revolutionary change agent of Wagner's opera, who has the strength and vision to comprehend and thereby shape human history. This highly lucid and accessible study is aimed not only at scholars and researchers in the fields of opera studies, music and philosophy and music history, but also Wagner enthusiasts and readers and students interested in the history and philosophy of the nineteenth century. **Theology of Wagner's Ring Cycle** Richard H. Bell, 2020 Vol 1 Wagner's Ring is one of the greatest of all artworks of Western civilization, but what is it all about? The power and mystery of Wagner's creation

was such that he himself felt he stood before his work as though before some puzzle. A clue to the Ring's greatness lies in its multiple avenues of self disclosure and the corresponding plethora of interpretations that over the years has granted ample scope for directors and will no doubt do so well into the distant future. One possible interpretation which Richard Bell argues should be taken seriously is the Ring as Christian theology. In this first of two volumes Bell considers among other things how the composer's Christian interests may be detected in the forging of his Ring looking at how he appropriated his sources whether they be myths and sagas, writers, poets or philosophers and considering works composed around the same time especially his Jesus of Nazareth back cover.

Richard Wagner's Women Eva Rieger, 2011. A well researched and exhaustive analysis of the role of women in Wagner's operas. Richard Wagner's music contains some of the most powerful portrayals of emotions in all opera, particularly love. Eva Rieger presents a new picture of the composer showing how the women at his side inspired him and how closely his life and art intertwined. We follow Wagner's restless hunt for the ideal woman, her appointed task being to give him shelter, warmth, inspiration, adventure and redemption all in one. He could hardly have desired anything more contradictory and this is reflected in the female characters of his operas. They are all in some way torn, faltering between their own desire for self realization and the societal constraints that impel them to sacrifice themselves for their men. Rieger bids farewell to essentialist, naturalized notions of femininity and masculinity. Her investigations are both comprehensive and convincing for she avoids the pitfalls of imposing extraneous interpretation, instead focussing keenly on the music itself.

EVA RIEGER is Professor Emeritus in Historical Musicology at the University of Bremen and lives in the principality of Liechtenstein.

The Palgrave Handbook of Steam Age Gothic Clive Bloom, 2021-02-03. By the early 1830s the old school of Gothic literature was exhausted. Late Romanticism, emphasising as it did the uncertainties of personality and imagination, gave it a new lease of life. Gothic, the literature of disturbance and uncertainty, now produced works that reflected domestic fears, sexual crimes, drug filled hallucinations, the terrible secrets of middle class marriage, imperial horror, alien invasion, occult demonism and the insanity of psychopaths. It was from the 1830s onwards that the old gothic castle gave way to the country house, drawing room, the dungeon was displaced by the sewers of the city and the villains of early novels became the familiar figures of Dr Jekyll and Mr Hyde, Dracula, Dorian Grey and Jack the Ripper. After the death of Prince Albert, 1861, the Gothic became darker, more morbid, obsessed with demonic lovers, blood sucking ghouls, blood stained murderers and deranged doctors. Whilst the gothic architecture of the Houses of Parliament and the new Puginesque churches upheld a Victorian ideal of sobriety, Christianity and imperial destiny, Gothic literature filled these new spaces with a dread that spread like a plague to America, France, Germany and even Russia. From 1830 to 1914, the period covered by this volume, we saw the emergence of the greats of Gothic literature and the supernatural from Edgar Allan Poe to Emily Bronte, from Sheridan Le Fanu to Bram Stoker and Robert Louis Stevenson. Contributors also examine the fin de siècle dreamers of decadence such as Arthur Machen, M. P. Shiel and Vernon Lee and their obsession with the occult, folklore, spiritualism.

revenants ghostly apparitions and cosmic annihilation This volume explores the period through the prism of architectural history urban studies feminism hauntology and much more Horror as Poe teaches us is the soul of the plot **Theology of Wagner's Ring Cycle II** Richard H. Bell,2021-01-01 Wagner s Ring addresses fundamental concerns that have faced humanity down the centuries such as power and violence love and death freedom and fate Further the work seems particularly relevant today addressing as it does the fresh debates around the created order politics gender and sexuality In this second of two volumes on the theology of the Ring Richard Bell argues that Wagner s approach to these issues may open up new ways forward and offer a fresh perspective on some of the traditional questions of theology such as sacrifice redemption and fundamental questions about God A linchpin for Bell s approach is viewing the Ring in the light of the Jesus of Nazareth sketches which he argues confirms that the artwork does indeed address questions of Christian theology for those inside and outside the church **Wagner Moments** J. K. Holman,2007 100 Wagner Moments Have you had one The music dramas of Richard Wagner have for the last 150 years thrilled and amazed listeners everywhere In Wagner Moments author J K Holman has assembled 100 such moments from the living and dead famous and not so famous from Charles Baudelaire to Placido Domingo musicians and non musicians Mr Holman edits these stories placing them in their biographical and historical context **My Travels with Wagner** Chris McQuaid,2020-10-22 Want a true balm for the soul My Travels with Wagner tells the story of how author Chris McQuaid s journey took him from young Irish soldier suffering from PTSD to the finest opera houses in Europe and a passion for the music of Richard Wagner The 19th century composer produced dramatic operas and musical works that greatly influenced the course of Western music I was a lover of Wagner s music long before I came to Ireland and listened for hours on the floor of my brother s flat in Putney in the early 1950s Soon afterwards I went to Bayreuth and went on going When I came to Ireland I joined the Wagner Society and met Ireland s supreme Wagnerian Chris McQuaid I left the society when he did in deep sympathy and sharing his unparalleled love and knowledge It is reflected over again in this book rich in passionate concern for Richard Wagner and his unique place in Music Bruce Arnold author and journalist **The Cambridge Companion to Wagner** Thomas S. Grey,2008-09-11 Richard Wagner is remembered as one of the most influential figures in music and theatre but his place in history has been marked by a considerable amount of controversy His attitudes towards the Jews and the appropriation of his operas by the Nazis for example have helped to construct a historical persona that sits uncomfortably with modern sensibilities Yet Wagner s absolutely central position in the operatic canon continues This volume serves as a timely reminder of his ongoing musical cultural and political impact Contributions by specialists from such varied fields as musical history German literature and cultural studies opera production and political science consider a range of topics from trends and problems in the history of stage production to the representations of gender and sexuality With the inclusion of invaluable and reliably up to date biographical data this collection will be of great interest to scholars students and enthusiasts **A Companion to**

Wagner's Parsifal William Kinderman, Katherine Rae Syer, 2005 These essays demonstrating and exploring the abiding fascination of Wagner's controversial work

Uncover the mysteries within is enigmatic creation, Embark on a Mystery with **Wagner And The Romantic Hero** . This downloadable ebook, shrouded in suspense, is available in a PDF format (*).
