When the truth comes out, will Isaiah stand beside Tamera, or will the secret she's kept destroy any future they may have had? After graduation, Isaiah takes a hiking trip before joining the work force; only a wild animal attack changes his life forever. Two months later, his soul mate walks into his world with a secret that could end their relationship before it starts. In the span of two days, Tamera moves to Savannah for college, joins a new wolf pack, and meets her soul mate. But she's not prepared to share her mistakes, especially if it means letting go of true love. When the truth comes out, will Isaiah stand beside Tamera, or will the secret she's kept destroy their future together? *The Wolf's Bite* is a standalone prequel for the *Bite of Magic* Saga. 18. This novella contains sex and profanity. **The Publishers Weekly**, 1972 **The Atlas Defect: A Medical Supernatural Mystery** A.J. Scudiere, 2017-05-04 This nail-biting series from USA Today Best Selling author AJ Scudiere will have you on the edge of your seat. The *NightShade* series walks the edge between crime fiction and thrillers, so be prepared to stay up all night. As Agents Heath and Eames uncover the truth, a decades-old scandal comes to light. Even now, some are willing to kill to keep their secrets hidden. Eleri wanted a different kind of case. She should have been careful what she wished for. When an odd human skeleton in Michigan's Manistee-Huron National Forest triggers a *NightShade* investigation, Eleri and Donovan arrive to find it missing. But two other skeletons are a little too easily uncovered; each displays different anomalies that raise alarming questions. The bones aren't from the area or probably even the continent. A decades-old abandoned building doesn't register on satellite images. Files detailing genetic experiments on children are even more disturbing, and most of the children are unaccounted for. Who were the test subjects, and where are the bodies? Eleri and Donovan believe there are others out there who haven't died yet. But they will if something isn't done fast. If the case itself wasn't enough of a problem, someone is watching. Someone with a particular interest in Donovan's own skeletal anomalies. *The Atlas Defect* is the third book in the *NightShade Forensic FBI Files* series by USA Today bestselling author AJ Scudiere. This book can be read as a standalone, but readers who love paranormal investigations and FBI thrillers will want to read the entire series. Perfect for fans of Andrew Mayne, LT Ryan, and Danielle Girard.
