Walter Sisulu University Study Guide 2015:

ICEL2015-10th International Conference on e-Learning Dr Carlton Watson, 2015-06-12 These proceedings represent the work of researchers participating in the 10th International Conference on e Learning ICEL 2015 which is being hosted this year by the College of the Bahamas Nassau on the 25 26 June 2015 ICEL is a recognised event on the International research conferences calendar and provides a valuable platform for individuals to present their research findings display their work in progress and discuss conceptual advances in the area of e Learning It provides an important opportunity for researchers and managers to come together with peers to share their experiences of using the varied and expanding range of e Learning available to them With an initial submission of 91 abstracts after the double blind peer review process there are 41 academic Research papers and 2 PhD papers Research papers published in these Conference Proceedings These papers come from some many different countries including Australia Belgium Brazil Canada China Germany Greece Hong Kong Malaysia Portugal Republic of Macedonia Romania Slovakia South Africa Sweden United Arab Emirates UK and the USA A selection of the best papers those agreed by a panel of reviewers and the editor will be published in a conference edition of EJEL the Electronic Journal of e Learning www.ejel.com These will be chosen for their quality of writing and relevance to the Journal s objective of publishing papers that offer new insights or practical help into the application e Learning *ECEL 2019 18th European Conference on e-Learning* Rikke Ørngreen, Bente Meyer, Mie Buhl, 2019-11-07 **MEDINFO 2015:**

eHealth-enabled Health Andrew Georgiou, Paulo Mazzoncini de Azevedo Marques, 2015-09-15 Health and Biomedical Informatics is a rapidly evolving multidisciplinary field one in which new developments may prove crucial in meeting the challenge of providing cost effective patient centered healthcare worldwide This book presents the proceedings of MEDINFO 2015 held in S o Paulo Brazil in August 2015 The theme of this conference is eHealth enabled Health and the broad spectrum of topics covered ranges from emerging methodologies to successful implementations of innovative applications integration and evaluation of eHealth systems and solutions Included here are 178 full papers and 248 poster abstracts selected after a rigorous review process from nearly 800 submissions by 2 500 authors from 59 countries The conference brings together researchers clinicians technologists and managers from all over the world to share their experiences on the use of information methods systems and technologies to promote patient centered care improving patient safety enhancing care outcomes facilitating translational research and enabling precision medicine as well as advancing education and skills in Health and Biomedical Informatics This comprehensive overview of Health and Biomedical Informatics will be of interest to all those involved in designing commissioning and providing healthcare wherever they may be *Higher Education - Reflections From the Field - Volume 1*, 2023-11-02 COVID wrought havoc on the world s economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some institutions were prepared for the required transition to online learning

Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on The Perspectives of Higher Education COVID as a Catalyst for Change Embracing Online Learning as a Response to COVID and Post Covid The Way Forward It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process These discussions shed light on the impact of the pandemic and the future of higher education post COVID Higher education has been forever changed and higher education as it once was may never return While many questions arise the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic

Campus Student Activism, Politics, and Citizenship in the 21st Century

Tshishonga, Ndwakhulu, 2025-04-03 Student activism and citizenship remain an integral part of the governance of academic institutions democratizing the learning environment and advancing democratic values and societal change As a result student activism has become a key aspect of the global higher education landscape Individually and through the student councils students have been at the forefront fighting for social justice and equality inside their academic institutions and in larger society by fusing activism with citizenship Through student activism and citizenship students demonstrate their power to keep governments responsible and in redirecting the voices of students in higher education's decision making processes Further exploration may afford students the opportunity to influence social change by partaking in educational policy reforms and broadening global sociopolitical and economic growth Campus Student Activism Politics and Citizenship in the 21st Century examines the dynamics of campus politics through student activism and citizenship perspectives academia public private and civil society sectors It explores how student leadership engages university society stakeholders including management and governance structures and student welfare and institutional policy reformation in defense of the rights and interests of students This book covers topics such as higher education political engagement and social justice and is a useful resource for policymakers government officials sociologists political scientists academicians and researchers **Student**

Movements in Late Neoliberalism Lorenzo Cini, Donatella della Porta, César Guzmán-Concha, 2021-08-22 This book inquires into the global wave of student mobilizations that have arisen in the aftermath of the economic crisis of 2008 accounting for their historical and sociological significance More specifically its eleven chapters explore the role of students as political actors their ability to build effective organizations to make political alliances with other actors and to win public consensus as well as their impact on cultural political and policy outcomes To do so the volume examines case studies in England Chile South Africa Quebec and Hong Kong covering Europe Africa Asia and North and Latin America Grouped into two major sections the collection covers the organizational structures of student movements and their alliances and outcomes Ultimately this volume examines the understudied political aspects of student unrest exploring how student mobilizations driven by indebtedness precariousness the corporatization of the university and other issues correspond to larger processes of change with wider implications in society **African Security in the Anthropocene** Hussein

Solomon, Jude Cocodia, 2023-03-11 Much has been written on security in Africa its democratic deficit poor civil military relations and myriad conflicts but these are often treated in isolation from one another This book takes a different approach as it links all of these issues to the dynamics of the Anthropocene Penned by African scholars on the continent and in the diaspora it examines the different challenges not as separate entities but as outcomes of the Anthropocene Age In this geological epoch humans have become a global force unfortunately not necessarily for good The interaction between humans and the climate the effects of waste the impact of pollution on marine and terrestrial ecosystems the loss of biodiversity and the change in the chemical composition of the soil oceans and atmosphere are key identifiers of the age of the Anthropocene

This has fueled conflict and instability from the vast swathes of the Sahel to Somalia Responding to these issues of insecurity without understanding their inter connectedness and how this relates to the environment can only result in failure From this perspective the current structures in place are inadequate for the task of confronting insecurity at the state and continental levels as represented by the African Union What is needed is a radical reevaluation of Africa s security architecture and approach to security This necessitates pooling sovereignty on a continental and global level It necessitates less state centric responses that include civil society and the business community as equal partners of states in order to collectively confront insecurity in the age of the Anthropocene The authors are academics policy makers and military veterans who have worked in building capacity on the African continent The book is comprehensive in scope strong on theory pragmatic in policy and reflects experience from the field The authors approach makes the book easy interesting and intriguing Anchored in Place Bank, Leslie, Cloete, Nico, 2018-11-05 Tensions in South African universities have traditionally centred around equity particularly access and affordability historical legacies such as apartheid and colonialism and the shape and structure of the higher education system What has not received sufficient attention is the contribution of the university to place based development This volume is the first in South Africa to engage seriously with the place based developmental role of universities In the international literature and policy there has been an increasing integration of the university with place based development especially in cities This volume weighs in on the debate by drawing attention to the place based roles and agency of South African universities in their local towns and cities It acknowledges that universities were given specific development roles in regions homelands and towns under apartheid and comments on why sub national place based development has not been a key theme in post apartheid higher education planning Given the developmental crisis in the country universities could be expected to play a more constructive and meaningful role in the development of their own precincts cities and regions But what should that role be Is there evidence that this is already occurring in South Africa despite the lack of a national policy framework What plans and programmes are in place and what is needed to expand the development agency of universities at the local level Who and what might be involved Where should the focus lie and who might benefit most and why Is there a need perhaps to approach the challenges of college towns secondary cities and metropolitan centers differently This book poses some of these questions as it considers the experiences of a number of South African universities including Wits Pretoria Nelson Mandela University and especially Fort Hare as one of its post centenary challenges Symposium Proceedings Innovative Teaching Practices Janina Morska, Alan Rogerson, 2023-06-14 This volume contains the papers presented at the International Symposium Innovative Teaching Practices held on August 14 18 2023 in The Queen s College Oxford University The Symposium was organized by The Mathematics Education for the Future Project an international philanthropic project founded in 1986 and dedicated to innovation in mathematics science computer and statistics education *Technological innovation (4IR) in law teaching and learning: Enhancement or*

drawback during Covid-19 Charles Maimela, 2022-12-30 Technological innovation 4IR in law teaching and learning Enhancement or drawback during Covid 19 book emerged from a lecture series the Faculty of Law at UP hosted in the 2021 academic year Aiming to test the state of teaching and learning during the pandemic the lecture series asked whether ERT and learning ERTL compromised or enhanced the teaching and learning of law Among others various academics from UP Law as well as from the universities of KwaZulu Natal Johannesburg and Free State as well as officials from the DHET participated in the series This collection comprises chapters written by some of the representatives who were involved in the lecture series This book aims to set the tone for teaching and learning of law after the pandemic It is our hope that the lessons learnt during the pandemic will be adopted in the day to day teaching pedagogy of law in the future Despite the disruptions caused by the pandemic a possibly unseen benefit can be identified As this book argues law teaching and learning using technological innovations have been positive for both academics and students Thanks to technological innovation the discipline of law is arguably in a far better position after the pandemic than before

Inclusive Education in South African Further and Higher Education Tsediso Michael Makoele, Cina P. Mosito, 2025-05-26 A historical overview of the evolution of inclusive education alongside the emergence of concepts such as of equity and access highlighting how these ideas have evolved been enacted and practiced in the higher education institutions HEIs of South Africa since 2001

Object Medleys Daisy Pillay, Kathleen Pithouse-Morgan, Inbanathan Naicker, 2017-11-13 How do we get at the meanings of everyday and not so everyday objects and how might these meanings enrich educational research The study of objects is well established in fields such as archaeology art history communications fine arts museum studies and sociology but is still developing in education Object Medleys Interpretive Possibilities for Educational Research brings together 37 educational researchers from wide ranging contexts and multiple knowledge fields to a dialogic space in which subjects and objects living and nonliving entangle as medleys to open up understandings of connections made with between and through objects Object Medleys offers diverse innovative modes and lenses for representing interpreting and theorising object studies The book is distinctive within scholarship on object inquiry in that much of the research has been conducted within Southern African educational contexts This is complemented by contributions from scholars based in Canada and the United Kingdom The original research represented in each peer reviewed chapter expands academic conversations about what counts as data and analysis in educational research Overall Object Medleys illuminates the applied and theoretical usefulness of objects in response to pressing educational and societal questions Object Medleys is a rich and fascinating exploration of new possibilities with potential for research teaching and learning that seems almost unlimited This book is a rich assembly of affordances for exploring and widening the role of objects in educational research It relocates attention from language and text towards embodied and material storytelling practices where new and marginalised ways of expression can find their ways into classrooms thereby opening completely new avenues of teaching and learning Kenneth M lbjerg J

rgensen Professor Aalborg University Denmark In a time when materiality is being brought at the centre of critical inquiry in the social sciences and humanities this edited collection offers unique insights into the relationship between objects subjectivities and learning Beautifully written and cogently argued the book breaks new ground by casting a critical spotlight on artefacts that might appear mundane at first sight but on closer inspection reveal complex patterns of educational potential Tommaso M Milani Associate Professor University of the Witwatersrand Johannesburg South Africa Proceedings of the 20th European Conference on Management, Leadership and Governance Mafalda Patuleia,2024 **Physician Assistant: A Guide to Clinical Practice** Ruth Ballweg,Darwin L. Brown,Daniel T. Vetrosky,Tamara S Ritsema,2017-02-20

Entering its 6th edition Physician Assistant A Guide to Clinical Practice is the only text that covers all aspects of the physician assistant profession the PA curriculum and the PA s role in clinical practice It is designed as a highly visual and practical resource to be used across the spectrum of lifelong learning enabling students and practicing PAs to thrive in a rapidly changing health care system Teaches how to prepare for each core clinical rotation and common electives as well as how to work with atypical patient populations such as homeless patients and patients with disabilities A succinct bulleted writing style convenient tables practical case studies and clinical application questions throughout enable you to master key concepts and clinical applications Helps you master all the core competencies needed for certification or recertification Addresses all six Physician Assistant Competencies as well as providing guidance for the newly graduated PA entering practice Includes quick use resources such as objectives and key points sections for each chapter tip boxes with useful advice abundant tables and images and 134 updated case studies Features chapters for the 7 core clinical rotations and 5 common electives with key guidance on how to prepare effectively and what to expect Provides updated health policy information expanded information about international programs cultural competencies and pearls and pitfalls on working internationally as a PA Outlines the basic principles of Interprofessional Education an important new trend in medical education nationally New chapters cover Maximizing Your Education Future of the Profession Principles of PA Education Managing Stress and Burnout and many other topics Expert Consult eBook version included with purchase This enhanced eBook experience allows you to search all of the text figures images and references from the book on a variety of devices *Corrupted* Jonathan D Jansen,2023-02-01 In South African higher education the images of dysfunction are everywhere Student protests Violence Police presence Rubber or real bullets Class disruptions Burning tyres Damaged buildings Injury and sometimes death Reports of wholesale corruption Year after year often in the same set of universities the problem of routine instability seems insoluble The financial academic and reputational costs of ongoing dysfunction are high especially for those universities caught up in the never ending struggle to overcome apartheid legacies Any number of explanations have been ventured including a lack of resources shortage of capacity rural location corrupt officials and endemic conflict *Corrupted* takes a deeper look at dysfunction in an attempt to unravel the root causes in a sample of South African universities At the heart of

the problem lies the vexed issue of resources or more pertinently the relationship between resources and power who gets what and why Whatever else it aspires to be commonly a place of teaching learning research and public duty a university in an impoverished community is also a rich concentration of resources around which corrupt staff students and those outside of campus all vie for access Taking a political economic approach Jonathan Jansen describes the daily struggle for institutional resources and offers accessible sensible insights He argues that the problem won't be solved through investments in capacity building alone because the combination of institutional capacity and institutional integrity contributes to serial instability in universities Rather durable solutions would include the depoliticisation of university councils and appointments of academics with integrity and capacity to manage and lead these fragile institutions This groundbreaking and long overdue study will offer a promising way forward for universities to better serve their communities and the country more broadly

Education in a New South Africa Robert J. Balfour, 2015-09-24 A collaborative series with the University of Cambridge Faculty of Education highlighting leading edge research across Teacher Education International Education Reform and Language Education

#FeesMustFall and Youth Mobilisation in South Africa Musawenkosi Ndlovu, 2017-07-14 Cover Title Copyright Contents Preface Introduction and rationale 1 The view of South African youth before FeesMustFall 2 Were the 2015 student protests a revolution 3 What the 2015 protests actually were and how they were possible 4 Ikhohlisan ihlomile FMF students engagement with power and their ideological differences 5 Can South Africa's declining economy inspire student led new revolution 6 Youth's declining news consumption levels and ideologically divided media 7 Youth's polysemic interpretation of the ANC regime and the limits of the new revolution 8 Youths declining participation levels in the public sphere the constraints of new revolution 9 Conclusion FMF protests will not lead to a revolution per se at least not yet but to wide ranging reforms References Index

Understanding Place and Destination Branding Stella Kladou, Ahmet Uşaklı, 2025-10-07 Interdisciplinary and international in scope this book explores the ways in which branding intersects with identity politics and the complex relationship with our past It focuses on providing a comprehensive understanding of the differences and similarities between place and destination branding analysing different rural urban and national contexts

Traditional Herbal Therapy for the Human Immune System Azamal Husen, 2021-10-28 Drawing on indigenous and scientific knowledge of medicinal plants Traditional Herbal Therapy for the Human Immune System presents the protective and therapeutic potential of plant based drinks supplements nutraceuticals synergy food superfoods and other products Medicinal plants and their products can affect the immune system and act as immunomodulators Medicinal plants are popularly used in folk medicine to accelerate the human immune defence and improve body reactions against infectious or exogenous injuries as well as to suppress the abnormal immune response occurring in immune disorders This book explains how medicinal plants can act as a source of vitamins and improve body functions such as enhanced oxygen circulation maintained blood pressure and improved mood It also outlines how specific

properties of certain plants can help boost the immune system of humans with cancer HIV and COVID 19 Key features
Provides specific information on how to accelerate and or fortify the human immune system by using medicinal plants
Presents scientific understanding of herbs shrubs climbers and trees and their potential uses in conventional and herbal
medicine systems Discusses the specific role of herbal plants that act as antiviral and antibacterial agents and offer boosted
immunity for cancer H1N1 virus relieving swine flu HIV and COVID 19 patients Part of the Exploring Medicinal Plants series
this book is useful for researchers and students as well as policy makers and people working in industry who have an interest
in plant derived medications
