Zwischen Stillstand Und Wandel:

The Changing German Voter Rüdiger Schmitt-Beck, Sigrid Roßteutscher, Harald Schoen, Bernhard Weßels, Christof Wolf, 2022-04-11 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Over the past half century the behavior of German voters has changed profoundly at first rather gradually but during the last decade at accelerated speed. Electoral decision making has become much more volatile rendering election outcomes less predictable. Party system fragmentation intensified sharply. The success of the AfD put an end to Germany's exceptionalism as one of the few European countries without a strong right wing populist party. Utilizing a wide range of data compiled by the German Longitudinal Election Study the book examines changing voters' behavior in the context of changing parties, campaigns and media during the period of its hitherto most dramatically increased fluidity at the 2009, 2013 and 2017 federal elections. Guided by the notions of realignment and dealignment the study addresses three questions: How did the turbulences that increasingly characterize German electoral politics come about? How did they in turn condition voters' decision making? How were voters' attitudes and choices affected by situational factors that pertained to the specifics of particular elections? The Changing German Voter demonstrates how traditional cleavages lost their grip on voters and a new socio-cultural line of conflict became the dominant axis of party competition. A series of major crises but also programmatic shifts of the established parties promoted this development. It led to a segmentation of the party system that pits the right wing populist AfD against the traditional parties. The book also demonstrates the relevance of coalition preferences, candidate images as well as media and campaign effects for voters' attitudes, beliefs and preferences.

Kongruentes Policy-Lernen als lernbedingter Policy-Wandel Sandra Plümer, 2024-03-19 Sandra Plümer untersucht kongruentes Policy-Lernen, congruent policy learning als lernbedingten Policy-Wandel und fragt nach dem Koordinierungsmechanismus innerhalb von Regierungsformationen, der die Übersetzung von Policy-Lernen in Policy-Wandel sicherstellt. Den Analyserahmen für die Mikropolitische Policy-Lernen-Analyse bildet eine Theorienverbindung des Advocacy Coalition Framework mit der Strategischen Organisationsanalyse. Als Fallbeispiel fungiert die Rückkehr zum Abitur nach neun Jahren G9 an Gymnasien in Nordrhein-Westfalen. Die qualitativ interpretative Fallstudie verdeutlicht den regierungsinternen Koordinierungsmechanismus als multidimensionalen Interaktionsprozess bestehend aus Normen, Ressourcen und Deutungsschemata. Dieser ist trotz eines gesamtgesellschaftlichen Lernprozesses notwendig, um zum Lernprozess kongruente Reformen zu beschließen. Damit erfasst die Autorin die bisher wenig erforschte Schnittstelle von kognitivem Werbewandels und handlungsbasierter Durchsetzungsfähigkeit.

Germany and the European Union Gisela Müller-Brandt, 2022-10-26 This book aims to present a coherent picture of Germany's European policy during Merkel's chancellorship. At the same time it traces the development of the EU in the period 2005-2021. Accordingly the

European crises and the internal and external threats to the integration community are addressed as well as the jointly developed solutions Thus on the one hand the book shows what Germany was willing to do for Europe on the other it reveals how the EU was able to develop further as the most important point of reference for German politics and power

Basic Income - From Vision to Creeping Transformation of the Welfare State Rolf G. Heinze, Jürgen Schupp, 2023-02-14 The present publication constitutively expands the field of discourse on the topic of basic income and explores the possibilities of its introduction as well as the opportunities and risks Although all visionary proposals for an unconditional basic income BGE have so far not been implemented politically at least in democratically constituted welfare states the question of implementation or the conditions for success and the identification of possible blockades have only been dealt with marginally Recent publications on a BGE also show this political institutional blindness and do not address enough the reasons for the failure so far Without a transfer strategy however the idea will fail in Germany due to such implementation naivety In this book therefore the state of the debate on basic income is developed further to the extent that it is integrated into welfare state development processes and current challenges for the safeguarding of social security In addition a social scientific classification of hitherto visionary guarantee elements of a basic income model is undertaken linking up with the silent change to a socially investing state

Die Bundestagswahl 2017 Karl-Rudolf Korte, Jan Schoofs, 2019-09-28 Wie wählten die Deutschen bei der Bundestagswahl 2017 Wie groß war der Einfluss der Programme und Personalangebote der Parteien auf den Wahlkampf und das Wahlergebnis Welche Konsequenzen folgen aus dem Wahlausgang für das Parteiensystem und das Regieren in Deutschland Dieser Konzeptband bietet umfassende Analysen zur Bundestagswahl 2017 und bettet sie ein in das breite Spektrum der Wahl Parteien Kommunikations und Regierungsforschung

Core Executives in a Comparative Perspective Kristoffer Kolltveit, Richard Shaw, 2022-05-06 This book examines the contemporary relevance of the concept of the core executive across a range of constitutional contexts covering examples from Westminster system continental Europe and Scandinavia Much study of core executives focuses exclusively on the Westminster system but this book expands that scope to take into account nations where coalition government has been the norm for decades Focusing on the interaction between the political and administrative executives the book addresses tensions between the two that have become increasingly apparent in an age of populism and mediatisation
