Created Freedom under the Sign of the Cross David E. DeCosse, 2022-06-08 The United States is in a crisis of freedom Influenced by neoliberal economics the concept of freedom has become identified with an abstract radical individualism disdainful of responsibility to others and to the past Signs of this crisis crop up everywhere Some invoke freedom as justification for refusing to wear a mask in a pandemic Others argue that freedom is an empty word if it's celebrated apart from an honest engagement with the country's history of racism *Created Freedom under the Sign of the Cross* offers a Catholic theological response to this crisis of freedom Catholic social ethics may be better known for its emphasis on social principles like the common good and solidarity But developments in Catholic theologies of freedom in the last decades provide fertile ground from which to develop a bold creative response to this American crisis of freedom In this book theologian David DeCosse draws on thinkers ranging from philosopher Amartya Sen to Black Catholic theologian Shawn Copeland to twentieth century theological giant Karl Rahner in order to reimagine American freedom in light of classic Catholic emphases on embodiment relationship history the good and God The result is a Catholic public theology that provides a redemptive path forward in an age of crisis

Freedom for All Alex Zakaras, 2025-10-28 A bold vision of liberal society designed to meet the crises of our time Liberalism is on the defensive almost everywhere In the past decade right wing politicians and intellectuals have staged successful assaults on the most important liberal institutions including democratic constitutions independent judiciaries the free media and the rule of law Liberalism's defenders have struggled to find an adequate response Many have tried to present liberalism as a humane and reasonable alternative to the chaos and cruelty of the new political right Political theorist Alex Zakaras argues that this moderate posture is inadequate in our present moment In the face of rising authoritarianism rampant inequality and climate catastrophe liberals must be willing to demand deep change Moreover to compete successfully against charismatic leaders promising dramatic solutions liberals have to offer a clear and ambitious set of principles and a compelling vision of the future Zakaras defends a radical version of liberalism which is designed to attack the massive inequalities in power wealth and status that are pulling the United States apart At its best liberalism is an emancipatory political project designed to secure freedom for all Throughout this book Zakaras explores what it would mean to implement this project in America today and what it would demand of its citizens

Equitable Society and how to Create it Warren Edwin Brokaw, 1927

The

Sociology of Zygmunt Bauman Michael Hviid Jacobsen, Poul Poder, 2016-03-03 Zygmunt Bauman is one of the most inspirational and controversial thinkers on the scene of contemporary sociology. For several decades he has provided compelling analyses and diagnoses of a vast variety of aspects of modern and liquid modern living. This book considers the theoretical significance of his contribution to sociology but also discusses and adopts a critical stance towards his work. The *Sociology of Zygmunt Bauman* introduces and critically appraises some of the most significant as well as some of the lesser known of Bauman's contributions to contemporary sociology. An international team of scholars delineates and discusses how Bauman's treatment of these themes challenges conventional wisdom in sociology thereby revising and revitalizing sociological theory. As a special feature the book concludes with Bauman's intriguing reflections and contemplations on his own life and intellectual trajectory published here for the first time in English. In this postscript aptly entitled *Pro Domo Sua* About Myself he describes the pushes and pulls that throughout the years have shaped his thinking. **Theorising Welfare** Martin O'Brien, Sue Penna, 1998-03-30 *Theorising Welfare* is very well written and painstakingly clear. It is an accessible and original textbook on the welfare state and the idea of welfare. There is nothing available like it in terms of its scope and intellectual sweep. Scott Lash, University of Lancaster. There are many interpretations of welfare and welfare states each providing insights into different aspects of welfare and pointing to different possibilities for its future. *Theorising Welfare* provides a guide to these debates through an examination of seven theoretical perspectives: liberalism, Marxism, neo liberalism, post structuralism, political economy, political ecology, and postmodernism, situating them within their historical and political contexts. *Burnt Offerings* Floyd Sours, 2010-05-25 A dark narrative that returns to its readers a much improved understanding of the culture in which they live. This scholarly compendium explores different kinds of freedom while giving the reader an entirely new view of many current political and social problems. The inclusion of three types of freedom make problem solving for many other issues potentially solvable as well. The central theme of this book lies in the relationship between inequality and equality. Aside from the obvious benefits of freedom and equality the question of whether they are related to high crime rates, impoverished education, high rates of mental illness, and increasingly poor judgment in government is also discussed. In these discussions hard statistical data is offered and logical explanations are offered. Speculation about where America may be headed politically is also included. **Putting Their Hands on Race** Danielle T. Phillips-Cunningham, 2020 *Putting Their Hands on Race* is an intersectional and comparative labor history of southern African American and Irish immigrant women who labored as domestic workers after migrating to northeastern cities during the nineteenth and twentieth centuries.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club.
