Understanding Religion And Science Introducing The Debate:

Understanding Religion and Science Michael Horace Barnes,2010 *Like a Hammer Shattering Rock* Megan McKenna,2013-02-05 Renowned Catholic author Megan McKenna celebrates her 50th book with a controversial interpretation of the Gospels of Mark Matthew Luke and John and what they mean for the Church and society today In many ways modern audiences have become so familiar with the gospels that we ve stopped listening and integreting their wisdom into our everyday lives Acclaimed author Megan McKenna explores the messages of the four gospels in the context of daily life when they were originally written and interprets their meaning for our modern world While some argue for the development of new gospels for the 21st century McKenna argues that we haven t paid due attention to the ones we already have in many cases we ve ignored sections of these teachings entirely and twisted their meaning to suit our own agendas McKenna breaks it down gospel by gospel and shows us how the lessons of Jesus s apostles continue to resonate Dual Markets Ernesto U. Savona,Mark A.R. Kleiman,Francesco Calderoni,2017-11-14 This comprehensive volume analyzes dual markets for regulated substances and services and aims to provide a framework for their effective regulation A dual market refers to the existence of both a legal and an illegal market for a regulated product or service for example prescription drugs These regulations exist in various countries for a mix of public health historical political and cultural reasons Allowing the legal market to thrive while trying to eliminate the illegal market provides a unique challenge for governments and law enforcement Broken down into nine main sections the book studies comparative international policies for regulating these dual markets from a historical legal and cultural perspective It includes an analysis of the markets for psychoactive substances that are illegal in most countries such as marijuana cocaine opiods and amphetimines psychoactive substances which are legal in most countries and where consumption is widespread such as alcohol and tobacco and services that are generally regulated or illegal such as sports betting the sex trade and gambling For each of these nine types of markets contributions focus on the relationship between regulation the emerging illegal market and the resulting overall access to these services This work aims to provide a comprehensive framework from a historical cultural and comparative international perspective It will be of interest to researchers in criminology and criminal justice particularly with an interest in organized crime as well as related fields such as sociology public policy international relations and public health **Is Faith Delusion?** Andrew Sims,2009-05-09 How in a scientifically and technologically advanced age can people still believe in God Andrew Sims examines both the connection and the division between Christian faith and psychiatry Science, Religion, the Humanities and Hope Anne Runehov,Michael Fuller,2024-03-19 This book collects a multidisciplinary range of contributions focusing on the prolific and seminal work of Willem Drees in the fields of philosophy of religion philosophy of the humanities and science and theology religion Trained in both theoretical physics and theology philosophy of religion Drees holds doctoral degrees in both theology and in philosophy and amongst other distinguished positions held professorships at the

University of Leiden and at the University of Tilburg Drees was also Editor in Chief of Zygon Journal of Religion Science between 2008 and 2018 and served as President of the European Society for the Study of Science and Theology ESSSAT between 2002 and 2008 In 2018 he was elected as member of the Royal Holland Society of Sciences and Humanities KHMW This contributed volume builds on Drees expansive and provocative scholarly contributions notably around the concept and meaning of naturalism and the humanities to the fields of science and religion as exemplified by his works Religion Science and Naturalism 1996 and What Are the Humanities For 2021 In a time where more and more young people across the globe are entering higher education such cross disciplinary explorations and re evaluations are vital to the field Accordingly by approaching his work from a variety of disciplines this collection illuminates the broad reach of Drees work and provides scholars from various fields with many new and rich opportunities avenues for research
