Wanting To Believe Faith Family And Finding An Exceptional Life:

Wanting to Believe Ryan Dobson, 2014-09-09 When it comes to life we want to get it right As the only son of child and family psychologist Dr James Dobson Ryan Dobson grew up in the hot spotlight of what felt like Christian celebrity culture with his dad's proponents and opponents alike wanting to know if Doc actually practiced what he preached As a teenager Ryan was curious about that too sure his parents talked a good game but would they back up their beliefs with action Like many adolescents Ryan pushed the limits on his parents boundaries seeing just how far they'd stretch He questioned their faith their rules their values and their truth determined to sort out life for himself The journey wasn't a pretty one but it was beneficial in the end Because once Ryan held up his parents core principles to the intense gaze of scrutiny he discovered how right they'd been In *Wanting to Believe* Ryan discloses the key messages imparted to him by his folks sensible parents wanting to pass down truth to a stubborn son covering topics like faith finances responsibility identity marriage parenting and the power of our words With irrepressible wit and wisdom Ryan admits how he violated the hard won lessons he'd been handed and how he wound up loving them as his own in the end Through Ryan's words you'll also discover that when what you preach is true and when you're faithful to practice what you preach you can more readily honor God with your life which is the goal of every follower of Christ

Doctrine of Justification Thomas R. Schreiner,2015-09-15 Renowned biblical scholar Thomas Schreiner looks at the historical and biblical roots of the doctrine of justification and offers an updated defense of this pillar of Reformed theology Reinvigorating one of the five great declarations of the Reformation sola fide Schreiner Summarizes the history of the doctrine looking at the early church and the writings of several of the Reformers Walks readers through an examination of the key biblical texts in the Old and New Testament that support the Reformed understanding of justification Discusses whether justification is transformative or forensic and introduces readers to some of the contemporary challenges to the Reformation teaching of sola fide with particular attention to the new perspective on Paul Five hundred years after the Reformation the doctrine of justification by faith alone still needs to be understood and proclaimed In *Faith Alone* you will learn how the rallying cry of sola fide is rooted in the Scriptures and how to understand this doctrine in a fresh way THE

FIVE SOLAS Historians and theologians have long recognized that at the heart of the sixteenth century Protestant Reformation were five declarations often referred to as the solas These five statements summarize much of what the Reformation was about and they distinguish Protestantism from other expressions of the Christian faith that they place ultimate and final authority in the Scriptures acknowledge the work of Christ alone as sufficient for redemption recognize that salvation is by grace alone through faith alone and seek to do all things for God s glory The Five Solas Series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them leading to a more profound theological vision of our lives and callings as Christians and churches *Be Extraordinary!* Yvette M.
