The Suppression of the African Slave-Trade to the United States of America 1638-1870
W. E. B. Du Bois, 2020-06-15 This book is the PhD dissertation of W. E. B. Du Bois, the famous African American author of 20th century. Based upon the study of various sources like national, state, and colonial statutes, Congressional documents, reports of societies, personal narratives, etc., he has done a meticulous study of the African American Slave Trade to USA from 1638-1870. In his view, the question of the suppression of the slave trade is so intimately connected with the questions as to its rise, the system of American slavery, and the whole colonial policy of the eighteenth century that it is difficult to isolate it. Yet Du Bois has done an excellent research into the background of America's most turbulent and often neglected past. Read on **The**

History of the Russo-Japanese War Sydney Tyler, 2023-11-29 In *The History of the Russo Japanese War* Sydney Tyler meticulously examines the geopolitical and social dynamics that precipitated one of the early 20th century's most significant conflicts. Utilizing a blend of narrative prose and analytical rigor, Tyler navigates through the complex interplay of nationalism, imperial ambitions, and military strategies that defined the war. His adept use of primary sources and rich historical narratives situates the reader within the tumultuous era while also addressing broader themes of modernity and technology's role in warfare, making this work not only informative but also engaging for readers interested in military history and international relations. Sydney Tyler is a historian with a profound interest in Eastern European and Asian history, illuminated by his extensive travels through the regions affected by the Russo Japanese War. His academic background and personal connections with individuals who have experienced the aftermath of the war lend authenticity and depth to his analysis, revealing a dedication to portraying the nuanced implications of the conflict beyond mere military outcomes. For both scholars and casual readers alike, *The History of the Russo Japanese War* offers an invaluable lens into the early complexities of global politics and serves as a critical reminder of how historical conflicts can shape contemporary international relations. Tyler's insightful exploration makes this book a compelling addition to any historical library. In this enriched edition, we have carefully created added value for your reading experience. In *Matthew Fontaine Maury the Pathfinder of the Seas* Charles Lee Lewis offers an exhaustive exploration of the life and contributions of one of America's foremost oceanographers. Lewis employs a rich narrative style that weaves together biographical detail, scientific accomplishment, and historical context, revealing Maury's pivotal role in the development of marine navigation and oceanography during the 19th century. Notably, the book situates Maury within the broader currents of American history, addressing how his work laid the groundwork for modern meteorology and ocean science while also reflecting the spirit of innovation that characterized the era. Charles Lee Lewis, a noted historian and biographer, possesses a deep-seated passion for maritime history and scientific advancement, which undoubtedly informs his meticulous portrayal of Maury. His background in oceanography and history enriches the narrative, enhancing readers' comprehension of the intricate relationships between Maury's life, experiences, the scientific community, and the evolving nature of 19th-century American society. Lewis's empathy and intellectual rigor allow him to capture Maury not merely as a scientist but as a visionary whose work transcended geographical boundaries. This book is highly recommended for scholars, students, and enthusiasts of maritime history and science alike. Lewis's in-depth analysis positions *Matthew Fontaine Maury the Pathfinder of the Seas* as an essential text that reveals not only the achievements of an extraordinary individual but also the transformative potential of inquiry and exploration in shaping human understanding of the natural world.
