Lustful Appetites Rachel Hope Cleves, 2024-11-18 We take the edible trappings of flirtation for granted chocolate covered strawberries and romance oysters on the half shell and desire the eggplant emoji and a suggestive wink But why does it feel so natural for us to link food and sexual pleasure Rachel Hope Cleves explores the long association between indulging in good food and an appetite for naughty sex from the development of the Parisian restaurant as a place for men to meet with prostitutes and mistresses to the role of sexual outlaws like bohemians new women lesbians and gay men in creating epicurean culture in Britain and the United States Taking readers on a gastronomic journey from Paris and London to New York Chicago and San Francisco Lustful Appetites reveals how this preoccupation changed the ways we eat and the ways we are intimate while also creating stigmas that persist well into our own twenty first century

Dancing Women Sally Banes, 1998 Dancing Women Female Bodies Onstage is a spectacular and timely contribution to dance history recasting canonical dance since the early nineteenth century in terms of a feminist perspective Setting the creation of specific dances in socio political and cultural contexts Sally Banes shows that choreographers have created representations of women that are shaped by and that in part shape society's continuing debates about sexuality and female identity Broad in its scope and compelling in its argument Dancing Women provides a series of re readings of the canon from Romantic and Russian Imperial ballet to contemporary ballet and modern dance investigates the gaps between plot and performance that create sexual and gendered meanings examines how women's agency is created in dance through aspects of choreographic structure and style analyzes a range of women's images including brides mistresses mothers sisters witches wraiths enchanted princesses peasants revolutionaries cowgirls scientists and athletes as well as the creation of various women's communities on the dance stage suggests approaches to issues of gender in postmodern dance Using an interpretive strategy different from that of other feminist dance historians who have stressed either victimization or celebration of women Banes finds a much more complex range of cultural representations of gender identities

Two Centuries of British Symphonism Jürgen Schaarwächter, 2015-02-27 Die britische Sinfonik ist erst in jüngster Zeit ins allgemeine Interesse gerückt Ein Überblick über die sinfonische Entwicklung im Vereinigten Königreich seit den Anfängen im 18. Jahrhundert bis ins 20. Jahrhundert blieb aber bis heute ein Desideratum Der hier vorgelegte Überblick zeigt wie sich die Identität einer britischen Sinfonik über mehr als hundert Jahre entwickelte geprägt durch Einflüsse vom europäischen Kontinent und von dem Bedürfnis eigene Wege zu finden Gegen Ende des 19. Jahrhunderts nahm das sinfonische Schaffen in Großbritannien stark zu brachte jedoch erst mit Edward Elgar einen prominenten Vertreter von internationalem Rang hervor Ein besonderer Schwerpunkt dieser Publikation liegt auf jenen Werken die zu einem gewissen Grade von anderen überschattet wurden unveröffentlicht oder unaufgeführt blieben Das Ergebnis ist das Bild einer vielgestaltigen sinfonischen Landschaft Großbritanniens das die ästhetischen Perspektiven der

einzelnen Komponisten wie auch ihre soziokulturellen Kontexte erhellt Ein umfangreiches Verzeichnis aller bekannten Werke und eine ausführliche Bibliographie laden zu weiterer Erkundung des Sujets ein Only in relatively recent times has any real attention been given to British symphonies So a comprehensive survey showing what exists and how the situation in the United Kingdom developed from the beginnings in the 18th century until well into the 20th century is long overdue The preliminary survey presented here shows how a British symphonic identity gradually took shape over more than a century through influences from abroad and at home enterprising attempts to find new ways of expression By the end of the 19th century British symphonists had produced an impressive body of work yet only with the appearance of Elgar's two symphonies in the following decade did this flourishing school find a champion of international renown In this publication light is shone on those works that have to some extent been overshadowed as well as on those that have remained unpublished or unperformed The result is a multi-faceted panorama of British symphonism offering many insights into the composers' thinking and their socio-cultural contexts A comprehensive catalogue of all known works and an extensive bibliography invite readers to delve further into the subject **The Music of Alban Berg** Douglas Jarman, 2023-07-28

The Don Giovanni Moment Lydia Goehr, Daniel Alan Herwitz, 2006 The Don Giovanni Movement examines the aesthetic and moral legacy of Mozart's operatic masterpiece in the literature, philosophy and culture of the nineteenth century Deeply rooted in the enlightenment and romanticism the opera functions as icon and myth and its tensions still resonate today *A History of Late Eighteenth Century Drama, 1750-1800* Allardyce Nicoll, 1927 **The Boxer and The Goal Keeper** Andy Martin, 2012-05-24 Jean Paul Sartre is the author of possibly the most notorious one-liner of twentieth century philosophy Hell is other people Albert Camus was *The Outsider* The two men first came together in Occupied Paris in the middle of the Second World War and quickly became friends, comrades and mutual admirers But the intellectual honeymoon was short-lived In 1943 with Nazis patrolling the streets Sartre and Camus sat in a café on the boulevard Saint Germain with Simone de Beauvoir and began a discussion about life and love and literature that would pull them all together and finally tear them apart They ended up on opposite sides in a war of words over just about everything: women, philosophy, politics Their fraught, fractured friendship culminated in a bitter and very public feud that was described as the end of a love affair but which never really finished Sartre was a boxer and a drug addict Camus was a goalkeeper who subscribed to a degree-zero approach to style and ecstasy Sartre, obsessed with his own ugliness, took up the challenge of accumulating women Camus, part Bogart, part Samurai, was also a self-confessed Don Juan who aspired to chastity Sartre and Camus play out an epic struggle between the symbolic and the savage But what if the friction between these two unique individuals is also the source of our own inevitable conflicts *The Boxer and the Goalkeeper* Sartre vs Camus reconstructs the intense and antagonistic relationship that was in Sartre's terms doomed to failure Weaving together the lives and ideas and writings of Albert Camus and Jean Paul Sartre, Andy Martin relives the existential drama that still binds them inseparably together and remixes a philosophical
