most clandestine of viruses and infects healthy people who have no idea they are being attacked by something they can't even detect. Along with programs for self-care, nutritional and fitness plans, and a comprehensive Western and Chinese medical treatment program, the revised edition also includes important new self-help information for the growing number of people who are considering or undergoing interferon treatment, including updated information on viral load and the optimum interferon protocol.

Hepatitis C and Complementary and Alternative Medicine, 2004 Hepatitis C and Complementary and Alternative Medicine National Center for Complementary and Alternative Medicine (U.S.), 2004 Free from Hepatitis C Lucinda K. Porter, 2012-04-19. For decades having hepatitis C virus (HCV) was the equivalent of serving a life sentence with a dangerous liver disease. All of that changed with the discovery that the virus could be defeated with a new treatment. To shed light on this groundbreaking therapy, Lucinda Porter, a registered nurse, a passionate HCV advocate, and a hep C patient herself, has written a comprehensive guide for people who are undergoing or considering this new hep C treatment. Ms. Porter begins by explaining what hepatitis C is. She then looks at both the mainstream and the alternative management techniques currently used to keep the virus in check. From there, she examines hep C's new therapy and what you can expect from it. The author demystifies test results, provides important questions you can ask your healthcare provider, and offers advice, all with the compassion of someone who has gone through the process herself. Well over 3 million North Americans live with hepatitis C. Here at last is all the information they need to make informed decisions about their future. **Hepatitis C** National Center for Complementary and Alternative Medicine (U.S.), 2000* *Complimentary and Alternative Therapies for Hepatitis C*, 2007 **CAM and Hepatitis C** National Center for Complementary and Alternative Medicine (U.S.), 2008
