Walking with God Ben Awoseyila,2015-05-23 In many years of experience as a spiritual mentor I have come to find out that many Christians are not paying attention to the Word Many don t read their bible daily while others struggle to understand what they have read This is why I wrote this book in obedience to God s leading I wrote it for you This devotional will help to fast track your understanding of divine truths However you have the responsibility of reading it daily and applying the truths revealed therein This book will complement your daily Bible study My passionate desire is that you will walk with God grow up spiritually and live victoriously Be blessed

Walking with God Rachel Jamerson,2019-05-26 I have always had an inquiring mind I want to know the who what when where how and why of everything I pay careful attention to what people don t say as well as what they say You d be surprised at how much you can learn by simple observation I also have a habit of asking Why in my conversations with others for which I have been criticized However I don t do it to embarrass anyone I ve just always wanted to create in others the desire for knowledge to get people to question the world around them and the things they do To think about their own lives and to analyze what they believe and why they believe it I want them to THINK That s why I ask questions and that s why I wrote this book God gave us an awesome gift called the brain Let s use it How does this apply to you You have a purpose Everyone born on this earth does From your first breath until your last every choice you make affects the world in some way and the decisions you make have a permanent effect on you and those in your circle of influence That s why it s so important to ask the Why questions Just as we leave our marks on others they also leave their marks on us Think about the people you have met in your life and how they affected you Teachers family members friends and leaders from all walks of life People you admired or those you despised Those you loved and those who loved you They all left you with something Whether it was negative or positive you were changed in some way This brings me back to this book and why I wrote it I am not much of a fiction writer I like to

write about the things I have learned usually the hard way I am also not one who reads much fiction instead I like to read about other people s journey and what they have learned Many times you will find a reference to another author s work in my writing because what they wrote meant something to me and I want to share it with others My hope is that in reading this book you will begin to understand the importance of asking the right questions Of looking at things from a different perspective as well as understanding the cause and effect of our relationships with others I hope that you will understand the importance of using God s Word to illuminate your understanding and how to apply His wisdom in your life What follows is a collection of vignettes thoughts and life lessons that are presented to challenge and encourage you They are the result of my 75 years of life experience 45 of them spent walking with the Lord By observing my life and applying God s wisdom as shown in His Word I pray you will become wiser growing in confidence in your relationship with Jesus
