Werewolves A Field Guide To Shapeshifters Lycanthropes And Man Beasts:

Werewolves Bob Curran, 2025-09-12 Most of us are familiar with the idea of a werewolf that someone can change either deliberately or unwillingly into a ravenous creature but is there some justification for such a belief And if so how is it achieved through magical potions or ointments or simply by the light of the full moon Or is the whole thing simply a form of delusion the product of a disturbed mind In *Werewolves* author Dr Bob Curran examines the deep psychological perceptions about the linkage of man with the natural bestial world Do the roots of such a belief lie in the supernatural world or are there other explanations How has the discovery of feral children living in the wild shaped our ideas of human beasts And what is the future of such beliefs The book considers genetically based speculations regarding the possible fusion of human and animal genes in order to alleviate some human diseases and suffering Is the idea of man into beast really so far fetched *Werewolves* is an essential reference book which looks in depth at a fascinating subject One word of warning though it must never be read under the baleful rays of a full moon You have been warned

They Suck, They Bite, They Eat, They Kill Joni Richards Bodart, 2012 Teen readers have always been fascinated by monsters but lately it seems like every other young adult YA book is about vampires zombies or werewolves These works are controversial since they look at aspects of life and human nature that adults prefer to keep hidden from teenagers But this is also why they are so important They provide a literal example of how ignoring life's hazards won't make them go away and demonstrate that ignorance of danger puts one at greater risk In *They Suck They Bite They Eat They Kill* The Psychological Meaning of Supernatural Monsters in Young Adult Fiction Joni Bodart examines six different monsters vampires shapeshifters zombies unicorns angels and demons in YA literature Bodart first discusses the meaning of these monsters in cultures all over the world Subsequent chapters explore their history and most important incarnations comparing the same kind of creatures featured in different titles This volume also contains interviews with authors who provide additional insight and information and the bibliography includes a comprehensive list of titles featuring the various monsters Analyzing the most important and well written series and titles for teens *They Suck They Bite They Eat They Kill* will be useful for parents teachers and anyone else hoping to understand why teens want to read books in this genre and

what some of the benefits of reading them might be Hunting Zombies Joseph A. McCullough, 2016-12-15 Beginning with an explanation of the historical origins of zombies this book follows their history straight through to the threat they pose to the world today All varieties of zombie are cataloged and examined giving their strengths and weakness with a special emphasis on recognition and elimination Finally the book covers the tactics and equipment used in zombie fighting
