Infertility Robin E. Jensen, 2016-09-29 This book explores the arguments, appeals and narratives that have defined the meaning of infertility in the modern history of the United States and Europe Throughout the last century the inability of women to conceive children has been explained by discrepant views that women are individually culpable for their own reproductive health problems or that they require the intervention of medical experts to correct abnormalities Using doctor patient correspondence, oral histories and contemporaneous popular and scientific news coverage Robin Jensen parses the often thin rhetorical divide between moralization and medicalization revealing how dominating explanations for infertility have emerged from seemingly competing narratives Her longitudinal account illustrates the ways in which old arguments and appeals do not disappear in the light of new information but instead reemerge at subsequent often seemingly disconnected moments to combine and contend with new assertions Tracing the transformation of language surrounding infertility from barrenness to infertility this rhetorical analysis both explicates how language was and is used to establish the concept of infertility and shows the implications these rhetorical constructions continue to have for individuals and the societies in which they live Women's Health Care in Advanced Practice Nursing Catherine Ingram Fogel, Nancy Fugate Woods, 2008-06-23 Designated a Doody's Core Title A comprehensive resource oriented to advanced nursing students but one that also will interest women wishing to learn more about their health The volume also covers nutrition, exercise, sexuality, infertility and other chronic illnesses and disabilities A wonderful resource Summing up Highly recommended Choice This book is the ideal tool to help graduate level nursing students expand their understanding of women's health care and wellness issues For easy reference Women's Health Care in Advanced Practice Nursing is organized into four parts Women and Their Lives covering connections between women's lives and their health Frameworks for Practice addressing health care practice with women Health Promotion covering ways for women to promote their health and prevent many chronic diseases Threats to Health and Health Problems addressing problems unique to women, diseases more prevalent in women and those in which there are different risk factors Key features include The most recently available data on selected social characteristics of women with a focus on changing population demographics Separate chapters on health issues of adolescent, young adult, midlife and older women Chapters on preconceptional and prenatal care Chapters covering cardiovascular disease, chronic disease, sexually transmitted infections and other common infections HIV/AIDS and women with disabilities Lesbian health care content which is integrated throughout **Get Me Out** Randi Hutter Epstein, 2011-04-11 An engrossing survey of the history of childbirth Stephen Lowman Washington Post Making and having babies what it takes to get pregnant, stay pregnant and deliver have mystified women and men throughout human history The insatiably curious Randi Hutter Epstein journeys through history, fads and fables and to the fringe of science Here is an entertaining must read, an enlightening celebration of human life *What every woman and girl should know about herself*

Rod Quentin,1997 The book gives women and girls an abundance of knowledge and understanding about their bodies and sex The monthly menstrual cycle and how a woman can recognise her natural signs that tell her the few days when conception can happen and the numerous days in the month when conception is not possible are explained The book fills the need for better and fuller sex education **New Books on Women and Feminism** ,2005 **The Mother Of All Pregnancy Books 3rd Edition**
