What in the World Is Going On? Penny Gill, 2015-01-19 Do you worry about our planet with its environmental crises global warming widespread violence and global poverty Do you feel powerless to change your life and impact your world What in the World Is Going On reframes these crises as an invitation to open our minds and hearts to a new awareness of our fundamental interdependence with all beings With breathtaking optimism it offers courage and hope to all who hold the world in their hearts and grieve Crises bring opportunities We are poised to vastly expand our consciousness allowing us to address our deep fears and create communities which embrace and serve all of us The rich conversation between Manjushri the Tibetan teacher and the student probes the roots of our fears and challenges our common assumptions about the roles of science and markets in our world It rejects the inflated claims of our ego selves and the stifling confines of materialism The Teacher assures us everything can be changed We can escape our isolation celebrate our interdependence with all beings and heal our communities The worldwide web allows us to connect with like minded people around the world This epochal shift in energy and consciousness is well underway The Teacher encourages all of us to trust our emerging visions dissolve the fears shrouding our best selves and allow our natural compassion to flow out into the world *Using the Greek*

Goddesses to Create a Well-Lived Life for Women Martha Beck, 2019-01-15 This book brings to life the meaning of the stories of the seven goddesses of Greek mythology Each goddess represents a sacred calling a way of life whose goal is to live for the sake of something greater than oneself Athena is the goddess of wisdom and justice Artemis is the woods woman who protects the natural world Demeter is the goddess of the fertility of the earth and the birth and nurturing of children Hera is the wife of Zeus the king who dedicates her life to creating a high quality of public life through nurturing various community activities Aphrodite is the goddess of creativity Persephone is the victim who was raped by Hades and abducted to the underworld where she punishes those who victimized others while alive and Hestia is the contemplative she who reflects upon human affairs and sees how all the parts fit a larger whole The book will allow readers to recognize themselves and their own sacred passions in these stories Once recognized women can educate themselves and each other They can use the wisdom represented in Greek mythology to create meaningful and complete lives in the context of a culture that is still dominated by men and their passions In this way women will be liberated to do everything they can to leave a better world behind for their children grandchildren and future generations **Christian Herald and Signs of Our Times**, 1885
