Robinson, 2022-04-07 This work addresses a topic of interest to many people who are seeking to better understand the Christian doctrine of salvation soteriology It is written to provide a systematic biblical and theological critique of a particularly popular perspective of this doctrine that has seen something of a resurgence in recent years namely Calvinism The book is structured around the so called five points of Calvinism commonly referred to by the acronym TULIP Total depravity Unconditional election Limited atonement Irresistible grace and

Perseverance of the saints Following an initial chapter outlining the historical development of the doctrine each of the five points are examined in subsequent chapters Each point is described in the words of prominent Calvinist scholars key biblical texts purporting to support the doctrine carefully evaluated and a series of theological issues related to the point are raised and discussed New Testament Mythology and Other Basic Writings Rudolf Bultmann, Aside from the fact that it is perhaps the single most discussed and controversial theological writing of the century no one knowledgeable of Bultmann's work could doubt its basic importance for his entire contribution Although the position is for which it argues was hardly new having already taken shape in several of his theological essays written during the 1920s it is nevertheless the classic formulation of this position and as such incomparable in the Bultmann corpus *Concise Study of Basic Theology vol XII* Henry Epps, 2012-08-30 concise study of basic theology vol XII talks about the different doctrines of the Christian faith

Discussed in three lectures Alexander THOMSON (Congregational Minister, Manchester.), 1857 Anselm: Basic Writings Anselm, 1997-09-15 Ranging from his early treatises the Monologion a work written to show his monks how to meditate on the divine essence and the Proslogion best known for its advancement of the so called ontological argument for the existence of God to his three philosophical dialogues on metaphysical topics such as the relationship between freedom and sin and late treatises on the Incarnation and salvation this collection of Anselm's essential writings will be a boon to students of the history of philosophy and theology as well as to anyone interested in examining what Anselm calls the reason of faith

True Faith Rev. Silas Kanyabigega DMin, 2017-02-24 God required the price to remove his anger against the humankind who offended him He wanted to see in that price a death with bloodshed as evidence demonstrating a sacrifice for the

forgiveness of the sinners For God all sinners had to die So when Jesus died the corpse of Jesus represented the corpse of all sinners God was satisfied when he saw the corpse of Jesus God put in his mind that he had killed all mankind The punishment was then given and the problem between him and the humankind was resolved Jesus Christs corpse has ability to be the price required by God His blood as a killed sacrifice is the evidence of the death required by God The blood of animals was not needed in the mankind's salvation process The blood required by God was to be a mankind's blood This blood had to come from the death of a perfect person perfect as God himself The problem was only to be solved by the blood of God himself because only God is perfect But God could only die by taking human form that is why the Second Person of the Trinity Jesus Christ descent to earth to die in the place of humankind through an agonizing death at the cross of Golgotha and therefore he paid the price required by God Then God died as self substitution for men He was God man In beliefs of different world religions we cant find any other god who died for people Only God in whom Christians believe in died for humankind and he had risen He is alive Only the Faith in God propitiated for sinners is True Faith and other beliefs are false faith

The Collected Works of Edward Schillebeeckx Volume 2 Edward Schillebeeckx, 2014-09-25 In effect Revelation and Theology is Schillebeeckx's general introduction to theology Its fifteen chapters were originally published separately between 1954 and 1962 but the thematic collection offers a vivid picture of the theological renewal in the wake of World War II Schillebeeckx's erudition and broad scholarly orientation are clearly demonstrated in this volume Throughout there are pointers to the at that time new ecumenical approach to Scripture and tradition The problem concerning the function of the scholastic tradition is highlighted Although Schillebeeckx draws extensively on Thomas Aquinas's thinking this early work already shows that he is not a neo Thomist in the narrow sense of the word Unlike the single Dutch volume the English version was published in two volumes In the Collected works of Edward Schillebeeckx however here they are published together in the sequence that the author envisaged
