Wittgenstein A Life Young Ludwig 1889 1921:

Wittgenstein Brian McGuinness,1988 **Wittgenstein** Brian McGuinness,1988 Wittgenstein Brian McGuinness,1988 **Young Ludwig** Brian McGuinness,2005 During his time in England 1908 13 Wittgenstein found his true vocation Diaries of contemporaries and letters such as Russell s almost daily correspondence with Lady Ottoline Morrell reveal the details of his personal relationships throughout these years Personal as well as official documents also reveal a picture of his life during the First World War and in captivity after it Whether suddenly or as a gradual process Wittgenstein underwent a sort of religious conversion It is significant that his renunciation both of his inherited wealth and of philosophy occur simultaneously at the end of this period and indeed the theme of this biography is the close connexion between his life and work The renunciation of philosophy came after the publication of the Tractatus which many still believe to be his greatest work and which is discussed in detail here Young Ludwig examines the things Wittgenstein considered really important in life his often stormy relationships with his friends his favourite books and his music The book concludes with his retirement into elementary school teaching which was the prelude to a new search for a vocation whose outcome and his development into a feared loved and revered teacher foreshadowed here eventually led him back to philosophy BOOK JACKET Wittgenstein's Secret Diaries Dinda L. Gorlée,2020-02-06 Ludwig Wittgenstein s works encompass a huge number of published philosophical manuscripts notebooks lectures remarks and responses as well as his unpublished private diaries The diaries were written mainly in coded script to interpolate his writings on the philosophy of language with autobiographic passages but were previously unknown to the public and impossible to decode without learning the coding system This book deciphers the cryptography of the diary entries to examine what Wittgenstein s personal idiom reveals about his public and private identities Employing the semiotic doctrine of Charles S Peirce Dinda L Gorl e argues that the style of writing reflects the variety of Wittgenstein s emotional moods which were profoundly affected by his medical symptoms Bringing Peirce s reasoning of abduction together with induction and deduction the book investigates how the semiosis of the emotional energetic and logical interpretations of signs and objects reveal Wittgenstein s psychological states in the coded diaries Wittgenstein's Antiphilosophy Alain Badiou,2019-07-23 Alain Badiou takes on the standard bearer of the linguistic turn in modern philosophy and anatomizes the anti philosophy of Ludwig Wittgenstein in his Tractatus Logico Philosophicus Addressing the crucial moment where Wittgenstein argues that much has to be passed over in silence showing what cannot be said after accepting the limits of language and meaning Badiou argues that this mystical act reduces logic to rhetoric truth to an effect of language games and philosophy to a series of esoteric aphorisms in the course of his interrogation of Wittgenstein s anti philosophy Badiou sets out and refines his own definitions of the universal truths that condition philosophy Bruno Bosteels introduction shows that this encounter with Wittgenstein is central to Badiou s overall project and that a continuing dialogue with the exemplar of anti philosophy is crucial for contemporary philosophy

Wittgenstein's House Nana Last, 2008 The book advances the radical proposition that the field in which architecture and philosophy operate includes linguistic and spatial practices It develops innovative forms of interdisciplinary analyses to demonstrate that the philosophical positions put forth by Wittgenstein's two main works are literally unthinkable outside of their respective conceptions of space the view from above in the early work and the view from within constructed by the later work BOOK JACKET

Wittgenstein's Philosophical Investigations David G. Stern, 2004-10-21 In this new introduction to a classic philosophical text David Stern examines Wittgenstein's Philosophical Investigations He gives particular attention to both the arguments of the Investigations and the way in which the work is written especially the role of dialogue in the book While he concentrates on helping the reader to arrive at his or her own interpretation of the primary text he also provides guidance to the unusually wide range of existing interpretations and to the reasons why the Investigations have inspired such a diversity of readings

The Doctrine of Creation Bruce Riley Ashford, Craig G. Bartholomew, 2020-11-10 According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition's rich resources on creation for systematic theology and the life of the church today

Wittgenstein's Tractatus at 100 Martin Stokhof, Hao Tang, 2023-09-22 The 100th anniversary of the first publication of Wittgenstein's Tractatus is celebrated by a collection of original papers by well known experts on various aspects of one of the greatest works of philosophy in the twentieth century
