Women At War 1939 45 Men At Arms:

Women at War 1939-45 Jack Cassin-Scott, 2010-02-09 Though for centuries fighting was considered primarily a man's job the world wars of the 20th century demanded women's involvement in the war effort By World War II women were playing a major auxiliary role in all branches of the armed forces From the daring female fighter pilots of besieged Russia to the heroic American nurses on the front line this book looks at the vital jobs that women undertook at a time of national crisis Numerous fascinating photos and eight full colour plates detail the uniforms and equipment of the British American German and Russian women who participated in this global conflict

The Soviet Infantryman on the Eastern Front Simon Forty, 2025-08-05 A fully illustrated survey of the Soviet infantryman on the Eastern Front in World War II The Soviet Army was ill prepared for its ally's treacherous onslaught in 1941 Its officer corps decimated by Stalin's purges and its men less well trained than the Germans the Red Army was poorly led hampered by the power of the political officers and only partly mobilized But in spite of the huge German victories and the speed of the Nazi attack the Soviets proved fantastically capable of rolling with the punches The vast territory of the Soviet Union and huge population were significant as was substantial assistance from the West the United States and Britain in particular which was in evidence when the German columns got to within a few miles short of Moscow and were held and then forced back The tide turned thanks to help from outside and the efforts of the Soviet soldiers who proved hardy and durable And just like its soldiers Russian infantry equipment was rugged and effective While Soviet infantrymen may not have had the flexibility or tactical nous of the Germans they did not lack cunning deception camouflage skills and endurance made Russian snipers as an example more than the equal of the Germans Most of the views of the Soviet soldier and campaign are influenced by self-serving German postwar accounts designed to excuse their loss by suggesting that Adolf Hitler's meddling and Soviet numbers were the main reasons for victory this denigrates the Russian infantryman whose toughness and ingenuity helped destroy the Third Reich in spite of the faults of its own regime Fully illustrated with over 150 contemporary photographs and illustrations Soviet Infantryman on the Eastern Front in the Casemate Illustrated series provides an insight into the Soviets main theater of operations in World War II

World War II Allied Nursing Services Martin Brayley, 2012-02-20 The skill and care of the women of the Allied military nursing services was remembered gratefully by hundreds of thousands of wounded servicemen The small peacetime services increased rapidly by enrolling reservists and volunteers the great majority of the nurses who cared for Allied casualties were civilians in uniform who worked tirelessly under difficult conditions and in tented hospitals close to the front lines in real danger many nurses paid for their devotion with their lives This first ever fully illustrated study of the US British Commonwealth and other nursing organisations includes many unpublished photographs and 24 meticulously illustrated colour figures

Arms and the Woman Helen M. Cooper, Adrienne Auslander Munich, Susan Merrill Squier, 2000-11-15 Although the themes of women's complicity in and resistance to war have been part of literature from early times they have

not been fully integrated into conventional conceptions of the war narrative Combining feminist literary criticism with the emerging field of feminist war theory this collection explores the role of gender as an organizing principle in the war system and reveals how literature perpetuates the ancient myth of arms and the man The volume shows how the gendered conception of war has both shaped literary texts and formed the literary canon It identifies and interrogates the conventional war text with its culturally determined split between warlike men and peaceful women and it confirms that women's role in relation to war is much more complex and complicitous than such essentializing suggests The contributors examine a wide range of familiar texts from fresh perspectives and bring new texts to light Collectively these essays range in time from the Trojan War to the nuclear age The contributors are June Jordan Lorraine Helms Patricia Francis Cholakian Jane E Schultz Margaret R Higonnet James Longenbach Laura Stempel Mumford Sharon O'Brien Jane Marcus Sara Friedrichsmeyer Susan Schweik Carol J Adams Esther Fuchs Barbara Freeman Gillian Brown Helen M Cooper Adrienne Auslander Munich and Susan Merrill Squier

Prisoners of the Home Front Martin F. Auger, 2011-11-01 In the middle of the most destructive conflict in human history almost 40 000 Germans civilians and prisoners of war were detained in internment and work camps across Canada Five internment camps were located on the southern shores of the St Lawrence River in the province of Quebec at Farnham Grande Ligne le aux Noix Sherbrooke and Sorel Prisoners of the Home Front details the organization and day to day affairs of these internment camps and reveals the experience of their inmates Martin Auger shows how internment imposed psychological and physical strain in the form of restricted mobility sexual deprivation social alienation and lack of physical comfort In response Canadian authorities introduced labour projects and education programs to uphold morale thwart internal turmoil and prevent escapes These initiatives were also intended to expose prisoners to the values of a democratic society and prepare them for postwar reintegration Auger concludes that Canada abided by the Geneva Convention its treatment of German prisoners was humane Prisoners of the Home Front sheds light on life behind barbed wire filling an important void in our knowledge of the Canadian home front during the Second World War

A Bridge of Ships James S. Pritchard, 2011 The second World War dramatically affected Canada's shipbuilding industry James Pritchard describes the rapidly changing circumstances and personalities that shaped government shipbuilding policy the struggle for steel the expansion of ancillary industries and the cost of Canadian wartime ship production

A Guide to the Sources of United States Military History Robin Higham, Donald J. Mrozek, 1998

Saints, Sinners, and Soldiers Jeffrey A. Keshen, 2007-10-01 The first ever synthesis of both the patriotic and the problematic in wartime Canada Saints Sinners and Soldiers shows how moral and social changes and the fears they generated precipitated numerous and often contradictory legacies in law and society From labour conflicts to the black market to prostitution and beyond Keshen acknowledges the underbelly of Canada's Second World War and demonstrates that the Good War was a complex tapestry of social forces not all of which were above reproach

Men Of Air Kevin Wilson, 2008-09-18

The story of the everyday heroism of British bomber crews in 1944 the turning point year in Bomber Command's war against Germany. There were many ways for a combat crew to die during Bomber Command's war of 1944. Over German territory bursts of heavy flak could tear the wings from their planes in a split second. Flaming bullets from German fighter planes could explode their fuel tanks, cut their oxygen supplies, destroy their engines. In the spring of that year thousands of young men were shot, blown up or thrown from their planes five miles above the earth, and even those who returned faced the subtler dangers of ice and fog as they tried to land their battered aircraft back home. The winter of 1944 was the most dangerous time to be a combat airman in RAF Bomber Command. The chances of surviving a tour were as low as one in five, and morale had finally hit rock bottom. In this comprehensive history of the air war that year, Kevin Wilson describes the most dangerous period of the Battle of Berlin and the unparalleled losses over Magdeburg, Leipzig and Nuremberg. He tells how ordinary men coped with constant pressure of flying, the loss of their colleagues and the threat of death or capture. And by telling the story of the famous events of this period: the Great Escape, D Day, the defeat of the V1 menace, he shows how through sheer grit and determination the Men of Air finally turned the tide against the Germans.
