Eamon Kiernan

The Vineyard Of The Nietzschean Priest

Gary Shapiro

The Vineyard Of The Nietzschean Priest:

The Vineyard of the Nietzschean Priest Eamon Kiernan, 2010-09-01 He was Michael Cremin Priest of himself A story of power mistrust and darkness of soul A young theology student follows his own singular path in a career with the Church Dubbed Michael the Cruel he strides up through the ranks to become almost all powerful But is one ever truly master of his own destiny A stunning expose of the male dominated priesthood an elegant tale of deception blood and regret with surprising moments of gentility Kiernan writes in an elegant style disclosing the most poignant life dramas with cool honesty

Body and Identity Angela Franks, 2025-08-15 Angela Franks provides a sweeping intellectual history of identity particularly in terms of how identity relates to the body with an emphasis on the importance of Christianity to this understanding Modern questions about our bodies and how we see ourselves are often complex and problematic To better answer these contemporary questions and navigate identity politics Angela Franks seeks to provide a better understanding of identity She begins by giving three basic meanings of the term identity through time the true or authentic self and our awareness of ourselves She engages with thinkers from antiquity to present day and investigates the decisive developments that Christianity provided Within Christianity came a new awareness of the distinctive individuality of each person the true self called by God in a way that often breaks away from the solid or fixed structures of identity formation such as family class and nation This more liquid idea of identity continues to evolve in modern times though without its theistic emphasis on God's call The result is a purely liquid self that consists of consciousness and activity but without a grounded self that is either the object or the subject of consciousness This is the empty self we have today one that is given much more to do and less to be A comprehensive history of identity Body and Identity brings the theological history of the self to the forefront in order to address the empty self and how identity is defined today

Jesus or Nietzsche Raymond Angelo Belliotti, 2013 This book reconstructs the cornerstones of Jesus's moral teachings about how to lead a good even exemplary human life It does so in a way that is compatible with the most prominent competing versions of the historical Jesus The work also contrasts Jesus's understanding of the best way to lead our lives with that of Friedrich Nietzsche Both Jesus and Nietzsche were self-consciously moral revolutionaries Jesus refashioned the imperatives of Jewish law to conform to what he was firmly convinced was the divine will Nietzsche aspired to transvalue the dominant values of his time which themselves were influenced greatly by Christianity in service of what he took to be a higher vision The interplay of these radical versions of the good human life seasoned with critical commentary emerging from modern findings in the sciences and humanities opens possibilities and lines of inquiry that can inform our choices in answering that enduring paramount question How should we live our lives

Nietzsche's On the Genealogy of Morals Christa Davis Acampora, 2006-09-08 This astonishingly rich volume collects the work of an international group of scholars including some of the best known in academia Experts in ethics epistemology philosophy of mind political theory aesthetics history critical theory and hermeneutics bring to light the best

philosophical scholarship what is arguably Friedrich Nietzsche's most rewarding but most challenging text. Including essays that were commissioned specifically for the volume as well as essays revised and edited by their authors, this collection showcases definitive works that have shaped Nietzsche studies alongside new works of interest to students and experts alike. Sections are devoted to the topic of genealogy, generally numerous essays on specific passages, applications of genealogy in later thinkers, and the import of Nietzsche's Genealogy in contemporary politics, ethics, and aesthetics. A lengthy introduction, annotated bibliography, and index make this an extremely useful guide for the classroom and advanced research.

Studies in Nietzsche and the Classical Tradition James C. O'Flaherty, Timothy F. Sellner, Robert M. Helm, 2020-05-01. These fifteen essays deal with Nietzsche's view of various aspects of classical antiquity as compared to those of Augustine, Thomas Aquinas, Dante, Voltaire, Winkelmann, Hamann, Goethe, Schiller, Heine, Byron, the fin de siècle Decadents, and others. An introductory essay by classical scholar H. Lloyd Jones plus two essays on Nietzsche's aesthetics by W. Kaufmann and K. Weinberg round out the contributions by M. L. Baeumer, E. Biser, M. Boulby, S. L. Gilman, P. Heller, R. M. Helm, M. Hester, R. S. Fraser, J. C. O'Flaherty, H. Rehder, K. Schlechta, and H. Wingler.

Reading Nietzsche Robert C. Solomon, Kathleen Marie Higgins, 1988. Paying particular attention to the issue of how to read Nietzsche, this book presents a series of accessible essays on the work of this influential German philosopher. The contributions include many of the leading Nietzsche scholars in the United States today: Frithjof Bergmann, Arthur Danto, Bernd Magnus, Christopher Middleton, Lars Gustaffson, Alexander Nehamas, Richard Schacht, Gary Shapiro, and Ivan Soll, and the majority of the essays have never been published. Works discussed include *On the Genealogy of Morals*, *Beyond Good and Evil*, *Thus Spoke Zarathustra*, *Twilight of the Idols*, and *The Will to Power*.

Nietzsche Lucas Murrey, 2015-03-25. In this book, author Lucas Murrey argues that the thinking of the modern German philosopher Friedrich Nietzsche (1844-1900) is not only more grounded in antiquity than previously understood but is also based on the Dionysian spirit of Greece, which scholars have still to confront. This book demonstrates that Nietzsche's philosophy is unique within Western thought as it retrieves the politics of a Dionysiac model and language to challenge the alienation of humans from nature and one another. Murrey develops here a new picture of Greece, reminding readers how money emerged and rapidly developed in Greece during the sixth century B.C.E. The event of monetization created the new art form of tragedy: money tyrants struggling against the forces of earth and communities who consequently suffered isolation, blindness, and death. As Murrey points out, Nietzsche unconsciously retrieves the battle among money, nature, and community and adapts its lessons to our time. Additionally, Nietzsche's philosophy not only adapts the wisdom of Dionysus to question the unlimited glow and fuel of a ponderous herd of money tyrants today but it also draws attention to Greece's warnings about the lethal danger of the eyes in myth, cult, and theatre. This work introduces a much-needed vision of Nietzschean thought and it emphasizes the relevance of an interdisciplinary approach combining philosophy with literary studies and psychology with religious and visual media studies. When applied to our present circumstance, the approach of this book reveals how a dangerous visual

culture through its support of the limitlessness of money is harming our relationship with nature and each other

Nietzschean Narratives Gary Shapiro, 1989 Shapiro's book is bursting with thoughts and if one is willing to mine them one is sure to find items of interest or provocation. The Journal of Aesthetics and Art Criticism, Taking issue with a widely held view that Nietzsche's writings are essentially fragmentary or aphoristic, Gary Shapiro focuses on the narrative mode that Nietzsche adopted in many of his works. Such themes as eternal recurrence, the question of origins, and the problematics of self-knowledge are reinterpreted in the context of the narratives in which Nietzsche develops or employs them. Suspicion and Faith Merold Westphal, 2024-10-22 *Psychology of the Unconscious* Carl Gustav Jung, 1922

A jump rope is a good example of a standing wave. To get it going, it needs to have a driven end and an end that gives energy to the wave. Jump ropes have two driven ends. The places of no amplitude are called nodes; the places of greatest amplitude are called antinodes.

amazon de kundenrezensionen in der ersten reihe sieht man meer roman - Sep 04 2022

web in diesem roman macht der held alexander ungewollt eine zeitreise er schläft kurz vor dem urlaub mit der eigenen familie ein und wacht in den 80ern wieder auf als pickeliger pummeliger teenager und nein aus dem traum erwacht er nicht so leicht die grundidee ist ganz nett und man erkennt vieles aus den eigenen familienurlaube der 80er
