The Well Wrought Urn Studies In The Structure Of Poetry:

The Well Wrought Urn Cleanth Brooks, 1968 **The Well Wrought Urn** CLEANTH BROOKS, *The Well Wrought Urn* Cleanth Brooks, 1947 *A Routledge Literary Sourcebook on the Poems of John Keats* John R. Strachan, 2003 John Keats was one of the central figures of English Romanticism and is still one of England's most popular poets This sourcebook brings together texts and documents that provide a gateway towards an understanding of the man his life and his work *Thomas Gray among the Disciplines* Ruth Abbott, Ephraim Levinson, 2024-12-31 Throughout the 250 years that have passed since Thomas Gray's death he has primarily been celebrated as a poet This makes sense because although he published relatively little verse he published less indeed precisely nothing of his abundant polymathic writing in other fields His place within the history of scholarship has therefore been obscured Like many eighteenth century antiquaries however he shared his learning through correspondence and manuscript circulation and thereby influenced intellectual as well as literary life This book explores Gray's scholarship within the changing norms of eighteenth century disciplines at once locating him within histories of specialisation and examining the ways in which he challenges their narratives Scholars from across the humanities reveal his methods and global interests and analyse many newly uncovered manuscripts Offering fresh understanding of broader fields through focused investigation of Gray's multidisciplinary writings the book will appeal to scholars of eighteenth century literary intellectual and scientific history *Edward Said and the Authority of Literary Criticism* Nicolas Vandeviver, 2019-09-26 This book examines the earliest writings of Edward Said and the foundations of what came to be known as postcolonial criticism in order to reveal how the groundbreaking author of *Orientalism* turned literary criticism into a form of political intervention Tracing Said's shifting conceptions of literature and agency in relation to the history of American literary studies in the thirty years or so between the end of World War II and the last quarter of the twentieth century this book offers a rich and novel understanding of the critical practice of this indispensable figure and the institutional context from which it emerged By combining broad scale literary history with granular attention to the vocabulary of criticism Nicolas Vandeviver brings to light the harmonizing of methodological conflicts that informs Said's approach to literature and argues that Said's enduring political significance is grounded in his practice as a literary critic

Sources, Processes and Methods in Coleridge's 'Biographia Literaria' Kathleen M. Wheeler, 1980-11-27 This is Dr Wheeler's analysis of the *Biographia Literaria* one of the central prose texts of the Romantic period *Modernism, Theory, and Responsible Reading* Stephen Ross, 2021-08-26 Introducing readers to a new theory of responsible reading this book presents a range of perspectives on the contemporary relationship between modernism and theory Emerging from a collaborative process of comment and response it promotes conversation among disparate views under a shared commitment to responsible reading practices An international range of contributors question the interplay between modernism and theory today and provide new ways of understanding the relationship between the two and the links to emerging concerns such as

the Anthropocene decolonization the post human and eco theory Promoting responsible reading as a practice that reads generously and engages constructively even where disagreement is inevitable this book articulates a mode of ethical reading that is fundamental to ongoing debates about strength and weakness paranoia and reparation and critique and affect
