The White Logic Alcoholism And Gender In American Modernist Fiction:

The White Logic John William Crowley,1994 The first extended literary analysis to take account of recent work by social historians on the temperance movement this book examines the relationship between intoxication and addiction in American life and letters during the first half of the twentieth century In explaining the transition from Victorian to modern paradigms of heavy drinking Crowley focuses on representative fictions *The Cambridge Companion to American Realism and Naturalism* Donald Pizer,1995-06-30 This Companion examines a number of issues related to the terms realism and naturalism The introduction seeks both to discuss the problems in the use of these two terms in relation to late nineteenth century fiction and to describe the history of previous efforts to make the terms expressive of American writing of this period The Companion includes ten essays which fall into four categories essays on the historical context of realism and naturalism by Louis Budd and Richard Lehan essays on critical approaches to the movements since the early 1970s by Michael Anesko essays on the efforts to expand the canon of realism and naturalism by Elizabeth Ammons and a full scale discussion of ten major texts from W D Howell s *The Rise of Silas Lapham* to Jack London s *The Call of the Wild* by John W Crowley Tom Quirk J C Levenson Blanche Gelfant Barbara Hochman and Jacqueline Tavernier Courbin *The Routledge Introduction to American Modernism* Linda Wagner-Martin,2016-02-12 The modernist period was crucial for American literature as it gave writers the chance to be truly innovative and create their own distinct identity Starting slightly earlier than many guides to modernism this lucid and comprehensive guide introduces the reader to the essential history of the period including technology religion economy class gender and immigration These contexts are woven of into discussions of many significant authors and texts from the period Wagner Martin brings her years of writing about American modernism to explicate poetry and drama as well as fiction and life writing Among the authors emphasized are Ernest Hemingway William Faulkner Zora Neale Hurston Langston Hughes F Scott Fitzgerald Gertrude Stein Willa Cather John Dos Passos William Carlos Williams Mike Gold James T Farrell Clifford Odets John Steinbeck and countless others A clear and engaging introduction to an exciting period of literature this is the ultimate guide for those seeking an overview of American Modernism

Biographies of Drink Mark Hailwood,Deborah Toner,2015-02-05 The burgeoning field of drinking studies often ranging across and between disciplinary boundaries explores the place of alcohol in human societies from a very diverse range of perspectives Whilst some scholars have examined the cultural meanings and social practices associated with alcohol consumption and its relationship to various forms of identity and community formation others have focused on attempts to regulate or tax it its role as a trade commodity or its medical and psychological effects on consumers The sheer diversity of issues upon which the study of alcohol and drinking can shed light is undoubtedly part of the strength of the field of drinking studies At the same time however it can make it difficult for these different strands to consistently and fully engage with one another This book offers an innovative methodology that will help to facilitate fruitful interactions between scholars

approaching the study of alcohol from different perspectives the biographies of drink approach Drawing inspiration from but also going beyond work on the social lives of things this collection of essays showcases an approach in which each author constructs a biography of a particular drink drinking place or idea associated with drink in a tightly focused historical context The biographies included range from the drinking vessels of Roman Britain to a whisky advertising campaign in 1950s America and deal with diverse themes from the associations between alcohol and national identity to the relationship between drinking and Existentialism The book brings together scholarly approaches from classics design theory literary studies and history within the biographies framework This allows for the emergence of important areas of comparison and contrast as well as several overarching themes such as the close associations between different drinking patterns and notions of tradition and modernity that occur in a wide range of cultural and historical contexts Not only then does this book provide fascinating case studies of interest to scholars working in particular fields or particular contexts but it also showcases a productive new methodology which offers insights of relevance to anyone interested in the role of alcohol in any society

Stephen Crane's Blue Badge of Courage George Monteiro,2000 In considering the whole of Crane s writing Monteiro interrelates the various texts and vividly presents their cultural contexts structuring his study around the primary natural and social settings that uniquely characterize Crane the city warfare the frontier and shipwreck at sea By taking an unprecedented inventory of those religious readings songs and recitations the young Crane imbibed and tracing their permeation of his writerly imagination Monteiro deepens our understanding of the meaning and purpose of Crane s work and fosters new appreciation for his immense but short lived creative faculty Jacket *Southern Comforts* Conor Picken,Matthew Dischinger,2020-03-11 Moving beyond familiar myths about moonshiners bootleggers and hard drinking writers *Southern Comforts* explores how alcohol and drinking helped shape the literature and culture of the U S South Edited by Conor Picken and Matthew Dischinger this collection of seventeen thought provoking essays proposes that discussions about drinking in southern culture often orbit around familiar figures and mythologies that obscure what alcohol consumption has meant over time Complexities of race class and gender remain hidden amid familiar images catchy slogans and convenient stories As the first collection of scholarship that investigates the relationship between drinking and the South *Southern Comforts* challenges popular assumptions by examining evocative topics drawn from literature music film city life and cocktail culture Taken together the essays collected here illustrate that exaggerated representations of drinking oversimplify the South s relationship to alcohol in effect absorbing it into narratives of southern exceptionalism that persist to this day From Edgar Allan Poe to Richard Wright Bessie Smith to Johnny Cash Bourbon Street tourism to post Katrina disaster capitalism and more *Southern Comforts* Drinking and the U S South uncovers the reciprocal relationship between mythologies of drinking and mythologies of region **Stephen Crane** Harold Bloom,2007 Stephen Crane is widely recognized as a master of literary naturalism His best known works include the classic novel *The Red Badge of Courage* the

short stories *The Open Boat* *The Bride Comes to Yellow Sky* and *The Blue Hotel* and some of the nineteenth century's most innovative lyric poems The essays gathered in this updated volume offer a wealth of critical information and analysis that speaks to Crane's relevance and far ranging influence Book jacket **The Recovering** Leslie Jamison, 2018-04-03 From the New York Times bestselling author of *The Empathy Exams* comes this transformative work showing that sometimes the recovery is more gripping than the addiction With its deeply personal and seamless blend of memoir cultural history literary criticism and reportage *The Recovering* turns our understanding of the traditional addiction narrative on its head demonstrating that the story of recovery can be every bit as electrifying as the train wreck itself Leslie Jamison deftly excavates the stories we tell about addiction both her own and others and examines what we want these stories to do and what happens when they fail us All the while she offers a fascinating look at the larger history of the recovery movement and at the complicated bearing that race and class have on our understanding of who is criminal and who is ill At the heart of the book is Jamison's ongoing conversation with literary and artistic geniuses whose lives and works were shaped by alcoholism and substance dependence including John Berryman Jean Rhys Billie Holiday Raymond Carver Denis Johnson and David Foster Wallace as well as brilliant lesser known figures such as George Cain lost to obscurity but newly illuminated here Through its unvarnished relation of Jamison's own ordeals *The Recovering* also becomes a book about a different kind of dependency the way our desires can make us all as she puts it broken spigots of need It's about the particular loneliness of the human experience the craving for love that both devours us and shapes who we are For her striking language and piercing observations Jamison has been compared to such iconic writers as Joan Didion and Susan Sontag yet her utterly singular voice also offers something new With enormous empathy and wisdom Jamison has given us nothing less than the story of addiction and recovery in America writ large a definitive and revelatory account that will resonate for years to come
