The Widows Guide To Sex And Dating A Novel:

The Widow's Guide to Sex and Dating Carole Radziwill, 2013 Claire's husband is a philandering sexologist who believes love and sex can't co-exist. But it breaks her heart when he dies and leaves her a young widow. As she braces herself for her new life alone, Claire can't help but wonder if her late lamented was right all along. After getting through the pain of his passing, she's returning to the battlefield of bad dates. So when she's asked to write the biography of lothario movie star Jack Huxley, she's surprised when he doesn't live up to his sleazy reputation. Not only is he more than meets the eye, but he's got his eye on her. Claire's determined to banish her husband's ghosts and prove him wrong. But having found her first Mr. Right, does she deserve a second? A unique, extraordinarily perceptive and darkly comic novel about widows, sex, and love in that order.

Finding Love After Loss Marti Benedetti, Mary A. Dempsey, 2021-10-11 Guides readers through the emotions and practical concerns of finding love after the death of a partner. Romantic love in all its permutations forms one of the most fascinating of human interactions. It also can be one of life's thorniest challenges, especially in a world where relationships often unfold online and recently where a pandemic barred face-to-face contact with people outside one's immediate household. Among those seeking romance in increasing numbers is a group that stands apart: the women who, slammed by the death of a spouse, bravely pursue new love. *Finding Love After Loss: A Relationship Roadmap for Widows* goes to the trenches to interview widows who have embarked nervously but with hope on this quest. Their frank and revealing interviews, along with wisdom from relationship experts, provide guidance to other women trying to navigate the relationship scene when their last date might have been decades ago. Where do widows find new partners? How much should they share in their online profile? What do they tell their friends and family? What about getting naked for the first time with a new man? Who pays when the bill appears at a restaurant? More than any time in U.S. history, the country's widows are seeking another chance at romance. The sheer number of widows—11 million, with an average age in the fifties—makes them a formidable force. They are living longer and have broader views on sex and money. Yet it is difficult for them to find their footing. Many of them have been away from the courtship arena for decades. They may make their return to dating with children and in-laws in tow. They are confused by the new rules and unclear on the expectations but convinced that they are capable of loving again. This book, written by a widow and a co-author who dated a widower, details just how powerful, sometimes daunting and exhilarating the journey to new love can be. It also unveils the extraordinary ways that widows are reshaping the romance landscape by tossing traditional marriage vows by the roadside, by skipping marriage entirely or even by committing to a new partner but living apart. This isn't your grandmother's widowhood scene, not by a long shot. *Finding Love After Loss* examines the crazy, sad, and even zany contributions that people left behind by the death of a partner bring to new relationships. At the same time, it reveals both the amazing resilience of women who have lived through great loss and the irresistible pull of human connection.
