On Wisconsin Women Genevieve G. McBride, 1993 On Wisconsin Women traces the role women played in reform movements both in Wisconsin state politics and in its press Women's news and opinions often appeared anonymously in abolitionist journals and other reform newspapers even before Wisconsin became a state in 1848 The first state newspaper published under a woman's name was boycotted and failed in 1853 But from the passage of the 14th amendment in 1866 to Wisconsin's ratification of the 19th amendment in 1919 women were never at a loss for words or a newspaper to print them Women's news won a new respectability under feminine bylines and led to the historic victory for women's suffrage McBride undertakes the task of considering feminist reform as a conceptual whole
