The Word As Scalpel A History Of Medical Sociology

Mark Jackson

The Word As Scalpel A History Of Medical Sociology:

The Word as Scalpel Samuel William Bloom, 2002 Medical sociology is now an established subdiscipline in both medicine and sociology This book traces the intellectual and institutional evolution of the field in relation to antecedents of the past 2000 years Drawing on his own experience as a participant and witness as well as from diverse fields the author provides an account of the ongoing search for knowledge about relationship between illness medicine and society *The Word as Scalpel* Samuel William Bloom, 2002 Medical sociology is now an established subdiscipline in both medicine and sociology This book traces the intellectual and institutional evolution of the field in relation to antecedents of the past 2000 years Drawing on his own experience as a participant and witness as well as from diverse fields the author provides an account of the ongoing search for knowledge about relationship between illness medicine and society **Medical Sociology on the Move** William C. Cockerham, 2025-09-01 This 2nd edition provides readers with an updated single source reviewing and updating sociological theory in medical or health sociology The book not only addresses the major theoretical approaches in the field today it also identifies the future directions these theories are likely to take in explaining the social processes affecting health and disease Many of the chapters are written by leading medical sociologists who feature the use of theory in their everyday work including contributions from the original theorists of fundamental causes health lifestyles and medicalization Theories focusing on both agency and structure are included to provide a comprehensive account of this important area in medical sociology The book includes a new chapter on life course theory *Handbook of Medical Sociology, Sixth Edition* Chloe E. Bird, Peter Conrad, Allen M. Fremont, Stefan Timmermans, 2010-11-29 The latest version of an important academic resource published about once a decade since 1963 **The Oxford Handbook of the History of Medicine** Mark Jackson, 2011-08-25 In three sections the Oxford Handbook of the History of Medicine celebrates the richness and variety of medical history around the world It explore medical developments and trends in writing history according to period place and theme **Medical Sociology: The nature of medical sociology** Graham Scambler, 2005 **A Global History of Medicine** Mark Jackson, 2018 A volume exploring the history of medicine across continents and countries from ancient to modern times examining the changing systems of medicine in Eastern and Western traditions comparing alternative medical practices and introducing readers to how historians have captured the multiple approaches to healing adopted by different cultures **21st Century Sociology: A Reference Handbook** Clifton D. Bryant, Dennis L. Peck, 2006-11-17 With this valuable handbook the editors have successfully synthesized a field that has expanded considerably in recent years M L Stark CHOICE Because the field of sociological inquiry is multi faceted in perspective and does subsume a variety of specialty interests the literature in this discipline has developed and proliferated in a near exponential fashion Sociology today has become so specialty driven in its research and theory agenda that the result is an enormous and complex body of sociological knowledge that is often considered to be unwieldy 21st Century Sociology A

Reference Handbook provides a concise forum through which the vast array of knowledge accumulated particularly during the past three decades can be organized into a single definitive resource The two volumes of this Reference Handbook focus on the corpus of knowledge garnered in traditional areas of sociological inquiry as well as document the general orientation of the newer and currently emerging areas of sociological inquiry Key Features Provides a timely and comprehensive assessment of the 100 specialty fields of sociology with contributions by leading authorities in their area of expertise from the U S Canada Europe and Singapore Examines four distinct phases of development in the history of sociological inquiry a period of theoretical development the emphasis on methodological development and refinement the phase of specialization and a period that has taken representatives of the discipline into previously unexplored areas Addresses the various traditional subfields of sociology such as political sociology educational sociology rural sociology criminology occupational sociology and minority relations Explores important new evolving subfields such as environmental sociology sociology of sports and leisure military sociology medical sociology the sociology of food and eating and the sociology of emotions 21st Century Sociology presents the most comprehensive overview of modern sociology making it a must have resource for any academic library

The New Blackwell Companion to Medical Sociology William C. Cockerham, 2016-09-26 An authoritative topical and comprehensive reference to the key concepts and most important traditional and contemporary issues in medical sociology Contains 35 chapters by recognized experts in the field both established and rising young scholars Covers standard topics in the field as well as new and engaging issues such as bioterrorism bioethics and infectious disease Chapters are thematically arranged to cover the major issues of the sub discipline Global range of contributors and an international perspective

Transatlantic Voyages and Sociology Cherry Schrecker, 2016-02-24 Transatlantic Voyages and Sociology explores the transatlantic journeys which have inspired American and European sociologists and contributed to the development of sociology in Europe and in North America Furthering our understanding of the very complex processes which affect the diffusion of ideas it sheds light on the diverse influences which come into play be they on an individual institutional or political level With an international team of experts investigating the reciprocal influence of sociological thought on either side of the Atlantic this volume will appeal to any scholar interested in the history of sociology the mutual influence of systems of thought and the migration of ideas
