

THE WORD ON THE STREET

Homeless Men in Las Vegas

Kurt Borchard

The Word On The Street Homeless Men In Las Vegas

Martha Trenna Valado, Randall Amster

The Word On The Street Homeless Men In Las Vegas:

The Word On The Street Kurt Borchard, 2005-03-01 Just beyond Las Vegas's neon and fantasy live thousands of homeless people most of them men To the millions of visitors who come to Las Vegas each year to enjoy its gambling and entertainment the city's homeless people are largely invisible segregated from tourist areas because it's good business Now through candid discussions with homeless men analysis of news reports and years of fieldwork Kurt Borchard reveals the lives and desperation of men without shelter in Las Vegas Borchard's account offers a graphic disturbing and profoundly moving picture of life on Las Vegas's streets depicting the strategies that homeless men employ in order to survive from the search for a safe place to sleep at night to the challenges of finding food maintaining personal hygiene and finding an acceptable place to rest during a long day on the street That such misery and desperation exist in the midst of Las Vegas's hedonistic tourist economy and booming urban development is a cruel irony according to the author and it threatens the city's future as a prime tourist destination The book will be of interest to social workers sociologists anthropologists politicians and all those concerned about changing the misery on the street

Homeless in Las Vegas Kurt Borchard, 2011-04-28 The homeless men and women represented in this book speak candidly about their plight its origins and the many obstacles to escaping it They discuss the unique challenges and opportunities that Las Vegas's focus on tourism indulgence and diversion offers its homeless residents This compelling and emotionally charged ethnography counters many of the stereotypes of homeless men and women revealing the remarkable diversity of their circumstances It also offers their perspectives on social services and civic attitudes toward homelessness

Everyday Las Vegas Rex J. Rowley, 2013-04-01 Every year more than thirty five million people from all over the world visit Las Vegas only two million call the city home *Everyday Las Vegas* takes a close look at the lives of those who live in a place the rest of the world considers exotic even decadent Using broad research including interviews with more than one hundred Las Vegans Rex Rowley who grew up in Las Vegas examines everyday life in a place that markets itself as an escape from mundane reality Rowley considers such topics as why people move to Las Vegas the nature of their work and personal lives the impact of growth and rapid change and interaction with the overwhelmingly touristic side of the city He also considers the benefits and perils of living in a nonstop twenty four hour city rich in entertainment options and easy access to gambling drugs and other addictions His examination includes the previously unstudied role of neighborhood casinos patronized by locals rather than tourists and the impact that a very mobile population has on schools churches and community life Rowley considers the very different ways people perceive a place as insiders or outsiders a dichotomy that arises when tourism is a mainstay of the local economy His work offers insights into what Las Vegas can teach us about other cities and American culture in general It also contributes to our understanding of how people relate to places and how the personality of a place influences the lives of people who live there

Nevada Michael S. Green, 2015-03-23 *Nevada A History of the Silver State* has been named a CHOICE Outstanding Title Michael S

Green a leading Nevada historian provides a detailed survey of the Silver State's past from the arrival of the early European explorers to the predominance of mining in the 1800s to the rise of world class tourism in the twentieth century and to more recent attempts to diversify the economy. Of the numerous themes central to Green's analysis of Nevada's history, luck plays a significant role in the state's growth. The miners and gamblers who first visited the state all bet on luck. Today the biggest contributor to Nevada's tourist economy, gaming, still relies on that same belief in luck. Nevada's financial system has generally been based on a one industry economy, first mining and more recently gaming. Green delves deeply into the limitations of this structure while also exploring the theme of exploitation of the land and the overuse of the state's natural resources. Green covers many more aspects of the Silver State's narrative including the dominance of one region of the state over another, political forces and corruption, and the citizens' often tumultuous relationship with the federal government. The book will appeal to scholars, students, and other readers interested in Nevada history.

Vegas Brews Michael Ian Borer, 2019-10-22 An inside look at how craft beer makers and IPA devotees come together to brew, taste, and enjoy fine ale while also building a sense of community in Las Vegas. Equally reviled and revered as Sin City, Las Vegas is both exceptional and emblematic of contemporary American cultural practices and tastes. Michael Ian Borer takes us inside the burgeoning Las Vegas craft beer scene to witness how its adherents use beer to create and foster not just a local culture but a local's culture. Through compelling, detailed first-hand accounts and interviews, *Vegas Brews* provides an unprecedented look into the ways that brewers, distributors, bartenders, and drinkers fight against the perceived and preconceived norm about what happens in Vegas and lay claim to a part of their city that is too often overshadowed by the bright lights of tourist sites. Borer shows how our interactions with the things we care about and the ways that we care about how they're made, treated, and consumed can lead to new senses of belonging and connections with and to others and the places where we live. In a world where people and things move around at an extraordinary pace, the folks Borer spent time talking and drinking with remind us to slow down and learn how to taste the good life, or at least a semblance of it, even in a city where style is often valued over substance.

The Informal American City Vinit Mukhija, Anastasia Loukaitou-Sideris, 2014-05-16 An examination of informal urban activities including street vending, garage sales, and unpermitted housing that explores their complexity and addresses related planning and regulatory issues. Every day in American cities, street vendors spread out their wares on sidewalks, food trucks serve lunch from the curb, and homeowners hold sales in their front yards, examples of the wide range of informal activities that take place largely beyond the reach of government regulation. This book examines the informal revolution in American urban life, exploring a proliferating phenomenon often associated with developing countries rather than industrialized ones and often dismissed by planners and policy makers as marginal or even criminal. The case studies and analysis in *The Informal City* challenge this narrow conception of informal urbanism. The chapters look at informal urbanism across the country, empirically and theoretically, in cities that include Los Angeles, Sacramento, Seattle, Portland,

Phoenix Kansas City Atlantic City and New York City They cover activities that range from unpermitted in law apartments and ad hoc support for homeless citizens to urban agriculture street vending and day labor The contributors consider the nature and underlying logic of these activities argue for a spatial understanding of informality and its varied settings and discuss regulatory planning and community responses Contributors Jacob Avery Ginny Browne Matt Covert Margaret Crawford Will Dominie Renia Ehrenfeucht Jeffrey Hou Nabil Kamel Gregg Kettles Anastasia Loukaitou Sideris Kate Mayerson Alfonso Morales Vinit Mukhija Michael Rios Donald Shoup Abel Valenzuela Jr Mark Vallianatos Peter M Ward

Invisible Victims Laura Huey, 2012-05-11 Despite Western society's preoccupation with safety and protection its most vulnerable members still lack access to the level of security that many of us take for granted In this trailblazing study Laura Huey illustrates the issue of a security gap faced by increasing homeless populations while they are among the most likely victims of crime they are also among the least served by existing forms of state and private security Invisible Victims presents the first comprehensive integrated study of the risks faced by homeless people and their attempts to find safety and security in often dangerous environments Huey draws not only on current debates on security within criminology but also on a decade's worth of her own field research on the victimization and policing of the homeless A theoretically and empirically informed examination of the myriad issues affecting the homeless Invisible Victims makes a compelling case for society to provide necessary services and above all a basic level of security for this population

Professional Lives, Personal Struggles Martha Trenna Valado, Randall Amster, 2012-07-06 This edited volume illuminates critical research issues through the particular lens of homelessness bringing together some of the leading scholars in the field from an array of disciplines and perspectives to explore this condition of marginalization and the ethical dilemmas that arise within it The authors provide insights into the realities and challenges of social research that will guide students activists practitioners policymakers and service providers as well as both novice and seasoned researchers in fields of inquiry ranging from anthropology and sociology to geography and cultural studies Although many texts have explored the subject of homelessness few have attempted to encapsulate and examine the complex process of researching the issue as a phenomenon unto itself Professional Lives Personal Struggles examines the many challenges of conducting ethical research on homelessness as well as the potential for positive change and transformation through the deeply personal accounts of scholars and advocates with extensive experience working in the field

Of Tourists and Vagabonds in the Global South Maximiliano E. Korstanje, 2024-10-04 Offering a lucid diagnosis of the conflictive encounter between people experiencing homelessness and foreign tourists in Buenos Aires City chapters examine divergent topics such as poverty tourism safety security in tourism tourism consumption heritage tourism and anthropology of tourism

Homelessness in America Michele Wakin, 2022-02-18 This title provides a one stop resource for understanding the crisis of homelessness in the United States It covers risk factors for homelessness societal attitudes about the homeless and public and private resources designed to prevent homelessness

and help those in need There are a number of questions to be answered when addressing the subject of homelessness in the United States What are the primary causes of homelessness What are the economic and socioeconomic factors that have an impact on homeless people What demographic trends can be identified in homeless populations Is the U S addressing the needs and concerns of homeless people adequately Where are the areas with the highest homeless populations What can be done to help homeless people who live with mental illness and or addiction problems Homelessness in America A Reference Handbook answers all of these questions and more It thoroughly examines the history of homelessness in the U S shining a light on the key issues events policies and attitudes that contribute to homelessness and shape the experience of being homeless It places special emphasis on exploring the myriad problems that force people into homelessness such as inadequate levels of affordable housing struggles with substance abuse and gaps in the U S social welfare system In addition it explains why some demographic groups are at heightened risk of homelessness
