Culture and Adultery Barbara Leckie,2015-09-14 Adultery it is often assumed was not a major concern of English culture during the Victorian age and the apparent absence of adultery indeed of all explicit representations of sexuality in turn made censorship for obscene libel unnecessary Very few writers conventional wisdom has it were bold enough to defy the powerful implicit constraints imposed upon literary production If we find no English Anna Karenina or Madame Bovary Barbara Leckie nevertheless demonstrates that adultery preoccupied English culture during this period After the Matrimonial Causes Act of 1857 was passed adultery was prominently discussed in the Divorce Court Transcriptions of divorce trials were an immensely popular front page feature of almost all daily newspapers for more than fifty years At the same time as narratives of adultery stood at the center of sensation novels such as Mary Elizabeth Bradden s *The Doctor s Wife* literary reviews and cultural debates strongly encouraged serious novelists to avoid the topic In *Culture and Adultery* Leckie mines novels newspapers court and Parliamentary records to explore several related sets of issues How first did adultery become visible in the public sphere in the second half of the nineteenth century Why conversely has the discursive history of adultery been deemphasized in the English critical tradition And how is the history of the Victorian and early twentieth century English novel revised when the culture s concern with adultery and censorship are reintroduced *The Doctor s Wife: A Novel* Mary Elizabeth Braddon,2020-09-28 There were two surgeons in the little town of Graybridge on the Wayverne in pretty pastoral Midlandshire Mr Pawlkatt who lived in a big new brazen faced house in the middle of the queer old High Street and John Gilbert the parish doctor who lived in his own house on the outskirts of Graybridge and worked very hard for a smaller income than that which the stylish Mr Pawlkatt derived from his aristocratic patients John Gilbert was an elderly man with a young son He had married late in life and his wife had died very soon after the birth of this son It was for this reason most likely that the surgeon loved his child as children are rarely loved by their fathers with an earnest over

anxious devotion which from the very first had been something womanly in its character and which grew with the child's growth Mr Gilbert's mind was narrowed by the circle in which he lived He had inherited his own patients and the parish patients from his father who had been a surgeon before him and who had lived in the same house with the same red lamp over the little old fashioned surgery door for eight and forty years and had died leaving the house the practice and the red lamp to his son If John Gilbert's only child had possessed the capacity of a Newton or the aspirations of a Napoleon the surgeon would nevertheless have shut him up in the surgery to compound aloes and conserve of roses tincture of rhubarb and essence of peppermint Luckily for the boy he was only a common place lad with a good looking rosy face clear grey eyes which stared at you frankly and a thick stubble of brown hair parted in the middle and waving from the roots He was tall straight and muscular a good runner a first rate cricketer tolerably skilful with a pair of boxing gloves or single sticks and a decent shot He wrote a fair business like hand was an excellent arithmetician remembered a smattering of Latin a random line here and there from those Roman poets and philosophers whose writings had been his torment at a certain classical and commercial academy at Wareham He spoke and wrote tolerable English had read Shakespeare and Sir Walter Scott and infinitely preferred the latter though he made a point of skipping the first few chapters of the great novelist's fictions in order to get at once to the action of the story He was a very good young man went to church two or three times on a Sunday and would on no account have broken any one of the Ten Commandments on the painted tablets above the altar by so much as a thought He was very good and above all he was very good looking No one had ever disputed this fact George Gilbert was eminently good looking No one had ever gone so far as to call him handsome no one had ever presumed to designate him plain He had those homely healthy good looks which the novelist or poet in search of a hero would recoil from with actual horror and which the practical mind involuntarily associates with tenant farming in a small way or the sale of butcher's meat
