The Women Of Royaumont A Scottish Womens Hospital On The Western Front:

The Women of Royaumont Eileen Crofton, 1997 This story relates the wartime experiences of a group of women who ran a hospital near the trenches during World War I often under conditions of great hardship Told largely through letters home and diaries this book throws light on wartime conditions and the cause of women s suffrage *Mrs Brown is a Man and a Brother*

Krista Cowman, 2004-01-01 This text draws on a variety of sources including branch records personal papers and local newspapers to offer a detailed regional study of women s politics in the United Kingdom in the period before the First World War **A Painfil Inch to Gain**

Eileen Crofton, 2014-02-05 The battles that women had to fight to enter the medical profession have been well documented by historians A Painful Inch to Gain takes a more personal approach focusing on the stories of individual women medical students Drawing as far as possible on their own words Eileen Crofton who herself qualified as a doctor during the Second World War looks at what made these young women want to pursue a career in medicine in the first place They knew they faced considerable obstacles In the face of male hostility how could they ensure that they got as thorough a medical training as the men And how could they pay for this training let alone feed and clothe themselves With no role models how were they to conduct themselves What should they wear How were they to balance the demands of their profession with their expectations of love and marriage Finally having qualified as doctors what was to be their role in their chosen profession **Women at Work in World Wars I and II**

Paul Chrystal, 2025-11-04 This book is about women in World Wars I II women working in factories and on farms or toiling perilously in field stations just behind the front lines in inhospitable hospitals and convalescent homes It is therefore about the prodigious contribution women made to the war efforts from 1914 1918 and 1939 1945 standing in for the men who had left their places of work for the various theatres of war from Greece and Italy to Belgium from Mesopotamia to France Their tasks were many and various keeping the troops supplied with shells bullets and explosives keeping the nation from starving to death keeping hundreds of thousands of wounded troops alive so that they might fight another day The book is in short the uplifting but sometimes tragic story of the many women who stepped up to work in the factories hospitals field stations in transport and in civil defense on the farms and shipyards or signed up to the various military and civil services during the two world wars of the 20th century wars to end all wars The book is different because it deals with women s labour in both world wars and in all occupations it covers the discrimination and prejudice they faced from men at every level military and civilian even when they had demonstrated beyond doubt that they were quick learners industrious and proficient and usually as good as any man The book raises the embarrassing question why it has taken so long for the prodigious contribution women made in both wars to be recognized and why some women workers still remain air brushed from our military history after more than a century As it turned out little was beyond their capabilities and it is reasonable to suppose that without their huge efforts and accomplishments both wars might have turned out very differently for us **Angels of Mercy** Eileen Crofton, 2013-07-04

They may have been angels of mercy But they were also angels with attitude real women with real guts This is the little known story of the gritty and free spirited women who in 1914 put aside their fight for the vote to set up a hospital in an abandoned French abbey to treat the appalling injuries sustained on the Western Front Uniquely in that theatre the hospital was staffed entirely by women doctors surgeons nurses bacteriologists radiographers orderlies and ambulance drivers In the face of opposition from the military and medical establishments and in the teeth of many hardships they succeeded in establishing one of the most effective and longest serving frontline military hospitals of the First World War The First Ladies Margaret Brown Klapthor,1995 Brief biographies and portraits of wives sisters daughters nieces and other relatives of Presidents who have served as White House hostesses from Martha Washington to Hillary Clinton **Woman's Suffrage**,1918 **Scottish Women's Hospital at the French Abbey of Royaumont** Navarro Antonio de,1901 *The Times History of the War* ,1915 The Scottish Women's Hospital at the French Abbey of Royaumont Antonio de Navarro,1917
