suggestions that don't fit. At the core of the text are the entrepreneurial ecologies of the arts. The ecologies provide a framework to envision an entrepreneurial horizon for almost any arts-based business, including those ventures seeking to impact the production of art. In addition to this revolutionary framework, the text also introduces tools designed to complement the ecologies. Designed with arts students in mind, it accomplishes two critical tasks not found in other textbooks: venture sustainability and decision making. This newly developed approach focuses on the decision making required to sustain new arts ventures and will be of interest to arts students from all disciplines.
