Gender Regimes and the Politics of Privacy Kalpana Kannabiran, Swethaa S. Ballakrishnen, 2021-10-15 In 2017 an all male nine judge bench of the Indian Supreme Court delivered the landmark Justice K S Puttaswamy Ors v Union of India judgment on privacy In this book the authors look at the embodiment of privacy in the judgment to examine the ways in which the bench articulated the question of gender They argue that while Puttaswamy has been central in clarifying the extent of and extensions to the right

to privacy as a fundamental right the discourse on this has long existed in India in various gendered social movements policy making around women s rights feminist historiography and discourses on the family sexual rights autonomy and choice in and outside courts dignity and critiques of surveillance and provides an important context within which the judgment becomes especially relevant The authors unpack the underlying logics of the right to privacy within the default prism of the notional identity of the normative household and offer an entry point to re read existing jurisprudence on rape sexual assault sexual harassment atrocity and sexual violence and humiliation under conditions of mass violence They suggest a springboard for the possibility of theorizing personhood within the right to privacy arguing that while the judgment sets up radical precedent on the questions of sexual minorities it remains trapped in a reductionist reading of the female body within heteronormativity

Book jacket **Feminist Frames** Mallarika Sinha Roy, 2025-02-21 This book revisits approaches to South Asian feminist

politics through the lens of shared historical memories and their social spatialisation The author looks at borderlands socialist visions of internationalism cultures of travel theatre history artist activist performances and connected histories of discrete geo political formations Locating the book s spatial context in Bengal for its long tradition of militant movements and its historical cross border connections Sinha Roy attempts to release the spatial into South Asian feminism and historicise the space and place of Bengal in a dynamic relationship with time She argues that in addition to plotting a temporally progressive chronological story of gender violence and love in the inert space of Bengal bracketed by national and international borders the practices of spatialisation play an active role as temporal emplotment in organising and prioritising the major place based arguments

Bodies in Evidence Heather R. Hlavka, Sameena Mulla, 2021-11-09 Winner 2021 2022 AES Senior Book Prize awarded by the American Ethnological Society Honorable Mention Senior Book Prize of the Association for Feminist Anthropology Uncovers how the process of sexual assault adjudication reinforces inequality and becomes a public spectacle of violence For victims in sexual assault cases trials rarely result in justice Instead the courts drag defendants victims and their friends and family through a confusing and protracted public spectacle Along the way forensic scientists sexual assault nurse examiners and police officers provide their insight and expertise shaping the story that emerges for the judge and jury These expert narratives intersect with the stories of victims witnesses and their communities to reproduce our cultural understandings of sexual violence but too often this process results in reinscribing racial gendered and class inequalities Bodies in Evidence draws on observations of over 680 court appearances in Milwaukee County s felony sexual assault courts as well as interviews with judges attorneys forensic scientists jurors sexual assault nurse examiners and victim advocates It shows how forensic science helps to propagate public misunderstandings of sexual violence by bestowing an aura of authority to race and gender stereotypes and inequalities Expert testimony reinforces the idea that sexual assault is physically and emotionally recognizable and always leaves material evidence The court s reliance

on the presence of forensic evidence infuses these very familiar stereotypes and myths about sexual assault with new scientific authority Powerful unflinching and at times heartbreaking Bodies in Evidence reveals the human cost of sexual assault adjudication and the social cost we all bear when investing in forms of justice that reproduce inequality and racial injustice
