The Warriors Comic Book Transitions:

The Comic Book Film Adaptation Liam Burke, 2015-03-31 In the summer of 2000 X Men surpassed all box office expectations and ushered in an era of unprecedented production of comic book film adaptations This trend now in its second decade has blossomed into Hollywood's leading genre From superheroes to Spartan warriors The Comic Book Film Adaptation offers the first dedicated study to examine how comic books moved from the fringes of popular culture to the center of mainstream film production Through in depth analysis industry interviews and audience research this book charts the cause and effect of this influential trend It considers the cultural traumas business demands and digital possibilities that Hollywood faced at the dawn of the twenty first century The industry managed to meet these challenges by exploiting comics and their existing audiences However studios were caught off guard when these comic book fans empowered by digital media began to influence the success of these adaptations Nonetheless filmmakers soon developed strategies to take advantage of this intense fanbase while codifying the trend into a more lucrative genre the comic book movie which appealed to an even wider audience Central to this vibrant trend is a comic aesthetic in which filmmakers utilize digital filmmaking technologies to engage with the language and conventions of comics like never before The Comic Book Film Adaptation explores this unique moment in which cinema is stimulated challenged and enriched by the once dismissed medium of comics

Obscene, Indecent, Immoral & Offensive Stephen Tropiano, 2009-01-01 This entertaining and insightful book is the first devoted exclusively to the films that have earned a special place in motion picture history by pushing the cinematic envelope with their treatment of provocative subjects and themes Obscene Indecent Immoral Offensive 100 Years of Controversial Cinema chronicles the history of Hollywood censorship and the films that were banned censored and condemned by the Production Code Administration and the Legion of Decency Stephen Tropiano offers readers insightful and accessible analysis of films that were branded controversial at the time of their release due to explicit language nudity graphic sex violence and their treatment of adult subject matter and themes The films profiled include The Birth of a Nation Anatomy of a Murder Who's Afraid of Virginia Woolf Baby Doll Blackboard Jungle Bonnie and Clyde The Wild Bunch A Clockwork Orange Natural Born Killers Caligula Rosemary's Baby Life of Brian The Last Temptation of Christ and The Passion of the Christ

Comic Book Film Style Dru Jeffries, 2017-09-05 Superhero films and comic book adaptations dominate contemporary Hollywood filmmaking and it is not just the storylines of these blockbuster spectacles that have been influenced by comics The comic book medium itself has profoundly influenced how movies look and sound today as well as how viewers approach them as texts Comic Book Film Style explores how the unique conventions and formal structure of comic books have had a profound impact on film aesthetics so that the different representational abilities of comics and film are put on simultaneous display in a cinematic work With close readings of films including Batman The Movie American Splendor Superman Hulk Spider Man 2 V for Vendetta 300 Scott Pilgrim vs the World Watchmen The Losers and Creepshow

Dru Jeffries offers a new and more cogent definition of the comic book film as a stylistic approach rather than a genre repositioning the study of comic book films from adaptation and genre studies to formal stylistic analysis He discusses how comic book films appropriate comics drawn imagery vandalize the fourth wall with the use of graphic text dissect the film frame into discrete panels and treat time as a flexible construct rather than a fixed flow among other things This cinematic remediation of comic books formal structure and unique visual conventions Jeffries asserts fundamentally challenges the classical continuity paradigm and its contemporary variants placing the comic book film at the forefront of stylistic experimentation in post classical Hollywood
