The West Coast Modern House Vancouver Residential Architecture:

The West Coast Modern House Greg Bellerby, 2014 A landmark study of one of Canada's most important architectural movements. The West Coast Modern House chronicles the development of Vancouver residential architecture from the 1940s through its continued influence on contemporary practice. The post-war era in Vancouver defined what has become popularly known as the West Coast Style. Through the work of seminal figures such as BC Binning, Ned Pratt, Ron Thom, Fred Hollingsworth, Douglas Simpson, Barry Downs, and Arthur Erickson, Vancouver architects won national awards and international recognition for their innovative house designs. This period is now seen as one of the most important in the city's architectural history. Focusing on the years from 1940 to the mid-1960s, The West Coast Modern House features over fifty examples of modern houses. The book is richly illustrated by photographs taken at the time by noted architectural photographers Graham Warrington, Selwyn Pullan, and John Fulker. Essays by Greg Bellerby, Jana Tyner, and Chris Macdonald elaborate on the history and innovative design strategies of the early period through to an examination of the ways modern architectural concerns are being utilized by contemporary practitioners. The West Coast Modern House enables the reader to come to a greater understanding of the significance of modern residential architecture on the west coast and the persistence and relevance of its innovative design material and construction strategies.

Ron Thom, Architect Adele Weder, 2022-09-13 A definitive biography of an iconic Canadian architect and a social portrait of the mid-century design world he lived in. Ron Thom came of age in the mid-20th century just as the modern movement and an impending building boom were about to reshape the country. Talented in music and art as well as design, he rejected sleek austerity in favor of modern architecture that is warm, intimate, and beautiful. He worked from coast to coast, and his most renowned buildings, Massey College, Trent University, the Shaw Festival Theatre, and landmark houses, continue to inspire generations of architects as well as the legions of people who work, study, visit, and live in them. In Adele Weder's new biography, Thom emerges as a complex figure, gifted with creative genius but pursued by demons. More than just the life story of one man, this book is a portrait of the society that shaped him. His world included Jack Shadbolt, Arthur Erickson, the Massey family, Barbara and Murray Frum, and many other luminaries of 20th-century Canada. To unpack this multifaceted story, Weder pored through institutional and personal

archives in Victoria Vancouver Calgary Montreal Peterborough and Toronto She tracked down and interviewed Thom s surviving friends colleagues and family members across the country from New Brunswick to Vancouver Island Her extensive research serves as the bedrock for Ron Thom Architect a book for anyone interested in a transformative era in Canada s cultural history
