The Race to the White Continent Alan Gurney,2002 A fascinating account of the early days of Antarctic exploration from an expert storyteller *White Continent* David Poyer,2016-01-01 A NOVEL OF RELENTLESS SUSPENSE ON EARTH'S FINAL FRONTIER For thirty years diehard David Poyer fans searched used bookstores for the few tattered copies surviving of WHITE CONTINENT This sprawling first novel reads like a remix of ATLAS SHRUGGED and THE DOGS OF WAR as retold by Robert Heinlein It follows a team of adventurers mercenaries outcasts and entrepreneurs in a daring coup to take over the last unclaimed land on earth the terrifyingly hostile continent of Antarctica Using advanced technology to survive and surplus weaponry to defend their new possession they now must hold this new state against all comers and build a Utopian society unlike any that exists elsewhere on earth This new edition cuts 10 000 words from the original text reading daster and more smoothly The geopolitical scene has changed greatly since WHITE CONTINENT was written But the book is still prescient in its foreshadowing of today's conflicting claims and impending resource wars in places like the Arctic and the China Sea Fans of Poyer's later books will notice hints of themes he's still exploring such as the search for authentic authority conflicted heroes and deeply layered multidimensional characters who think as well as act **National Interests in Antarctica** Robert D.
