The Womens Revolution In Mexico 1910 1953 Latin American Silhouettes

**Jaime E. Rodríguez, Jaime E. Rodríguez
O.**

The Womens Revolution In Mexico 1910 1953 Latin American Silhouettes:

The Women's Revolution in Mexico, 1910-1953 Stephanie Evaline Mitchell,Patience Alexandra Schell,2007 This book reinvigorates the debate on the Mexican Revolution exploring what this pivotal event meant to women The contributors offer a fresh look at women s participation in their homes and workplaces and through politics and community activism Drawing on a variety of perspectives the volume illuminates the ways women variously accepted contested used and manipulated the revolutionary project Recovering narratives that have been virtually written out of the historical record this book brings us a rich and complex array of women s experiences in the revolutionary and post revolutionary era in Mexico

The Women's Revolution in Mexico, 1910-1953 Stephanie Mitchell,Patience A. Schell,2006-12-12 This book reinvigorates the debate on the Mexican Revolution exploring what this pivotal event meant to women The contributors offer a fresh look at women s participation in their homes and workplaces and through politics and community activism They show how women of diverse backgrounds with differing goals were actively involved first in military roles during the violent early phase of civil war and later in the state building process Drawing on a variety of perspectives the volume illuminates the ways women variously accepted contested used and manipulated the revolutionary project in Mexico All too often attention has been limited to elite pro revolutionary women s formal political activities particularly their pursuit of suffrage This timely volume broadens traditional perspectives drawing on new scholarship that considers grassroots participation in institution building and the contested nature of the revolutionary process Recovering narratives that have been virtually written out of the historical record this book brings us a rich and complex array of women s experiences in the revolutionary and post revolutionary era in Mexico

State Governors in the Mexican Revolution, 1910-1952 Jürgen Buchenau,William H. Beezley,2009-03-16 This unique book traces Mexico s eventful years from 1910 to 1952 through the experiences of its state governors During this seminal period revolutionaries destroyed the old regime created a new national government built an official political party and then discarded in practice the essence of their revolution In this tumultuous time governors some of whom later became president served as the most significant intermediaries between the national government and the people it ruled Leading scholars study governors from ten different states to demonstrate the diversity of the governors experiences implementing individual revolutionary programs over time as well as the waxing and waning of strong governorship as an institution that ultimately disappeared in the powerful national regime created in the 1940s and 1950s Until that time the contributors convincingly argue the governors provided the revolution with invaluable versatility by dealing with pressing issues of land labor housing and health at the local and regional levels The flexibility of state governors also offered test cases for the implementation of national revolutionary laws and campaigns The only book that considers the state governors in comparative perspective this invaluable study offers a fresh view of regionalism and the Revolution Contributions by William H Beezley J rgen Buchenau Francie R Chassen L pez Michael A Ervin Mar a Teresa Fern ndez Aceves Paul Gillingham Kristin

A Harper Timothy Henderson David LaFrance Stephen E Lewis Stephanie J Smith and Andrew Grant Wood **The Divine Charter** Jaime E. Rodríguez, Jaime E. Rodríguez O., 2007 Although Mexico began its national life in the 1821 as one of the most liberal democracies in the world it ended the century with an authoritarian regime Examining this defining process distinguished historians focus on the evolution of Mexican liberalism from the perspectives of politics the military the Church and the economy Based on extensive archival research the chapters demonstrate that despite widely held assumptions liberalism was not an alien ideology unsuited to Mexico's traditional conservative and multiethnic society On the contrary liberalism in New Spain arose from Hispanic culture which drew upon a shared European tradition reaching back to ancient Greece This volume provides the first systematic exploration of the evolution of Mexican liberal traditions in the nineteenth century The chapters assess the changes in liberal ideology the nature of federalism efforts to create stability with a liberal monarchy in the 1860s the Church's accommodation to the new liberal order the role of the army and of the civil militias the liberal tax system and attempts to modernize the economy in the latter part of the century Taken together these essays provide a nuanced and comprehensive analysis of the transformation of liberalism in Mexico Contributions by Christon I Archer William H Beezley Marcello Carmagnani Manuel Chust Brian Connaughton Robert H Duncan Aldo Flores Quiroga Alicia Hernández Chávez Sandra Kuntz Ficker Andrés Reséndez Jaime E Rodríguez O and Jos Antonio Serrano Ortega *The Birth of Modern Mexico, 1780-1824* Christon I. Archer, 2007 *The Birth of Modern Mexico 1780-1824* investigates the roots of the Mexican Independence era from a variety of perspectives The essays in this volume link the pre 1810 late Bourbon period to the War of Independence 1810-1821 analyze many crucial aspects of the decade of conflict and illustrate the continuities with the first years of the independent Mexican nation Christon I Archer has assembled the most important scholars of the Independence era in Mexican history Each essay addresses a central theme and brings new perspectives to the topics under consideration They all contribute to a nuanced view of the period from roughly the 1790s to the 1830s the different conceptions of legitimacy between the popular masses and the elite the skill and importance of pro Spanish propaganda the process of organizing conspiracies the survival and thriving of a mercantile family before during and after the creation of the republic the causes of failing mines the role of religious thought in the supposed secular state an exhortation to recall the positive contributions of Iturbide the viceroy's military strategy and differing conceptions of authority by the legislature and the executive The authors address the basic issues that are key to students understanding Who fought in the Independence movement why and where Yet the cutting edge interpretations in the essays make the book equally valuable for more advanced study In addition information is provided on the major personalities including Augustín Iturbide Félix Calleja and Father Hidalgo giving *The Birth of Modern Mexico* a fascinating human dimension Unlike many edited volumes the essays in this book offer a seamless approach to the period that underscores new research and innovative ideas that will reinforce the significance of the Independence era One of the few readable concise books on the topic of independence this volume probes

the birth of modern Mexico in a crisply written style that is sure to appeal to historians and students of Mexican history Contributions by Timothy E Anna Christon I Archer Virginia Guedea Hugh M Hamill John E Kicza Jaime E Rodr guez O Anne Staples Paul J Vanderwood and Eric Van Young Artifacts of Revolution Patrice Elizabeth Olsen,2008-09-11 This innovative history utilizes the built environment as a means of tracing the path of the consolidation of the Mexican Revolution Patrice Elizabeth Olsen considers the physical changes in Mexico City s built environment using them to evaluate the extent and direction of regime consolidation of successive governments during the critical period from 1920 to 1940 Architects engineers politicians and entrepreneurs alike expressed visions of what modern Mexico should be and sought to improve the nation through an array of initiatives Their successes and failures and thus the direction of the revolution is written in the capital city The author s interdisciplinary approach offers an important contribution to the study of Mexican political history and the aesthetics of modernity **Problems in Modern Latin American History** James A. Wood,John Charles Chasteen,2009 A fourth edition of this book is now available Now in its third edition this leading reader has been updated to make it even more relevant to the study of contemporary Latin America This edition includes an entirely new chapter The New Left Turn and the globalization chapter has been thoroughly revised to reflect the rapid pace of change over the past five years The book continues to offer a rich variety of materials that can be tailored to the needs of individual instructors By focusing each chapter on a single interpretive problem the book painlessly engages students in document analysis and introduces them to historiography With its innovative combination of primary and secondary sources and editorial analysis this text is designed specifically to stimulate critical thinking in a wide range of courses on Latin American history since independence **The Third Century** Mark T. Gilderhus,David C. LaFevor,Michael J. LaRosa,2017-01-05 This text focuses on U S relations with Latin America from the advent of the New Diplomacy late in the nineteenth century to the present Providing a balanced perspective it presents both the United States view that the Western Hemisphere needed to unite under a common democratic capitalistic society and the Latin American countries response to U S attempts to impose these goals on its southern neighbors The authors examine the reciprocal interactions between the two regions each with distinctive purposes outlooks interests and cultures They also place U S Latin American relations within the larger global political and economic context *Latin America since Independence* Thomas C. Wright,2017-02-24 This innovative text offers a clear and concise introduction to Latin America since independence Thomas C Wright traces continuity and change in five colonial legacies showing how crucial they have been in shaping contemporary political systems economies societies and religious institutions in a richly diverse region **Problems in Modern Mexican History** William H. Beezley,Monica A. Rankin,2017-04-20 Mexicans since national independence have defined their challenges as problems or dimensions in their lives They have faced these issues alone or with others through politics security the military police or even public health squads religion family and popular groups This unique reader collects documents texts visuals videos and sounds from

organizational reports popular expressions and ephemeral creations to express these concerns reveal responses and measure successes They allow readers to consider and discuss how these documents enabled Mexicans to evaluate their history and culture from 1810 to the present Offering a wide variety of materials that can be tailored to the needs of individual instructors these rich sources will stimulate critical thinking and give students new insights and often surprising respect and understanding for the ways Mexicans have managed to find humor even magic in their lives
