The Work Of Joe Webb Appalachian Master Of Rustic Architecture:

The Work of Joe Webb, 2009 During the 1920s and 1930s builder Joe Webb constructed nearly three dozen log homes in the tiny Appalachian town of Highlands North Carolina The cabins were built without the aid of power tools or architectural plans and all of these exquisite structures are located within a five mile radius In *The Work of Joe Webb* photographer Reuben Cox captures the atmosphere and ambience of these idiosyncratic and important historic buildings Using a large format field camera Cox has documented all of Webb's extant cabins Beautifully presented in tritone his images explore the lush rhododendron filled settings of Webb's constructions as well as the rich grain of their chestnut and pine posts and beams Cox a Highlands native also includes an essay that places the work within a regional and historical context Yet this is less an analytical taxonomy of Webb's cabins than an expansive meditation in which Cox employs his own art to understand another man's life work and the extraordinary qualities of that which is handmade and unique **Shy of the**

Squirrel's Foot Andy Martrich, 2024-11-11 The Jargon Society a boundary pushing publisher of poetry and experimental writing was founded by Jonathan Williams 1929 2008 in 1951 Jargon quickly gained a reputation as the home of the poetic and literary avant garde including noted midcentury poets like Charles Olson and Lorine Niedecker Williams himself looms large in this story as the publisher at Jargon until his death making this book as much about his life and work as the press he founded which today operates through the Black Mountain College Museum in Asheville North Carolina Andy Martrich authors this story in a manner befitting Jargon's ethos of literary experimentation by focusing on the books the Society cataloged but never published While it's not uncommon for a small press to plan for books that don't make it to publication Martrich argues that Jargon's incessant financial difficulties coupled with Williams's impressive network makes its trail of unfinished projects unique and an ideal way to chronicle the press itself Using archival research interviews with volunteers at Jargon and more Martrich gives readers not only an intimate look into a Southern press and publisher but also an important history of modern and experimental literature in twentieth century America *Shy of the Squirrel's Foot* includes an epilogue by Anne Midgette an afterword by Nicole Raziya Fong and Jargon's complete annotated bibliography which details every book the press published compiled in one place for the first time **Jonathan Williams: Lord of Orchards** Jeffery

Beam, Richard Owens, 2017-09-12 Jonathan Williams work of more than half a century is such that no one activity or identity takes primacy over any other he was the seminal small press publisher of The Jargon Society a poet of considerable stature book designer editor photographer legendary correspondent literary art and photography critic and collector early collector and proselytizer of visionary folk art cultural anthropologist and Juvenalian critic curmudgeon happy gardener resolute walker and keen and adroit raconteur and gourmand Williams refined decorum and speech and his sartorial style contrasted sharply yet pleasingly with his delight in the bawdy with his incisive humor and social criticism and his confidently experimental masterful poems and prose His interests raised the common to grace while paying close attention to the earthy

At the forefront of the Modernist avant garde yet possessing a deep appreciation of the traditional Williams celebrated rescued and preserved those things he described as more and more away from the High Art of the city settling for what I could unearth and respect in the tall grass Subject to much indifference despite being celebrated as publisher and poet he nurtured the nascent careers of hundreds of emerging or neglected poets writers artists and photographers Recognizing this Buckminster Fuller once called him our Johnny Appleseed Guy Davenport described him as a kind of polytechnic institute while Hugh Kenner hailed Jargon as the Custodian of Snowflakes and Williams as the truffle hound of American poetry Lesser known for his extraordinary letters and essays and his photography and art collecting he is never only a poet or photographer an essayist or publisher This book of essays images and shouts aims to bring new eyes and contexts to his influence and talent as poet and publisher but also heighten appreciation for the other facets of his life and art One might call Williams life a poetics of gathering and this book a first harvest

I Hate the Lake District Charlie Gere, 2019-10-08 An alternative view of the North West of England that delves into its stranger past I Hate the Lake District offers a different vision of the rural environment from those found in much contemporary nature writing Based on the author's trips around North West England the book engages with nuclear power and nuclear war slavery imperialism ghosts love God cockroaches and the sheer violence and contingency of nature itself of which the human presence is merely a part Each chapter starts with an account of a visit to a place in this remote part of England the deep north but digresses and wanders through multifarious themes and subjects Among the sites Gere visits are the defunct nuclear power station at Sellafield home of all British nuclear waste Lake Coniston where Donald Campbell died trying to break the water speed record Hadrian's Wall furthestmost reach of the Roman Empire the mysterious and deathly Morecambe Bay sites of slavery in the North West places where UFOs have been sighted avant garde artists created work and Islamic terrorists trained shantytowns where the navvies who built the railways lived with their families and even the remains of Blobbyland in Morecambe In I Hate the Lake District Gere challenges the bourgeois pastoralism of popular nature writing and reveals the landscape of North West England as profoundly unnatural and strange
