Uncomfortable W.J. Novack , We can run but we cannot hide from ourselves or our past At age forty three the past that I thought I had so neatly put behind me collided with the present I had spent many years trying to distance myself from the memories of my childhood Little did I understand that my past was controlling every aspect of my life All the years of depression anxiety and addictions could have been avoided if I had known what I understand today That is what this book is all about what I wish I had known I had believed the lie that time heals all wounds This idea of time and healing may be true of broken hearts but with the trauma of child abuse this understanding could not be further from the truth Our future can be full of joy and happiness in the wake of abuse but only once we learn how to face our past I spent over twenty years hiding from my past in church hoping that God would somehow make it all go away In many ways my life was enriched but in many

other ways I was worse off than when I started In this book I explore why so many of us seem to be languishing in church when the opposite should be true The truth is that God loves us way too much to allow us to run away from what He knows can become our better qualities I hope you will join me as I share my past of abuse what I have experienced along my journey my ideas about God and who He has become in my life and what I have learned about healing and recovery Parenting Brett Ullman, 2020-07-31 After more than two decades and over two thousand presentations my interactions with parents reveal that although most want to learn and parent their best they feel ill equipped Kids don't come with manuals The goal of this book is to equip and empower you as a parent grandparent or youth leader to help kids navigate all aspects of life in the current culture How do we sift through the unending philosophies on parenting and be intentional in how we choose what's best for our family The number of voices is overwhelming This book distills the essential elements of parenting so you can apply them in your own home It approaches parenting from a Christian perspective and is filled with practical advice that is applicable to everyone As we explore the foundations of parenting we will look at Parenting What are the stages of parenting What is the current state of parenting What is the purpose of parenting Parenting styles What are they and which ones should I be using What might I need to alter about my current parenting style Progression of parenting What are the skills our children need to learn Time What does quality time and being present with my kids look like Communication How can I gain better communication skills so that I can more effectively connect with my kids Discipline How do I effectively discipline my children Family discipleship Why is our worldview important and how we can raise kids with a Christian worldview Mental Health How do we address issues like anxiety panic attacks and depression Engaging the Culture How do we empower our kids to engage the culture around us without compromising their faith Media How can we help our kids navigate technology Sexuality How do we direct our kids towards healthy sexuality Pornography What is the prevalence of pornography and how do we address its impact on our kids Dating How do we best avoid pitfalls in dating Finances and education How can we help our children make sound financial and education choices Drugs and alcohol What tools are available to assist in drug proofing our kids Loneliness How do we prevent disconnection in our kids and help them to create community
