Luger,Matthias Ripp,2020-12-10 The management of World Heritage Cities and sites is a challenging task Getting visitor flows and the enormous traffic under control and implementing urban development projects in ways that preserve the integrity and authenticity of cultural heritage requires a high level of expertise backed by the support of civil society and politics This book is the result of the 2018 Conference of the Organization of World Heritage Cities held by the Regional Secretariat for Northwest Europe and North America in Amsterdam with the theme Heritage Tourism Local Communities and Visitors Sharing Responsibilities The contributing expert authors from Africa the Americas Asia and Europe draw on a range of disciplines to offer wider perspectives stimulating dialogue among the spheres of heritage sustainable tourism and spatial planning An updated chapter offers perspectives on sustainable tourism also after the COVID 19 pandemic

Tourism and Sustainable Economic Development Amedeo Fossati,Giorgio Panella,2012-12-06 For many countries tourism is an industry of great economic significance it is seen as a main instrument for regional development as it stimulates new economic activities Tourism may have a positive economic impact on the balance of payments on employment on gross income and production but it may also have negative effects particularly on the environment Questions arise as to whether it is possible to keep on developing tourism in a certain area without negative or irreversible influences on the environment Tourism and Sustainable Economic Development provides a theoretical framework for these problems as well as practical illustrations on the following topics the conditions under which specialization in tourism is not harmful for economic growth the trade offs if any between tourism development and economic growth the need for government intervention and the various policy options and instruments available to policy makers The book comprises two parts The first part presents

general views on tourism and sustainable economic development and some opinions on the relationship between tourism and the environment Some of the basic concepts implicit in sustainability are examined in relation to regional development urban tourism art cities and rural tourism The second part of the book concentrates on strategies and policy instruments The purpose is to concisely define and bring together some policies which appear to be necessary and whose implementation is required if we are to reconcile tourism development with the protection and conservation of the environment Some analytical tools for policy making with regard to tourism and the environment are developed As will become clear there are many gaps in our knowledge that need to be filled if we are to be successful in controlling tourism in a way that puts this important industry onto a sustainable development path

Mountain Tourism Harold Richins, John Hull, 2016-02-19 Mountains have long held an appeal for people around the world This book focusses on the diversity of perspectives interaction and role of tourism within these areas Providing a vital update to the current literature it considers the interdisciplinary context of communities the creation of mountain tourism experiences and the impacts tourism has on these environments Including authors from Europe Asia Pacific and North America the development planning and governance issues are also covered

Trentino Alto Adige Sandro Gattei, 1979 **Sport Tourism and Its Territorial Development and Opportunities** Barbara Mazza, Claude Sobry, 2022-09-21 The book explores the theme of active sports tourism which includes extreme sports those in contact with nature and the so called slow adventure It shows that it is a rapidly developing sector because it is less expensive than other tourism segments produces more economic impact for the host territory and is more attentive to respect for the environment The book provides a complete picture of the phenomenon at an international level investigating its territorial development the profile of sports tourists the role of communication and host branding the contamination between sports tourism and other forms of tourism and the prospects for future development of this sector
