McGhee,J.H. Goldstein,2012-12-06 About a decade ago we edited The Psychology of Humor Besides the summary chapter and bibliography of about 400 items the book contained eleven original papers that represented the state of knowledge at that time We confess that it was not easy to fill that volume with first rate contributions In a few instances we invited contributors only on the basis of having heard through the grapevine that they were doing interesting work on humor Our sources proved reliable and we were pleased with the results We even made new friends as a result of these blind invitations But the fact remains that in the early 1970s there was only a handful of social scientists studying humor and laughter The history of humor research prior to the 1970s can also be characterized in terms of the short term commitment to investigating humor among those who did venture out and try their hand at designing humor studies For reasons that remain unclear many investigators published only one or

two humor studies before abandoning the area in favor of some other research domain We have the impression that for decades social scientists have been very intrigued by the idea of studying humor Psychologists have suspected for a long time that humor somehow is very important in the lives of people We find laughter and humor occurring almost wherever we find people engaged in social interaction The Trickster Comes West Babacar M'baye, 2010-02-11 In the past scholars have looked at narratives of the African diaspora only to discover how these memoirs poems and fictions related to the West The Trickster Comes West Pan African Influence in Early Black Diasporan Narratives explores relationships among African American Afro Caribbean and Afro British narratives of slavery and of New World and British oppression and what African influences brought to these diasporic expressions Using an interdisciplinary method that combines history literary theory cultural studies anthropology folklore and philosophy the book examines the work of Pan African trickster icons such as Leuk Rabbit Golo Monkey Bouki Hyena Mbe Tortoise and Anancy Spider on the resistance strategies of early black writers who were exposing the evils of slavery racism sexism economic exploitation and other forms of oppression Works discussed in this book include Phillis Wheatley s Poems on Various Subjects Religious and Moral 1773 Quobna Ottobah Cugoano s Thoughts and Sentiments on the Evil of Slavery 1787 Olaudah Equiano s The Interesting Narrative of the Life of Olaudah Equiano 1795 Elizabeth Hart Thwaites s History of Methodism 1804 Anne Hart Gilbert s History of Methodism 1804 and Mary Prince s The History of Mary Prince A West Indian Slave Related By Herself 1831 Analyzing these writings in the context of the black Atlantic struggle for freedom The Trickster Comes West relocates the beginnings of Pan Africanism and suggests the strong influence of its theories of communal resistance racial solidarity and economic development on pioneering black narratives
