The Oxford Handbook of Greek Drama in the Americas Kathryn Bosher, Fiona Macintosh, Justine McConnell, Patrice Rankine, 2015-11-05 The Oxford Handbook of Greek Drama in the Americas is the first edited collection to discuss the performance of Greek drama across the continents and archipelagos of the Americas from the beginning of the nineteenth century to the present The study and interpretation of the classics have never been restricted by geographical or linguistic boundaries but in the case of the Americas long colonial histories have often imposed such boundaries arbitrarily This volume tracks networks across continents and oceans and uncovers the ways in which the shared histories and practices in the performance arts in the Americas have routinely defied national boundaries With contributions from classicists Latin American specialists theatre and performance theorists and historians the Handbook also includes interviews with key writers including Nobel Laureate Derek Walcott Charles Mee and Anne Carson and leading theatre directors such as Peter Sellars Carey Perloff Hector Daniel Levy and Heron Coelho This richly illustrated volume seeks to define the complex contours of the reception of Greek drama in the Americas and to articulate how these different engagements at local national or trans continental levels as well as across borders have been distinct both from each other and from those of Europe and Asia

Euripides: Trojan Women Barbara Goff, 2013-10-16 Set at the end of the Trojan war Euripides Trojan Women depicts the women of Troy as they wait to be taken into slavery While choral songs recall the death throes of the great city the scenes between the old queen Hekabe and the women of her family explore the consequences of the defeat from the rape of Cassandra through the triumphant self exculpation of Helen to the pitiful death of the child Astyanax who is thrown from the walls of his ravaged city Barbara Goff sets the play in its historical dramatic and literary contexts and provides a scene by scene analysis which brings out the pace and intellectual vigour of the play The main themes are fully discussed and the book also introduces readers to the issues that have divided critics such as the extent to which the play responds to the historical events of the Peloponnesian War The final chapter which deals with the reception of the play offers new insights into several modern works

The Democratic Arts of Mourning Alexander Keller Hirsch, David W. McIvor, 2019-01-21 The Democratic Arts of Mourning reflects on the variety of ways in which mourning affects political and social life In recent decades political theorists have increasingly examined and explored the themes of loss grief and mourning With an introduction that contextualizes the turn to mourning in previous scholarship on the politics of tragedy this book includes twelve chapters that clarify the intertwinement between politics and

mourning The chapters are organized into five thematic sections that each shed light on how democratic societies relate to loss grief suffering and death Collectively the chapters explore the concept of mourning and its relationship to civic rituals memorials taboos social movements and popular music Chapters examine how social groups defend their members against experiences of grief or mourning or how poetic expressions such as ancient Greek tragedy can address the catastrophes of human life Other chapters explore the politics of symbols and bodies and how they can become fraught objects that stand in for a society's undigested unmourned losses and absences The book concludes with an interview with Bonnie Honig whose own work on mourning has been deeply influential in contemporary political theory

Trojan Women

Euripides, 2021-04-15 Trojan Women tells the story of the survivors of the Trojan War the women and children taken into slavery by the victorious Greek army Through the tragedy's central character the matriarch Hecuba this late play 415 BCE demonstrates Euripides' commitment to speaking on behalf of the less powerful and offers a scathing critique of Athenian behavior as the city fought its own disastrous war with its southern neighbor Sparta Trojan Women features well known characters from Greek mythology including the prophetess Cassandra the gods Athena and Poseidon and most notably the infamous Helen the cause of the war who must defend herself to the husband she abandoned This new translation features a text committed to accuracy and clarity one developed in collaboration with actors for clear reading and performance Appendices provide other important literary treatment of the women in the play from Homer to Shakespeare
