Walking Naboths Vineyard New Studies Of Swift:

Walking Naboth's Vineyard Christopher Fox, Brenda Tooley, 1995 Presents perspectives on the work of Jonathan Swift The writings all explore Swift in a distinctly Irish context and consider how Swift was influenced as a member of a population that was divided against itself colonized by a neighbouring kingdom and politically and culturally marginalised

Representations of Swift Brian A Connery, 2003 These thirteen essays offer not only the representations of Swift to which its title refers but also a representation of Swift scholarship at the close of the twentieth century and a return to fundamental questions about the life writing and views of Swift issues raised in part by literary scholarship's return to historicism but also powerfully suggestive of a return to biography

The Shadow of a Year John Gibney, 2013-02-15 In October 1641 a rebellion broke out in Ireland Dispossessed Irish Catholics rose up against British Protestant settlers whom they held responsible for their plight This uprising the first significant sectarian rebellion in Irish history gave rise to a decade of war that would culminate in the brutal re conquest of Ireland by Oliver Cromwell It also set in motion one of the most enduring and acrimonious debates in Irish history Was the 1641 rebellion a justified response to dispossession and repression Or was it an unprovoked attempt at sectarian genocide John Gibney comprehensively examines three centuries of this debate The struggle to establish and interpret the facts of the past was also a struggle over the present if Protestants had been slaughtered by vicious Catholics this provided an ideal justification for maintaining Protestant privilege If on the other hand Protestant propaganda had inflated a few deaths into a vast and brutal massacre this justification was groundless Gibney shows how politicians historians and polemicists have represented and misrepresented 1641 over the centuries making a sectarian understanding of Irish history the dominant paradigm in the consciousness of the Irish Protestant and Catholic communities alike

Making Waste Sophie Gee, 2026-02-24 The obsession with waste in eighteenth century English literature Why was eighteenth century English culture so fascinated with the things its society discarded Why did Restoration and Augustan writers such as Milton Dryden Swift and Pope describe catalog and memorialize the waste matter that their social and political worlds wanted to get rid of from the theological dregs in *Paradise Lost* to the excrements in *The Lady's Dressing Room* and the corpses of *A Journal of the Plague Year* In *Making Waste* the first book about refuse and its place in Enlightenment literature and culture Sophie Gee examines the meaning of waste at the moment when the early modern world was turning modern Gee explains how English writers used contemporary theological and philosophical texts about unwanted and leftover matter to explore secular literary relationships between waste and value She finds that in the eighteenth century waste was as culturally valuable as it was practically worthless and that waste paradoxically revealed the things that the culture cherished most The surprising central insight of *Making Waste* is that the creation of value always generates waste Waste is therefore a sign though a perverse one that value and meaning have been made Even when it appears to symbolize civic economic and political failure waste is in fact restorative a sign of cultural invigoration and

imaginative abundance Challenging the conventional association of Enlightenment culture with political and social improvement and scientific and commercial progress Making Waste has important insights for cultural and intellectual history as well as literary studies *Between two stools* Peter J. Smith,2015-08-01 Now available in paperback *Between two stools* investigates the representation of scatology humorous carnivalesque satirical damning and otherwise in English literature from the middle ages to the eighteenth century Smith contends that the two stools stand for two broadly distinctive attitudes towards scatology The first is a carnivalesque merry even hearty disposition typified by the writings of Chaucer and Shakespeare The second is self disgust an attitude characterised by withering misanthropy and hypochondria Smith demonstrates how the combination of high and low cultures manifests the capacity to run canonical and carnivalesque together so that sanctioned and civilised artefacts and scatological humour frequently co exist in the works under discussion evidence of an earlier culture s aptitude now lost to occupy a position between two stools Of interest to cultural and literary historians this ground breaking study testifies to the arrival of scatology as an academic subject at the same time recognising that it remains if not outside then at least at the margins of conventional scholarship **Women's Life Writing, 1700-1850** D. Cook,A. Culley,2016-04-13 This collection discusses British and Irish life writings by women in the period 1700 1850 It argues for the importance of women s life writing as part of the culture and practice of eighteenth century and Romantic auto biography exploring the complex relationships between constructions of femininity life writing forms and models of authorship **Gulliver's Travels** John Condon Murray,2001 Gulliver s Travels explores the human need to create order out of chaos through an internal system of knowledge that affirms the subjective self In this study I examine how Gulliver integrates elements of knowledge from the native and the host societies into an operative system of self knowledge Gulliver s self knowledge threatens the status quo within these societies by placing him at the solipsistic center of the narrative orchestrating his observations to maintain the subjective self If Gulliver was successfully indoctrinated in England then why does he exhibit such an imperfect understanding of the complexities that define the principles which shaped Western society Furthermore if Gulliver is brainwashed by his hosts then by what authority does he continually transgress the rules of law that govern their societies Specifically why does he knowingly commit acts of disobedience and heresy if he has been successfully indoctrinated into their social systems My study concludes Gulliver s empirical search for an answer to the question Who am I fails because he is unable to harmonize subjective truths within the objective world From Enlightenment to Rebellion James G. Buickerood,2018-05-04 This book is a collection of essays and a short story written to honor Christopher Fox of Notre Dame arguably the most influential figure in Irish Studies for the past quarter century The essays address topics in which Professor Fox has made his own enduring scholarly contributions and subjects to which he has made enduring contributions through his academic leadership from the development of library collections and important fellowships at his university to the institution of a global community of scholars in Irish Studies The disciplines represented

manuscript in his career Swift and Science G. Lynall,2012-05-22 It is thought that Swift was opposed to the new science that heralded the beginning of the modern age but this book interrogates that assumption tracing the theological political and socio cultural resonances of scientific knowledge in the early eighteenth century and considering what they can reveal about Swift s imagination **Engendering Legitimacy** Susan Glover,2006 Engendering Legitimacy Law Property and Eighteenth Century Fiction is a study of the intersecting of law land property and gender in the prose fiction of Mary Davys Daniel Defoe Eliza Haywood and Jonathan Swift The law of property in early modern England established relations for men and women that artificially constructed altered and ended their connections with the material world and the land they lived upon The cultural role of land and law in a changing economy embracing new forms of property became a founding preoccupation around which grew the imaginative prose fiction that would develop into the English novel Glover contends that questions of political and legal legitimacy raised by England s Revolution of 1688 89 were transposed to the domestic and literary spheres of the early 1700s *New Essays on Maria Edgeworth* Julie Nash,2018-02-06 Devoted to the varied writings of the influential novelist children s author and educator this collection situates Edgeworth s writing in the context of her life and times Combining postcolonial historical and gender criticism the contributors offer fresh readings of Edgeworth s novels stories letters and educational texts including *Belinda* *Moral Tales* *Practical Education* *Helen* and *The Absentee* Throughout her work Edgeworth confronts a world whose values while grounded in tradition and supported by slavery and colonial domination are being challenged and ultimately changed in surprising ways by women peasants servants and other voices from the margins In discussing Edgeworth and her writing the contributors also offer innovative perspectives on the novel and other central issues of eighteenth and nineteenth century literature The collection will be invaluable to established scholars working in eighteenth and nineteenth century literature women s studies and children s literature as well as to students encountering Edgeworth for the first time *Gender and Utopia in the Eighteenth Century* Brenda Tooley,2016-04-15 Focusing on eighteenth century constructions of symbolic femininity and eighteenth century women s writing in relation to contemporary utopian discourse this volume adjusts our understanding of the utopia of the Enlightenment placing a unique emphasis on colonial utopias These essays reflect on issues related to specific configurations of utopias and utopianism by considering in detail English and French texts by both women Sarah Scott Sarah Fielding Isabelle de Charri re and men Paltock and Montesquieu The contributors ask the following questions In the influential discourses of eighteenth century utopian writing is there a place for woman and if so what or where is it How do women disrupt confirm or ground the utopian projects within which these constructs occur By posing questions about the inscription of gender in the context of eighteenth century utopian writing the contributors shed new light on the eighteenth century legacies that continue to shape contemporary views of social and political progress The Cambridge Companion to Jonathan Swift Christopher Fox,2003-09-11 The Cambridge Companion to Jonathan Swift is a specially commissioned
