The Tenth Parallel Dispatches From The Fault Line Between Christianity And Islam:

The Tenth Parallel Eliza Griswold, 2010-08-17 A riveting investigation of the jagged fault line between the Christian and Muslim worlds The tenth parallel the line of latitude seven hundred miles north of the equator is a geographical and ideological front line where Christianity and Islam collide More than half of the world's 1.3 billion Muslims live along the tenth parallel so do sixty percent of the world's 2 billion Christians Here in the buzzing megacities and swarming jungles of Africa and Asia is where the two religions meet their encounter is shaping the future of each faith and of whole societies as well An award winning investigative journalist and poet Eliza Griswold has spent the past seven years traveling between the equator and the tenth parallel in Nigeria the Sudan and Somalia and in Indonesia Malaysia and the Philippines The stories she tells in *The Tenth Parallel* show us that religious conflicts are also conflicts about land water oil and other natural resources and that local and tribal issues are often shaped by religious ideas Above all she makes clear that for the people she writes about one's sense of God is shaped by one's place on earth along the tenth parallel faith is geographic and demographic An urgent examination of the relationship between faith and worldly power *The Tenth Parallel* is an essential work about the conflicts over religion nationhood and natural resources that will remake the world in the years to come

The Highest of All Mountains Samuel K. Sarpiya, 2021-03-18 This book is for people who believe that the gospel is a message of peace and this gospel of peace is relevant for our time Peacemaking is a core part of our Christian discipleship just as we learn how to pray just as we learn how to love our neighbors just as we learn how to feed the hungry We can also learn how to be peacemakers Sarpiya believes that peacemaking is central to the Christian faith and practice This book will serve as a guide that will offer a scriptural guide with practical stories and applications Readers will be challenged by Scripture to take the call to peacemaking into their communities The fact that numerous peace treaties have collapsed serves to show how difficult it is to transcend cycles of violence and foster a sustained durable peace The one place that one could look to for answers about how to move toward peace is within faith communities and sometimes not just one faith acting alone but working alongside other faiths in concert with other faiths taking an interreligious approach The Highest of All Mountains shows how Sarpiya's Christian peacemaking backed by the interreligious approach brings the monotheistic faiths together as they all agreed on one denominator to their faith's origin Abraham

promise of Christ received through faith Fifteen years after the Diet of Worms the Smalcald Articles reveal yet another Here I stand moment for Luther Finally the Formula of Concord shows how the next generations of Lutherans used collaboration and consensus as they wrestled with important themes of faith and life In summary as these texts engage us with their stories they invite us to consider what is most important about our journeys of faith and Christian witness in today s twenty first century contexts Al-shabaab And Boko Haram: Guerrilla Insurgency Or Strategic Terrorism? John

Maszka,2017-10-27 Boko Haram is now the deadliest terrorist organization operational in the world by virtue of the sheer number of people the group have killed Together with al Shabaab the two groups account for a substantial amount of carnage on the African continent Analyzed here are the ideologies of these two infamous organizations Utilizing information from breadcrumbs that they leave behind in videos media releases and various correspondence this book searches for clues within the historical and contemporary social context that explain their existence It explores the ideological roots the two organizations share and examines the goals and objectives of each group in order to calculate the nature of the threat posed in the broader international realm It is argued that through applying strategic theory and specifically the concept of strategic terrorism it is possible to form a deeper understanding of two of the most dangerous militant organizations in operation today

Hong, 2024-12-10 The Reconciliation of Humanity in Christ is essential reading for Christians who wish to lead and serve the globalized world This book is about theological engagement with globalization Although people are now living in a world in which a universal and inclusive society has emerged the church has remained powerless in uniting peoples nations and civilizations as one in Christ In order for the church to regain its credibility and confidence it must address three theological issues social justice religious pluralism and ethics and the missional method The rationale for this book is that the power of true religion becomes evident in the world when all Christians are engaging with globalization to reconcile humanity with God and with each other in preparation for the consummation of God s kingdom In response to the problems of globalization Christians can become agents of renewal for globalization by administering God s grace and peace for humanity This book will educate and equip the readers to engage with the issues of globalization in the public arena Readers will gain a biblical understanding of the church s role in fulfilling God s plan and purpose for humanity through globalization Religion and
