Schiffman, 2021-11-08 The five volumes provide a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds This volume explores the phenomenon from the perspectives of Philosophy and Social Sciences **Confronting Antisemitism**

in Modern Media, the Legal and Political Worlds Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H.

Schiffman, 2021-05-10 This volume documents the transformation of age old antisemitic stereotypes into a new form of discrimination often called New Antisemitism or Antisemitism 2.0 Manifestations of antisemitism in political legal media and other contexts are reflected on theoretically and contemporary developments are analyzed with a special focus on online hatred The volume points to the need for a globally coordinated approach on the political and legal levels as well as with regard to the modern media to effectively combat modern antisemitism **Whatever Happened to Antisemitism?** Antony

Lerman, 2022-06-20 This elegantly written erudite book is essential reading for all of us whatever our identifications Lynne Segal Antisemitism is one of the most controversial topics of our time The public academics journalists activists and Jewish people themselves are divided over its meaning Antony Lerman shows that this is a result of a 30 year process of redefinition of the phenomenon casting Israel problematically defined as the persecuted collective Jew as one of its main targets This political project has taken the notion of the new antisemitism and codified it in the flawed International Holocaust

Remembrance Alliance's working definition of antisemitism This text is the glue holding together an international network comprising the Israeli government pro Israel advocacy groups Zionist organisations Jewish communal defence bodies and sympathetic governments fighting a war against those who would criticise Israel The consequences of this redefinition have been alarming suppressing free speech on Palestine Israel legitimising Islamophobic right wing forces and politicising principled opposition to antisemitism **The Return of Religious Antisemitism?** Gunther Jikeli, 2021-02-17 The most

violent American and European anti Semites in the 21st century including not only Jihadists but also white and black supremacist terrorist made some reference to religion in their hatred of Jews This is surprising Religious antisemitism is often seen as a relic of the past It is more associated with pre modern societies where the role of religion was central to social and political order However at the end of the 19th century animosity against Judaism gave way to nationalistic and racist motives People such as Wilhelm Marr called themselves anti Semites to distinguish themselves from those who despised Jews for religious reasons Since then antisemitism has gone through many mutations However today it is not only the actions of extremely violent anti Semites who might be an indication that religious antisemitism has come back in new

forms Some churches have been accused of disseminating antisemitic arguments related to ideas of replacement theology in modernized forms and applied to the Jewish State Others from the populist nationalist right seem to use Christianity as an identity marker and thus exclude Jews and Muslims from the nation Do religious motifs play a significant role in the resurgence of antisemitism in the 21st century *Catalog of the Gerald K. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
