experimentation and traditional narrative combined in a sustainable mode **Understanding Penelope Fitzgerald** Peter Wolfe, 2004 With readings of a broad range of her published works including her final novel *The Blue Flower* Wolfe describes the unfolding of Fitzgerald's writing as a subtle ongoing process He maintains that the novels though plain and rambling at first glance grow fuller stranger and more stirring the more we invest in them He details Fitzgerald's skill at sequencing events so as to unsettle readers and her ability to enhance motifs by not leaning too hard on them Wolfe suggests that Fitzgerald's refusal to overplay effects and emotions while at first puzzling in its disdain for drama turns out to be one of her chief virtues for she enables larger associations to emerge as she keeps big dramatic scenes from interfering with wider patterns BOOK JACKET **Understanding Will Self** M. Hunter Hayes, 2007 *Understanding Will Self* introduces readers to

the satire and expressive ingenuity of a British writer who has garnered an array of awards since the 1991 publication of his first short story collection *The Quantity Theory of Sanity*. In this guide to the well received but largely unstudied writer M Hunter Hayes examines the key themes narrative strategies and cultural commentaries that characterize Self's work. Through close textual analyses Hayes guides readers through the alternative universe of Self's writing and maps the interplay between his forays into journalism and fiction. Marked by their combination of seemingly improbable events and quotidian details Self's novels novellas and short stories examine contemporary English life through a mode of writing that he has aptly termed dirty magical realism. Hayes shows how recurring characters have evolved through successive works and in relation with their environments.
