Universe One Love Story Johnson:

The Love Story of Creation Edward Ruetz, Ruetz Edward Ruetz, 2010 A man awakens one day in a land of brilliant light Unsure of his surroundings he sees another man woman and their child surrounded by a pure crimson energy of love He soon realizes that the Divine Beings intend to use their energy of love to give birth to new beings And so begins an expanding Universe fueled by diverse particles woven by gravity's power into a massive web The Divine Beings empower atoms to be agents of creativity The first beings Quarkie and Photie join twelve atom friends and quadrillions of other atoms who manage to create billions of suns in billions of galaxies After the Divine Beings take the atom pals on journeys back to the past to visit other atom families the atom friends living in the Milky Way Galaxy are jolted by an exploding supernova and land on planet Earth where they eventually create the first living beings During the next two billion years they engage in a crucial mission the conception of the eukaryote cell which will determine all future creativity on Earth But just as they are certain of their success a momentous catastrophe threatens to end their creative journey

The Heavens Are Telling the Glory of God Laurie Brink, OP, 2022 Building on the work of Teilhard de Chardin the New Cosmology integrates scientific facts and theories including discoveries about the expanding universe and evolution and proposes that creation is developing into greater complexity But how are we to understand concepts like original sin and redemption if creation isn't complete and humanity is still in process How does one retrofit religious tradition and Scripture into this scenario Is there room for the historical Jesus in the New Cosmology While a ready concern for all Christians this question has unique implications for women religious whose lives are centered on the person and mission of Jesus Christ How is a Catholic sister to understand her vows of poverty chastity and obedience in light of a cosmology in which the need for redemption and the role of Jesus are significantly redefined *The Heavens Are Telling the Glory of God* probes these questions and offers possible answers Beginning with the experiences of women religious and their encounter with the New Cosmology or Universe Story this book seeks to mediate among the various perspectives and proposes how informed and reflective engagement with science tradition and theology can bridge the generational divides and foster a spirituality that is both emergent and incarnational

Worship and the New Cosmology Catherine Vincie, 2014 What is the Christian response to developments in the hard sciences What do discoveries at the macro and micro levels have to say about Christian theology about a theology of God Christology pneumatology and creation How do the developments in systematic theology that do take the advances in cosmology and the New Sciences seriously come to bear on our worship life These are the questions that are addressed in this text It is an initial effort to bring cosmology and the New Sciences into dialogue with developments in systematic and sacramental theology This book also suggests some ways in which these developments might appear in our worship Overall the author is concerned to reduce the cognitive dissonance between our scientifically informed everyday lives and our life of faith

Beholding Beauty Jason R. McConnell, 2022-03-15 *Beholding Beauty* Worshiping God through the Arts casts a

vision for how the church can integrate a theology of beauty and aesthetics into its worship practices Unlike other books that only explore beauty and aesthetic in the abstract *Beholding Beauty* is a practical theology that inspires Christians to intentionally incorporate the arts into their everyday lives and their church s weekly worship services It is specifically designed for pastors and worship leaders who wish to craft theologically coherent aesthetically invigorating and artistically stimulating worship services and for all Christians who desire to contemplate the nature of beauty and art from a biblical theological and liturgical perspective Whether you are an accomplished artist or a novice to the art world this book will deepen your understanding of God as the original artist who uniquely calls human beings to cocreate with him It will challenge your presuppositions and convictions about the place of beauty and art in the Christian life and the life of the church It encourages Christian artists to be even more creative and prolific and it compels non artists to consider the artistic gifts and talents God has given them
