

UNFREE LABOR

American Slavery and Russian Serfdom

Peter Kolchin

Unfree Labor American Slavery And Russian Serfdom Belknap Press

Peter KOLCHIN

Unfree Labor American Slavery And Russian Serfdom Belknap Press:

Unfree Labor Peter KOLCHIN, 2009-06-30 Two massive systems of unfree labor arose a world apart from each other in the late sixteenth and early seventeenth centuries The American enslavement of blacks and the Russian subjection of serfs flourished in different ways and varying degrees until they were legally abolished in the mid nineteenth century Historian Peter Kolchin compares and contrasts the two systems over time in this magisterial book which clarifies the organization structure and dynamics of both social entities highlighting their basic similarities while pointing out important differences discernible only in comparative perspective These differences involved both the masters and the bondsmen The independence and resident mentality of American slaveholders facilitated the emergence of a vigorous crusade to defend slavery from outside attack whereas an absentee orientation and dependence on the central government rendered serfholders unable successfully to defend serfdom Russian serfs who generally lived on larger holdings than American slaves and faced less immediate interference in their everyday lives found it easier to assert their communal autonomy but showed relatively little solidarity with peasants outside their own villages American slaves by contrast were both more individualistic and more able to identify with all other blacks both slave and free Kolchin has discovered apparently universal features in master bondsman relations a central focus of his study but he also shows their basic differences as he compares slave and serf life and chronicles patterns of resistance If the masters had the upper hand the slaves and serfs played major roles in shaping and setting limits to their own bondage This truly unprecedented comparative work will fascinate historians sociologists and all social scientists particularly those with an interest in comparative history and studies in slavery

Unfree Labor Peter Kolchin, 2005 Slavery in North America Vol 1 Mark M. Smith, Peter S Carmichael, Timothy Lockley, Jonathan Daniel Wells, 2022-01-26 First published in 2009 From the founding of Jamestown to the American Civil War slavery and abolition shaped American national regional and racial identities This four volume reset edition draws together rare sources relating to American slavery systems Volume 1 includes a general introduction and the colonial period covering slavery and the law slave resistance religion and slavery and Pro Slavery Anti Slavery and the Revolutionary Impulse *The Palgrave Handbook of Global Slavery throughout History* Damian A. Pargas, Juliane Schiel, 2023-06-14 This open access handbook takes a comparative and global approach to analyse the practice of slavery throughout history To understand slavery why it developed and how it functioned in various societies is to understand an important and widespread practice in world civilisations With research traditionally being dominated by the Atlantic world this collection aims to illuminate slavery that existed in not only the Americas but also ancient medieval North and sub Saharan African Near Eastern and Asian societies Connecting civilisations through migration warfare trade routes and economic expansion the practice of slavery integrated countries and regions through power based relationships whilst simultaneously dividing societies by class race ethnicity and cultural group Uncovering slavery as a globalising phenomenon the authors highlight the slave trading routes

that crisscrossed Africa helped integrate the Mediterranean world connected Indian Ocean societies and fused the Atlantic world Split into five parts the handbook portrays the evolution of slavery from antiquity to the contemporary era and encourages readers to realise similarities and differences between various manifestations of slavery throughout history Providing a truly global coverage of slavery and including thematic injections within each chronological part this handbook is a comprehensive and transnational resource for all researchers interested in slavery the history of labour and anthropology

The Overseers of Early American Slavery Laura R. Sandy, 2020-04-03 Enmeshed in the exploitative world of racial slavery overseers were central figures in the management of early American plantation enterprises All too frequently dismissed as brutal and incompetent they defy easy categorisation Some were rogues yet others were highly skilled professionals farmers and artisans Some were themselves enslaved They and their wives with whom they often formed supervisory partnerships were caught between disdainful planters and defiant enslaved labourers as they sought to advance their ambitions Their history revealed here in unprecedented detail illuminates the complex power struggles and interplay of class and race in a volatile slave society

Russian America Ilya Vinkovetsky, 2011-04-06 From 1741 until Alaska was sold to the United States in 1867 the Russian empire claimed territory and peoples in North America In this book Ilya Vinkovetsky examines how Russia governed its only overseas colony illustrating how the colony fit into and diverged from the structures developed in the otherwise contiguous Russian empire Russian America was effectively transformed from a remote extension of Russia's Siberian frontier penetrated mainly by Siberianized Russians into an ostensibly modern overseas colony operated by Europeanized Russians Under the rule of the Russian American Company the colony was governed on different terms than the rest of the empire a hybrid of elements carried over from Siberia and imported from rival colonial systems Its economic labor and social organization reflected Russian hopes for Alaska as well as the numerous limitations such as its vast territory and pressures from its multiethnic residents it imposed This approach was particularly evident in Russian strategies to convert the indigenous peoples of Russian America into loyal subjects of the Russian Empire Vinkovetsky looks closely at Russian efforts to acculturate the native peoples including attempts to predispose them to be more open to the Russian political and cultural influence through trade and Russian Orthodox Christianity Bringing together the history of Russia the history of colonialism and the history of contact between native peoples and Europeans on the American frontier this work highlights how the overseas colony revealed the Russian Empire's adaptability to models of colonialism

Russia in the Early Modern World Donald Ostrowski, 2022-01-25 A fundamental problem in studying early modern Russian history is determining Russia's historical development in relationship to the rest of the world The focus throughout this book is on the continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of constant change but neither one nor the other continuities or changes alone can account for Russia's success Instead Russian rulers from Ivan III to Catherine II with

their hub advisors managed to sustain a balance between the two During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia In this respect they were willing to look abroad for solutions to domestic problems Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies The Church played an active role in supporting the government and in seeking to eliminate opposition to the government *Masters & Lords* Shearer Davis Bowman,1993 Among regional landed elites in the Western World of the mid 1800s the two most formidable were the owners of slave plantations in the Southern states of the U S and the proprietors of manorial estates in the provinces of Prussian East Elbia *Masters and Lords* surveys the economic social and political histories of the two classes from the seventeenth and sixteenth centuries respectively and pays particular attention to Southern planters during the secession crisis of 1860 61 and to Junkers during the revolutionary crisis of 1848 49 In the process Bowman grapples with such ambiguous and contentious concepts as capitalism conservatism and paternalism Despite very different labor systems antebellum planters and contemporaneous Junkers alike presided over landed estates that functioned as both autocratic political communities and agricultural enterprises exporting valuable commodities to industrializing England This book also highlights important geographic demographic and political contrasts between the American South and East Elbia as regional societies Bowman concludes that the crucial distinction between the two landed elites is to be found in the Junkers militarist and statist monarchism versus the planters libertarian but racist republicanism A compelling work in comparative history *Masters and Lords* will appeal to all those interested in Southern history European history agricultural history and slavery

Understanding 19th-Century Slave Narratives Sterling Lecater Bland Jr.,2016-06-13 African American slave narratives of the 19th century recorded the grim realities of the antebellum South they also provide the foundation for this compelling and revealing work on African American history and experiences Naturally it is not possible to really know what being a slave during the antebellum period in America was like without living the experience But students CAN get eye opening insight into what it was like through the gripping stories of bravery courage persistence and resiliency in this collection of annotated slave narratives from the period Each of the collected narratives includes an introduction that provides readers with key historical context on the particular life examined Moreover each narrative is accompanied by annotations that broaden the reader s comprehension of that primary document The primary source documents in this volume tell enthralling stories such as how slave woman Ellen Craft utilized her particularly pale complexion to pose as a free white man overseeing his slaves to free herself and her husband and how Henry Brown successfully shipped himself to freedom in a box measuring scarcely 3 feet by 2 feet by 6 inches deep despite being more than 6 feet tall *A Companion to the American South* John B. Boles,2008-04-15 *A Companion to the American South* surveys and evaluates the most important

and innovative writing on the entire sweep of the history of the southern United States Contains 29 original essays by leading experts in American Southern history Covers the entire sweep of Southern history including slavery politics the Civil War race relations religion and women s history Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and anticipates future concerns

Unfree Labor American Slavery And Russian Serfdom Belknap Press Introduction

In today's digital age, the availability of Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Unfree Labor American Slavery And Russian Serfdom Belknap Press versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free

eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Unfree Labor American Slavery And Russian Serfdom Belknap Press books and manuals for download and embark on your journey of knowledge?

FAQs About Unfree Labor American Slavery And Russian Serfdom Belknap Press Books
