The University of California Chronicle, 1915, Vol. 17 University of California, 2016-12-23. Excerpt from The University of California Chronicle 1915 Vol 17 An Official Record. The chair. As we assemble here this morning, there is a place vacant which will be vacant for the future. I have been entrusted with the office of presenting an expression in memoriam, and with the permission of the Council, I will read as from the Chair what has been written postponing the routine of business in order that we may act with seemly composure of mind. It will then be in order to move from the floor that this statement be entered upon our minutes and be communicated to the family of our late associate. The death of Professor Samuel Benedict Christy makes his colleagues of the Academic Council keenly sensible of having sustained a serious loss affecting the University at large as well as the department which he directed through this silencing by sudden removal of a man valued highly in counsel for his long and fruitful experience, for his earnest and unwavering loyalty. University of California Chronicle, Vol. 5 (Classic Reprint), 2018-01-16. Excerpt from University of California Chronicle Vol 5. Wherever men and women meet to do honor to a university, they meet in the faith that education is a life-long growth, not an access to books and teachers for a few fortunate years, but a process that keeps pace with life, that broadens and deepens with experience. We test books by no less magical a touchstone than life itself. We search life unceasingly for the evidence of those great hopes which we have learned from literature. I wish to take

this tenet of our common creed and apply it to a somewhat wider field than that of the individual The national life too is a long process of education The nation like the individual tests by experience the value of its bookish theories and out of its experience in turn spring its Vital books The history of literature in America is the history more or less accurately translated of American life Not every phase of national existence it is true receives adequate translation into literature and yet most periods of heightened national consciousness have found some sort of literary interpretation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
